Andis AN12570-FB-005-A

Andis Blade Care Plus Jar - Clipper Blade Cleaning and Lubrication Manual

Brand: Andis | Model: AN12570-FB-005-A

PRODUCT OVERVIEW

The Andis Blade Care Plus washes away hair, buildup and preservatives that accumulate on clipper blades. Ideal for after the grooming session, this easy to use dip jar allows quick and easy application, and washes away debris from blades to leave them clean, lubricated and cool. The solution contains Vitamin E, a natural decontaminant, and leaves a light film on the blade to help reduce friction and prolong blade life. Within 10 seconds, Blade Care Plus leaves blades clean, lubricated and cool for optimal performance.

Key Features

- **7-in-1 Formula:** Acts as a coolant, disinfectant, lubricant, cleaner, and rust preventative, with Vitamin E enrichment.
- **Effective Cleaning:** Washes away hair, buildup, preservatives, and bacteria from clipper blades.
- **Rapid Action:** Leaves blades clean, lubricated, and cool for optimal performance within 10 seconds.
- **Enhanced Durability:** Leaves a light lubricating film to reduce friction, smooth clipping action, and prolong blade life.
- **Versatile Use:** Formulated for use by hair stylists, barbers, animal groomers, and veterinarians.

SETUP

The Andis Blade Care Plus Jar is designed for immediate use. No assembly is required. Ensure the product is stored in a cool, dry place away from direct sunlight.

OPERATING INSTRUCTIONS

Follow these steps for effective cleaning and lubrication of your clipper blades:

1. **Prepare the Solution:** Pour a small amount of the Blade Care Plus solution into the lid of the jar or a small, clean bowl.
2. **Immerse and Run:** With the clipper running, submerge only the blade into the liquid. Allow the clipper to run for approximately 10 seconds. This action helps to loosen and wash away hair and debris.
3. **Remove and Wipe:** Carefully remove the clipper from the solution. Wipe the blades dry with a clean cloth or towel.
4. **Apply Clipper Oil:** For further lubrication and to ensure optimal performance, apply a few drops of clipper oil to the blades after drying.

Note: Always ensure only the blade is submerged in the solution to prevent damage to the clipper motor.

MAINTENANCE

Regular maintenance with Andis Blade Care Plus is crucial for extending the life of your clipper blades and ensuring consistent performance. The solution leaves a light lubricating film on the blades, which helps to reduce friction and maintain smooth clipping action. For best results, use after every grooming session to keep blades clean, lubricated, and cool.

TROUBLESHOOTING

No specific troubleshooting steps are provided for the Andis Blade Care Plus Jar itself, as it is a maintenance product. If you experience issues with your clipper blades (e.g., dullness, overheating, poor cutting performance), ensure you are following the operating and maintenance instructions diligently. For persistent issues with your clippers, refer to your clipper's instruction manual or contact the clipper manufacturer's support.

PRODUCT SPECIFICATIONS

Feature	Detail
Weight	544 gm (19.19 oz) / 200 Grams (7.05 ounces)
Length	4.25 in
Capacity	488 ml (16.5 fl. oz.)
Product Dimensions	5.91 x 3.94 x 1.97 inches
