Glovii GQ3

Glovii GQ3 Heated Socks with Remote User Manual

Model: GQ3

INTRODUCTION

Thank you for choosing Glovii GQ3 Heated Socks. These socks are designed to provide warmth and comfort in cold conditions, utilizing carbon fiber heating elements and a remote control for easy temperature adjustment. Please read this manual carefully before using your heated socks to ensure safe and optimal performance.

PACKAGE CONTENTS

Ensure all items are present in your package:

- Glovii GQ3 Heated Socks (1 pair)
- 2 x 2400 mAh Li-Poly Power Banks
- Charger with dual micro USB output
- Remote Control

Image 1: Glovii GQ3 Heated Socks with the included remote control. The socks are red with black accents on the toes and heels, and a heating element indicator on the upper cuff.

SAFETY INFORMATION

- Do not use if you have a pacemaker, are pregnant, or have circulatory problems without consulting a doctor.
- Avoid prolonged direct contact with the heating element if you have sensitive skin.
- Do not puncture, cut, or modify the heating elements or wiring.
- Keep batteries away from water and extreme temperatures.
- Always remove batteries before washing the socks.

- Do not use the product while sleeping.

SETUP

1. Charging the Power Banks

1. Connect the dual micro USB charger to a power source.
2. Plug each 2400 mAh power bank into the micro USB outputs of the charger.
3. Charge the power banks fully before first use. The charging indicator on the power banks will show their status.

Image 2: Glovii GQ3 Heated Socks showing the integrated USB cables for connecting to the power banks. The cables are discreetly located near the top cuff of the socks.

2. Inserting Power Banks into Socks

1. Locate the pocket on the upper cuff of each sock.
2. Insert a fully charged power bank into each sock pocket.
3. Connect the USB cable from the sock to the power bank. Ensure a secure connection.

Image 3: A close-up view of the upper cuff of the Glovii GQ3 Heated Sock, showing the heating element indicator and the USB cable extending from the battery pocket.

OPERATING INSTRUCTIONS

1. Powering On/Off

- To turn on the socks, press and hold the power button on the remote control for approximately 3 seconds. The indicator light on the remote will illuminate.
- To turn off the socks, press and hold the power button on the remote control again for approximately 3 seconds.

2. Adjusting Heat Levels with Remote Control

The remote control allows you to cycle through three heat settings:

- **HI (High):** Provides maximum warmth (approximately 44°C). Press the 'III' button on the remote. Estimated working time: 2 hours.
- **MED (Medium):** Provides moderate warmth (approximately 39°C). Press the 'II' button on the remote. Estimated working time: 3 hours.
- **LO (Low):** Provides gentle warmth (approximately 34°C). Press the 'I' button on the remote. Estimated working time: 6 hours.

The indicator lights on the remote control correspond to the selected heat level.

MAINTENANCE

1. Cleaning the Socks

- Always remove the power banks from the sock pockets before washing.
- Hand wash the socks in cold water with a mild detergent.
- Do not bleach, iron, or dry clean.
- Hang dry thoroughly before reinserting power banks.

2. Battery Care and Storage

- Charge power banks regularly, even if not in use, to maintain battery health.
- Store power banks in a cool, dry place when not in use.
- Avoid exposing power banks to direct sunlight or extreme temperatures.

Image 4: A close-up view of the foot and heel area of the Glovii GQ3 Heated Sock, highlighting the knit texture and black accents. This area contains the primary heating elements.

TROUBLESHOOTING

- **Socks not heating:**

- Ensure power banks are fully charged and correctly inserted into the sock pockets.
- Verify that the USB cables are securely connected to the power banks.
- Check if the remote control is powered on and transmitting a signal (indicator light should be on).

- **Remote control not responding:**

- Ensure the remote control battery is not depleted.
- Make sure there are no obstructions between the remote and the socks.
- Try re-pairing the remote if applicable (refer to manufacturer's website for specific pairing instructions if needed).

- **Reduced heating time:**

- Power bank capacity may decrease over time. Ensure power banks are fully charged before each use.
- Extreme cold environments can affect battery performance.

SPECIFICATIONS

Brand	Glovii
Model	GQ3
Heating Element	Carbon Fiber, 2.3W
Heating System Location	Top of the feet
Battery	2 x 2400 mAh (17.76 Wh) Li-Poly
