

BABYLO BL11954

Babylo Oasis Exclusive Folding Co-Sleeper Travel Cot User Manual

Model: BL11954

INTRODUCTION

Thank you for choosing the Babylo Oasis Exclusive Folding Co-Sleeper Travel Cot. This versatile 4-in-1 crib is designed to adapt to your baby's needs from birth up to a maximum weight of 15kg. It can be used as a standalone crib, a bedside co-sleeper, or a convenient travel cot. The included bassinet and changing mat provide additional functionality for your convenience.

What's Included:

- Oasis Folding Co-Sleeper Travel Cot Frame
- Newborn Bassinet
- Soft Padded Mattress
- Removable Changing Mat
- Travel Bag

SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep these instructions for future reference. Failure to follow these instructions could result in serious injury or death.

- **WARNING:** Never leave your child unattended.
- **WARNING:** Do not use the product if any parts are broken, torn, or missing.
- **WARNING:** Ensure all locking mechanisms are engaged before placing a child in the cot.
- **WARNING:** The bassinet is suitable for infants from birth up to 9 kg (approximately 6 months or until the infant can push up on hands and knees).
- **WARNING:** The lower cot level is suitable for children up to 15 kg (approximately 3 years).
- **WARNING:** Only use the mattress provided by the manufacturer. Do not add a second mattress, as this can

cause suffocation.

- **WARNING:** Keep the cot away from open flames, heaters, and other sources of strong heat.
- **WARNING:** Do not use the changing mat if your child can roll over.

SETUP INSTRUCTIONS

Follow these steps to correctly set up your Babylo Oasis Travel Cot:

1. **Unfold the Frame:** Remove the cot from its travel bag. Stand the cot upright and separate the legs slightly. Pull the two short sides of the frame upwards until they lock into place. Then, pull the two long sides upwards until they lock. Ensure all four sides are rigid and locked.
2. **Push Down the Base:** Once the sides are locked, push down the center of the base until it lies flat and is fully extended.
3. **Insert Mattress:** Place the padded mattress firmly into the base of the cot.
4. **Install Bassinet (Optional):** For newborns, attach the bassinet to the upper rails of the cot using the provided clips or zippers. Ensure it is securely fastened on all sides. Place the mattress inside the bassinet.

OPERATING MODES

1. Co-Sleeper Mode

The co-sleeper function allows you to keep your baby close to you during the night. To use this mode, ensure the cot is positioned securely next to your bed. Lower one of the mesh side panels by unzipping or releasing the side mechanism. Secure the cot to your bed using the provided straps (if applicable) to prevent any gaps between the cot and your mattress. The bassinet level is ideal for this mode.

2. Standalone Cot Mode

For use as a traditional standalone cot, ensure all four side panels are locked in the upright position. For newborns, use the bassinet insert. As your child grows and reaches the 9kg weight limit or can push up on hands and knees, remove the bassinet and use the lower base level. This provides a safe and spacious sleeping area for toddlers up to 15kg.

3. Changing Mat Use

The removable changing mat can be easily placed on top of the cot frame, providing a convenient and ergonomic surface for changing your baby. Ensure the changing mat is securely attached to the cot frame before use. Always supervise your child while using the changing mat.

FOLDING FOR TRAVEL

The Babylo Oasis Travel Cot is designed for quick and easy folding, making it ideal for trips or storage.

1. **Remove Mattress and Bassinet:** Take out the mattress and any bassinet insert.
2. **Pull Up Base:** Pull the central strap or handle on the base upwards to disengage the base lock.
3. **Release Side Rails:** Locate the release buttons or levers on the middle of each side rail. Press these mechanisms to unlock and fold each side rail downwards. Start with the long sides, then the short sides.
4. **Collapse Frame:** Bring all four corners of the frame together, collapsing the cot into a compact shape.
5. **Secure for Storage:** Wrap the mattress around the folded frame and secure it with the attached straps (if present). Place the entire unit into the provided travel bag.

CARE AND MAINTENANCE

- **Cleaning Fabric:** The fabric parts of the cot can be spot cleaned with a damp cloth and mild soap. Do not use harsh detergents or bleach. Allow to air dry completely before folding or storing.
- **Cleaning Frame:** Wipe the metal and plastic parts of the frame with a damp cloth.
- **Mattress Care:** The mattress cover can be removed and hand washed if necessary. Refer to the care label on the mattress for specific instructions.
- **Storage:** Store the cot in a clean, dry place, away from direct sunlight and extreme temperatures. Always use the provided travel bag for storage and transport to protect the cot.
- **Regular Checks:** Periodically check all parts for wear and tear, loose fasteners, or damaged stitching. Discontinue use if any damage is found.

TROUBLESHOOTING

Problem	Possible Cause / Solution
Cot sides do not lock into place.	Ensure the base is not pushed down first. The side rails must be locked before the base is fully extended. Pull the side rails up firmly until they click.
Cot is difficult to fold.	Ensure the base is pulled up completely before attempting to release the side rail mechanisms. All four side rails must be unlocked before the cot will collapse.
Bassinet or changing mat does not fit.	Ensure the bassinet/changing mat is oriented correctly and all attachment points (clips/zippers) are aligned with the cot frame.
Cot feels unstable.	Verify that all four side rails are fully locked and the base is pushed down flat. Check that the legs are fully extended and stable on a flat surface.
