GORILLA GRIP 840029670880

GORILLA GRIP Powerful LED Tactical Flashlight Instruction Manual

MODEL: 840029670880

1. Introduction

This manual provides essential information for the safe and effective use of your GORILLA GRIP Powerful LED Tactical Flashlight. Please read it thoroughly before operation and retain it for future reference.

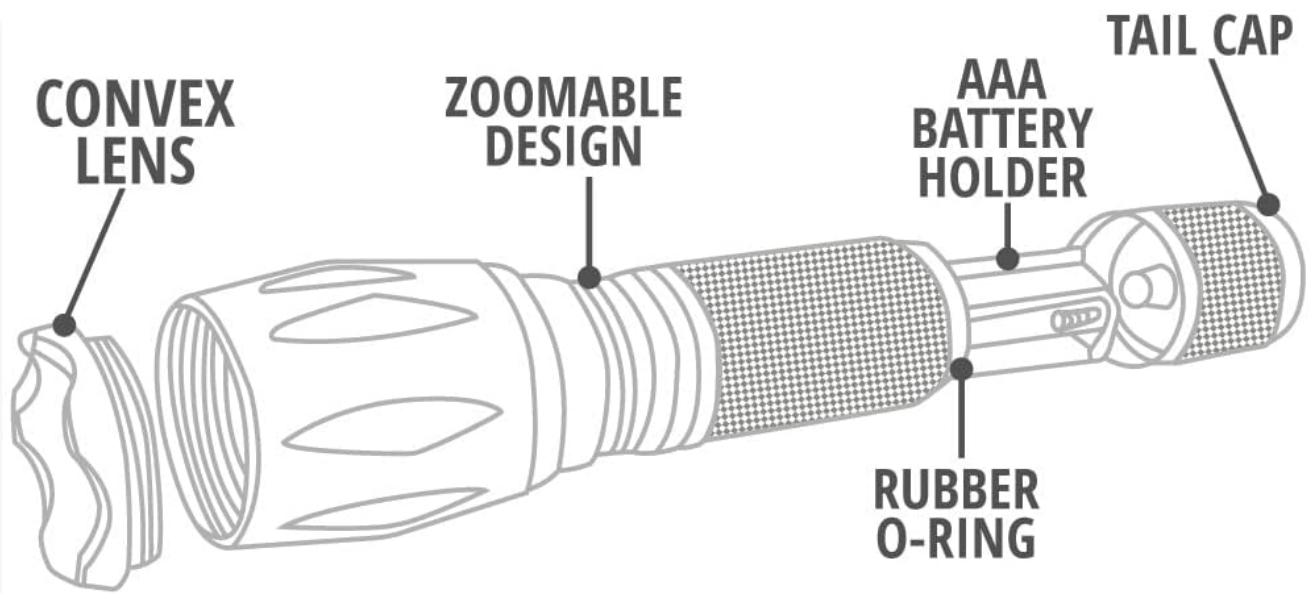

The GORILLA GRIP Powerful LED Tactical Flashlight, shown here in black, is designed for durability and high performance.

2. Setup

2.1 Battery Installation

Your GORILLA GRIP Tactical Flashlight requires three (3) AAA batteries (not included). To install the batteries:

1. Unscrew the tail cap of the flashlight.
2. Insert the AAA batteries into the battery holder, ensuring correct polarity (+/-).
3. Place the battery holder into the flashlight body.
4. Securely screw the tail cap back onto the flashlight.

DURABLE CONSTRUCTION

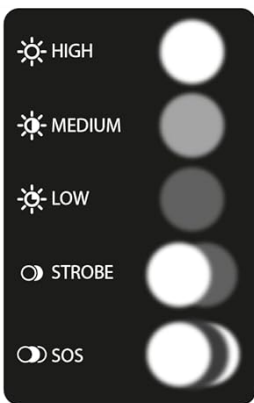

Exploded view illustrating the components, including the AAA battery holder, for proper battery installation.

3. Operating Instructions

3.1 Power On/Off and Mode Selection

The flashlight features a convenient tap button on the tail cap for operation.

- **To Turn On/Off:** Firmly push the button on the tail cap.
- **To Change Modes:** Lightly tap the button to cycle through the five available modes: High, Medium, Low, Strobe, and SOS.

FIVE LIGHT MODES

The tail cap button allows for easy power control and cycling through the five light modes.

3.2 Adjustable and Zoomable Focus

The flashlight features a zoomable design to adjust the beam from wide to narrow.

- **To Adjust Focus:** Simply twist the head of the flashlight to zoom in for a narrow, focused beam or zoom out for a wider floodlight.

ZOOMABLE WIDE TO NARROW

Twist the flashlight head to easily adjust the beam from wide to narrow, focusing on objects near or far.

4. Maintenance

4.1 Durability and Care

The GORILLA GRIP Tactical Flashlight is built with an ultra-durable aluminum alloy, making it shock-resistant, water-resistant, and temperature-resistant. To ensure its longevity:

- After exposure to water or extreme conditions, wipe the flashlight dry with a soft cloth.
- Avoid dropping the flashlight from excessive heights (it is tough enough to sustain accidental drops up to 3.3

feet).

- Store in a cool, dry place when not in use for extended periods.

WATER-RESISTANT

Resistant to moisture, rain and snow

TEMPERATURE-RESISTANT

All weather design withstands hot and cold temperatures

SHOCK-ABSORBENT

Tough enough to sustain accidental drops

MILITARY-GRADE

The flashlight is designed to be water-resistant, suitable for various outdoor activities.

4.2 Cleaning

To clean the flashlight, use a soft, damp cloth. Do not use abrasive cleaners or solvents.

5. Troubleshooting

5.1 Common Issues

- **Flashlight not turning on:** Check if the batteries are inserted correctly with the right polarity. Ensure batteries are not depleted and replace if necessary.
- **Dim light:** Batteries may be low. Replace with fresh AAA batteries.

5.2 Important Safety Warnings

Please observe the following warnings to prevent injury or damage:

- **Risk of eye injuries:** Intense light and optical radiation from this flashlight can damage eyes! Do not stare at light. Do not shine into other’s eyes. Keep away from children. Do not allow children access to flashlight.
- **Risk of seizures:** Flashing strobe light may trigger seizures in people with photosensitive epilepsy.
- **Overheating:** Flashlight may become warm after prolonged use. Shut off flashlight if exterior feels warm or switch to a lower setting.

Gorilla Grip is not responsible for the consequences, whether direct, indirect or accidental, or for any other type of injury or damage arising or resulting from the use or misuse of its products.

6. Specifications

Feature	Specification
Special Feature	5 Modes, 10 Hours Battery Life, Adjustable and Zoomable, Ultra Bright 345 Lumens, Water Resistant
Color	Black
Power Source	Battery Powered (3 AAA batteries required)
Light Source Type	LED
Material	Aluminum
White Brightness	345 Lumens
Light Path Distance	750 Feet
Runtime	9 hours
Product Dimensions	5.3"D x 1.5"W x 1.5"H
Item Weight	5 ounces (0.14 Kilograms)
Water Resistance Level	Waterproof
