## AMZCHEF NY-8628MC

# AMZCHEF NY-8628MC High-Performance Blender Smoothie Maker User Manual

Model: NY-8628MC

## 1. IMPORTANT SAFETY INSTRUCTIONS

---

Please read all instructions carefully before using the AMZCHEF NY-8628MC blender. Keep this manual for future reference.

- Always ensure the blender is unplugged before assembling, disassembling, or cleaning.
- Do not immerse the motor base in water or other liquids.
- Keep hands and utensils out of the container while blending to reduce the risk of severe personal injury. A tamper may be used but only when the blender is not running.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.
- The blender is equipped with safety devices; it will stop operating if the container is not properly seated on the main body.
- This appliance is for household use only.

## 2. PRODUCT OVERVIEW AND COMPONENTS

---

The AMZCHEF NY-8628MC blender is designed for efficient blending with its powerful motor and versatile containers.

Image 2.1: The AMZCHEF NY-8628MC High-Performance Blender, showcasing the main motor base, 1.85L blending jar, 600ml portable travel bottle, and tamper.

### Included Components:

- Blender Main Body (Motor Base) × 1
- 1.85L Blending Jar (Dishwasher Safe) × 1
- 600ml Portable Travel Bottle (Not Dishwasher Safe) × 1
- Small 4-Blade Knife Head (for travel bottle) × 1
- Tamper (Agitator) × 1
- Recipe Book (English) × 1
- Cleaning Brush × 1

## 3. SETUP

---

Follow these steps to set up your AMZCHEF blender for first use.

1. **Unpack:** Carefully remove all components from the packaging. Retain packaging for storage or future transport.
2. **Clean:** Before first use, wash the 1.85L blending jar, its lid, the 600ml travel bottle, and the small 4-blade knife head in warm, soapy water. Rinse thoroughly and dry. The main motor base should only be wiped with a damp cloth.
3. **Placement:** Place the motor base on a clean, dry, and stable surface. Ensure there is adequate ventilation around the unit.
4. **Assemble Jar:** For the 1.85L jar, ensure the blade assembly is securely attached to the bottom of the jar. Place the jar onto the motor base, aligning it correctly until it clicks into place. For the 600ml travel bottle, fill it with ingredients, attach the small 4-blade knife head, then invert and place it onto the motor base, twisting to

secure.

5. **Power Connection:** Plug the power cord into a suitable electrical outlet (120 Volts).

## 4. OPERATING INSTRUCTIONS

---

Your AMZCHEF blender features a smart touch panel with preset programs and manual controls.

### 4.1 General Blending with 1.85L Jar

1. **Add Ingredients:** Place your desired ingredients into the 1.85L blending jar. Ensure the liquid ingredients are added first, followed by softer items, then harder items and ice. Do not exceed the maximum fill line.
2. **Secure Lid:** Place the lid firmly on the blending jar. Ensure the lid cap is also in place.
3. **Place Jar:** Position the assembled jar onto the motor base. The blender will not operate unless the jar is correctly seated.
4. **Select Program or Speed:**
  - **Preset Programs:** The smart touch panel offers 4 preset programs for common blending tasks. Select the appropriate program (e.g., Smoothie, Ice Crush).
  - **Manual Control:** Use the 3 speed settings (Low, Medium, High) for manual control. The LED display will show the time.
  - **Pulse Function:** For short bursts of power or to chop ingredients, use the Pulse function.
5. **Start Blending:** Press the Start/Stop button or the selected program button to begin blending.
6. **Use Tamper (if needed):** If ingredients get stuck, use the tamper through the lid opening while the blender is running to push ingredients towards the blades. Do not use other utensils.
7. **Stop Blending:** Press the Start/Stop button or wait for the program to complete.
8. **Pour:** Carefully remove the lid and pour your blended mixture.

Image 4.2: A user operating the AMZCHEF blender, demonstrating the use of the tamper to assist in blending ingredients within the main jar.

## 4.2 Blending with 600ml Portable Travel Bottle

The 600ml travel bottle is ideal for single servings and softer ingredients.

1. **Add Ingredients:** Fill the 600ml travel bottle with ingredients. Do not overfill.
2. **Attach Blade Head:** Screw the small 4-blade knife head securely onto the open end of the travel bottle.
3. **Place on Base:** Invert the bottle and place it onto the motor base, twisting to lock it into position.
4. **Blend:** Use the manual speed settings or the Pulse function to blend. The travel bottle is generally suited for shorter blending times.
5. **Remove and Drink:** Once blended, remove the bottle from the base, unscrew the blade head, and attach the portable drinking lid.

Image 4.3: The 600ml portable travel bottle filled with a blended beverage, ready for on-the-go consumption.

## 5. MAINTENANCE AND CLEANING

---

Proper maintenance ensures the longevity and performance of your blender.

### 5.1 Cleaning

- **Motor Base:** Unplug the blender. Wipe the motor base with a damp cloth. Do not immerse in water.
- **1.85L Blending Jar:** The 1.85L jar is dishwasher safe. For quick cleaning, add warm water and a drop of dish soap to the jar, secure the lid, and run on a low speed for 30 seconds. Rinse thoroughly.
- **600ml Portable Travel Bottle:** The 600ml travel bottle is **not** dishwasher safe. Hand wash with warm, soapy water and rinse thoroughly.
- **Blades:** Use the provided cleaning brush to safely clean around the blades. Exercise extreme caution as blades are sharp.

## 5.2 Storage

Store the blender and its accessories in a clean, dry place when not in use. Ensure all parts are dry before storing.

## 6. TROUBLESHOOTING

If you encounter issues with your AMZCHEF blender, refer to the following common solutions.

Problem	Possible Cause	Solution
Blender does not turn on.	Not plugged in; Jar not properly seated; Power outage.	Ensure power cord is securely plugged in. Verify the blending jar is correctly locked onto the motor base. Check household circuit breaker.

Problem	Possible Cause	Solution
Ingredients are not blending smoothly.	Too little liquid; Overfilling; Ingredients too large or hard.	Add more liquid. Do not exceed max fill line. Cut ingredients into smaller pieces. Use the tamper to push ingredients towards blades.
Motor smells or overheats.	Overloading; Prolonged continuous operation.	Reduce the amount of ingredients. Allow the blender to cool down for at least 15-20 minutes before resuming operation. Do not operate for more than 2 minutes continuously.

If the problem persists after trying these solutions, please contact AMZCHEF customer support.

## 7. SPECIFICATIONS

---

<b>Brand</b>	AMZCHEF
<b>Model Number</b>	NY-8628MC
<b>Color</b>	Black
<b>Dimensions (L x W x H)</b>	30 x 35.5 x 25 cm
<b>Weight</b>	4.48 Kilograms
<b>Capacity</b>	1.85L (Main Jar), 600ml (Travel Bottle)
<b>Power</b>	1200 Watts
<b>Voltage</b>	120 Volts
<b>Material</b>	Plastic base, Stainless steel, 6 hardened stainless steel blades, Tritan container (BPA-free)
<b>Number of Speeds</b>	10 (Adjustable speed control)
<b>Noise Level</b>	60 dB
<b>Special Features</b>	Adjustable speed control, Dishwasher safe (main jar), Blender function
<b>Power Source</b>	Electric Cable
