Sluban SL95667

Sluban SL95667 Blood Donation Play Set Instruction Manual

Model: M38-B0797

IMPORTANT SAFETY INFORMATION

WARNING: Not suitable for children under 36 months due to small parts. Choking hazard.

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

INTRODUCTION

Thank you for choosing the Sluban SL95667 Blood Donation Play Set. This 195-piece building block set allows you to construct a detailed blood donation truck model, complete with a play figure. Designed to encourage creativity, fine motor skills, and imaginative play, this set is compatible with other common building block brands.

PACKAGE CONTENTS

Before beginning assembly, please ensure all components are present:

- 195 building blocks for model assembly
- 1 play figure
- Instruction booklet (this manual)

If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY INSTRUCTIONS

Follow the step-by-step visual guide provided in the included instruction booklet to assemble your Sluban Blood Donation Play Set. The assembly process typically involves:

1. **Sorting Blocks:** Organize the building blocks by color and shape to simplify the assembly process.
2. **Base Construction:** Begin by constructing the chassis and base of the blood donation truck.

3. **Interior Details:** Add interior elements such as the steering wheel, seats, and medical equipment.
4. **Exterior Structure:** Build the walls, roof, and specialized features of the truck.
5. **Final Touches:** Attach wheels, decorative elements, and the "Blood Donation" sign.
6. **Figure Assembly:** Assemble the play figure and place it with the completed truck.

Image 1: An overhead view illustrating the initial assembly of the truck's chassis and internal structure, highlighting the placement of various colored blocks.

Ensure all blocks are firmly connected to prevent the model from falling apart during play.

OPERATING INSTRUCTIONS / PLAY GUIDE

Once assembled, the Sluban Blood Donation Play Set is ready for imaginative play. The truck features rolling wheels, allowing it to be moved across flat surfaces. The included play figure can be positioned inside the truck or alongside it to simulate various scenarios related to blood donation and community service.

Image 2: The fully assembled Sluban Blood Donation Play Set, featuring the colorful truck and a doctor-like play figure, ready for interactive play.

Encourage children to create stories and scenarios, fostering social and cognitive development through play.

MAINTENANCE

- **Cleaning:** To clean the building blocks, wipe them with a damp cloth. For deeper cleaning, blocks can be washed with mild soap and water, then thoroughly air-dried. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the play set in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic. Keeping the blocks in a container will help prevent loss of small parts.
- **Inspection:** Periodically inspect the blocks for any signs of wear or damage. Discard any broken or cracked pieces to ensure safety.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Missing pieces	Blocks may have been overlooked during unboxing or lost during play.	Carefully check the packaging and play area. If still missing, contact customer support.
Blocks do not connect securely	Incorrect block orientation or incompatible blocks.	Ensure blocks are correctly aligned and pressed firmly together. Verify you are using Sluban blocks or compatible brands.
Assembled model is unstable	Blocks not fully connected or assembly error.	Review the assembly steps in the instruction booklet. Press all blocks firmly to ensure a secure connection.
