

XZENT X-427

XZENT X-427 2-DIN Infotainer User Manual

Your guide to installation, operation, and maintenance.

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your XZENT X-427 2-DIN Infotainer. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your user experience. The X-427 is a versatile multimedia system designed for vehicles, featuring a 6.5-inch touchscreen, DAB+ digital radio, Bluetooth connectivity, and USB media playback, with optional navigation capabilities.

2. SETUP AND INSTALLATION

Proper installation is crucial for the optimal performance of the XZENT X-427. It is highly recommended that installation be performed by a qualified professional to avoid damage to the unit or your vehicle's electrical system.

2.1 Unpacking the Device

Carefully remove all components from the packaging. Verify that all parts listed in the packing contents are present.

2.2 Mounting the Unit

The X-427 is a 2-DIN unit designed to fit standard double-DIN openings in vehicle dashboards. Ensure adequate space and proper ventilation around the unit.

Image: Side view of the XZENT X-427, illustrating the standard 2-DIN chassis and mounting points for secure installation in a vehicle dashboard.

2.3 Wiring Connections

Connect the power, speaker, antenna, and other auxiliary cables according to the wiring diagram provided in the separate installation guide. Ensure all connections are secure and correctly polarized to prevent electrical issues.

2.4 Initial Power-On

After installation, turn on your vehicle's ignition. The XZENT X-427 should power on automatically. Follow any on-screen prompts for initial setup, such as language selection or time zone settings.

Image: The XZENT X-427 main home screen, showing the intuitive interface with large icons for primary functions.

3. OPERATING INSTRUCTIONS

The XZENT X-427 features a responsive 6.5-inch capacitive touchscreen for easy control of all functions.

3.1 Main Interface and Navigation

The home screen provides quick access to key functions. Tap the corresponding icon to enter a specific mode.

Image: The XZENT X-427 main menu, showcasing a grid of application icons for various functions and services.

3.2 Radio Operation (DAB+ and FM)

The X-427 supports both DAB+ digital radio and traditional FM radio. Select the 'Radio' icon from the home screen.

- **DAB+ Radio:** Access a wide range of digital radio stations with superior sound quality. Use the 'List' function to browse available stations and 'Preset' to save your favorites.
- **FM Radio:** Tune into FM stations. The system includes RDS (Radio Data System) for displaying station information.

Image: The DAB+ radio interface on the XZENT X-427, showing station details and playback controls.

3.3 Bluetooth Connectivity

Connect your smartphone via Bluetooth for hands-free calling and audio streaming.

1. Enable Bluetooth on your smartphone.
2. Select the 'Bluetooth' icon on the X-427 home screen.
3. Search for available devices on your phone and select 'XZENT X-427'.
4. Confirm the pairing code if prompted.

3.4 USB Media Playback

Connect a USB storage device to the designated USB port to play audio and video files. The system supports various media formats.

3.5 Navigation (Optional)

The X-427 is expandable for GPS navigation. If a navigation SD card is installed, select the 'Navigation' icon to access mapping and route guidance features. This feature is particularly useful for cars and motorhomes.

Image: The XZENT X-427 integrated into a vehicle's dashboard, showing the navigation system actively displaying a map and route.

3.6 Camera Inputs

The unit features two camera connections, allowing for integration with rear-view or front-view cameras for enhanced safety and parking assistance.

3.7 System Settings and Customization

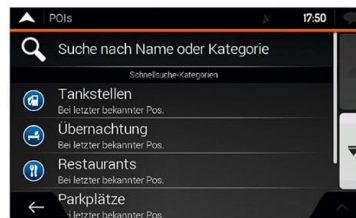

Access the 'Setup' menu to adjust various system parameters, including audio equalizer settings, display brightness, and multicolor button illumination to match your vehicle's interior.

Image: A composite view highlighting key features of the XZENT X-427, including its responsive touchscreen, dual DAB+ tuner, FM radio, Bluetooth audio and calling, USB media playback, camera inputs, and customizable button lighting.

4. MAINTENANCE

To ensure the longevity and optimal performance of your XZENT X-427, follow these maintenance guidelines:

- **Screen Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a screen cleaning solution. Avoid abrasive cleaners or harsh chemicals.
- **General Cleaning:** Wipe the unit's exterior with a dry, soft cloth. Do not allow liquids to enter the unit.
- **Software Updates:** Periodically check the manufacturer's website for available software updates to ensure you have the latest features and bug fixes.

