Yamazaki 5121

Yamazaki Tower Sliding Side Table Black 5121 Instruction Manual

Model: 5121

1. Introduction

Thank you for purchasing the Yamazaki Tower Sliding Side Table. This versatile side table is designed to slide conveniently under your sofa or bed, providing easy access to your essentials. Its minimalist design complements various interior styles, offering both functionality and aesthetic appeal.

Key features include:

- Designed to slide under sofas or beds for convenient placement.
- The open space beneath the tabletop allows for placing items like a trash can.
- Features a thin steel base, enabling it to fit into narrow gaps and accommodate pull-out beds.
- Sturdy construction with a load capacity of approximately 15 kg.

2. Setup and Assembly

Assembly is required for this product. Please follow these steps carefully. A hex wrench is included for assembly.

1. Unpack all components and verify against the parts list (not provided in this manual, refer to packaging).
2. Attach the vertical support pole to the tabletop using the provided screws and hex wrench. Ensure it is securely fastened.
3. Attach the base plate to the bottom of the vertical support pole using the remaining screws and hex wrench. Ensure all connections are tight and stable.
4. Place the assembled table on a flat surface to check for stability.

3. Operating Instructions

The Yamazaki Tower Sliding Side Table is designed for ease of use and versatility.

- **Placement:** Slide the thin base of the table under your sofa, armchair, or bed. The design allows the tabletop to extend over your seating area, bringing items closer to you. This is ideal for sofas or beds with a clearance of approximately 50cm or less.
- **Tabletop Use:** Place drinks, books, remote controls, or other small items on the tabletop. The tabletop measures approximately W45 x D25 cm.
- **Under-Table Space:** The open design beneath the tabletop provides space for a small trash can or other storage solutions, keeping your living area tidy.

Figure 3.3: The space under the table can be used for a trash can or other storage.

4. Maintenance

To ensure the longevity and appearance of your side table, please follow these maintenance guidelines:

- **Cleaning:** Wipe the steel frame with a soft, damp cloth. For the wooden tabletop, use a dry or slightly damp cloth. Avoid abrasive cleaners or harsh chemicals, as they may damage the finish.
- **Spills:** Immediately wipe up any spills on the wooden tabletop to prevent staining or water damage.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary to maintain stability.

- **Environment:** Avoid placing the table in direct sunlight or near heat sources, as this can cause the wood to warp or fade.

5. Troubleshooting

If you encounter any issues with your side table, please refer to the following common solutions:

- **Table feels wobbly:** This is often caused by loose screws. Use the provided hex wrench to re-tighten all screws connecting the tabletop, support pole, and base plate. Ensure the table is on a level surface.
- **Scratches on floor:** If the table is frequently moved, ensure the base has appropriate floor protectors to prevent scratching.
- **Difficulty sliding under furniture:** Ensure the furniture clearance is sufficient (approximately 50cm or more). The table's base is thin, but some furniture may have very low clearance.

6. Specifications

Feature	Detail
Brand	Yamazaki
Model Number	5121
Product Dimensions (W x D x H)	45 x 25 x 52 cm
Product Weight	4.0 kg