5. TROUBLESHOOTING

If you encounter issues with your XZENT X-427, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Incorrect wiring, blown fuse	Check power connections and vehicle fuses. Consult an installer if necessary.
No sound	Speaker wiring issue, volume too low, mute activated	Verify speaker connections, increase volume, check if mute is active.
Bluetooth not connecting	Bluetooth off on phone/unit, device not paired	Ensure Bluetooth is active on both devices. Re-pair the devices.
Touchscreen unresponsive	Temporary software glitch	Perform a soft reset (refer to the installation guide for reset button location, if any).

If the problem persists after attempting these solutions, please contact customer support or a qualified service technician.

6. SPECIFICATIONS

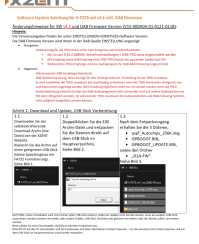

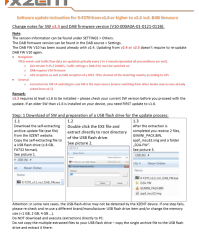

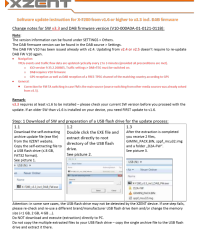

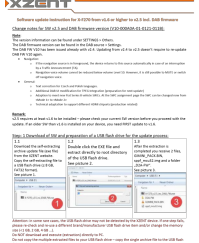

Key technical specifications for the XZENT X-427 Infotainer:

- **Brand:** XZENT
- **Model:** X-427
- **Screen Size:** 6.5 Inches (16.5 cm)
- **Display Type:** Capacitive Touchscreen
- **Connectivity:** Bluetooth, USB, HDMI
- **Special Features:** DAB+ Digital Radio, RDS (Radio Data System)
- **Compatible Devices:** Smartphone
- **Audio Output Mode:** Stereo
- **Power Output:** 50 Watts (per channel, typical)
- **Form Factor:** 2-DIN

7. WARRANTY AND SUPPORT

Warranty information for the XZENT X-427 is typically provided at the point of purchase or included with the product packaging. Please retain your proof of purchase for warranty claims. For technical support, service, or further inquiries, please contact your authorized XZENT dealer or visit the official XZENT website for contact information.

Instruction de mise à jour du X-427 v2.5 incl. DAB FW

Note de modification pour SW v2.5 et version firmware DAB V10-000A0A-01-0121-011B:

Note:
Les informations sur la version se trouvent sous PARAMETRES > Autres.
La version du micrologiciel DAB se trouve dans la source DAB > Paramètres.
Le DAB FW V10 a été publié avec le v2.4. La mise à jour de la v2.4 à la v2.5 ne nécessite pas de mettre à jour la nouvelle DAB FW V10.
• La navigation:
- La source Navigation est au premier plan, l'appareil revient automatiquement sur cette source en cas d'interférence par une source Trunk (TV).
- Le volume de la voix de navigation ne peut pas être réglé en dessous du niveau de volume 10. Cependant, il est toujours possible de couper le son ou de désactiver la voix de navigation.
• Général:
- Correction de bugs pour les langues technique et polonaise.
- Modification supplémentaire de l'interface utilisateur DAB pour l'intégration TPO (Préparation de la prochaine mise à jour).
- Adaptation pour répondre aux nouveaux SAC des véhicules Fiat Miró 6. Sur la page d'affichage SAC, le SAC peut maintenant être modifié de «réglé» à «désactivé».
- Adaptation technique pour prendre en charge différents types HDMI (en à la production).

Étape 1: Téléchargement et préparation de la clé USB:

1.1 Télécharger le fichier de mise à jour pour votre modèle (fichier .exe) depuis le site internet XZENT. Copier le fichier .exe directement sur une clé USB (FAT32, format FAT32). Voir image 1.

1.2 Double-cliquer sur le fichier EXE, cela extrait directement sur la racine de la clé USB. Voir image 2.

1.3 Après l'extraction vous avez 2 fichiers: DABFW, DABFW.img, DABFW.img12.img dans un dossier "DABFW". Voir image 3.

Attention: dans de rares cas, la clé USB utilisée peut ne pas être détectée par le lecteur XZENT. Dans ce cas, recommencer en changeant de clé, de marque, de taille de la clé (16GB, 32GB, 64GB ...).

Ne PAS copier les fichiers extraits sur la clé, copier le fichier .exe directement sur la clé USB et l'insérer sur la clé.
