Hot Wheels Hot Wheels Coffret Altitude Crash

Hot Wheels Altitude Crash Set Instruction Manual

Model: Hot Wheels Coffret Altitude Crash

Brand: Hot Wheels

INTRODUCTION

Welcome to the Hot Wheels Altitude Crash Set. This manual provides essential information for assembling, operating, and maintaining your new track set. Designed for thrilling races and spectacular crashes, this set features a towering track with multiple loops and a powerful booster to launch your vehicles into high-flying action.

WHAT'S IN THE BOX

Please ensure all components are present before beginning assembly:

- Track with loop
- 5 Hot Wheels vehicles

SETUP AND ASSEMBLY

Follow these steps to assemble your Hot Wheels Altitude Crash Set:

1. Unpack all components from the box.
2. Connect the base sections of the track firmly. Ensure all connection points click into place.
3. Assemble the vertical tower structure. This tower is approximately 80 cm (31.5 inches) high.
4. Attach the orange track pieces, including the loops, to the tower and base. Pay attention to the directional arrows on the track pieces.
5. Secure the booster mechanism to the designated area on the track.
6. Ensure all track connections are secure to prevent vehicles from derailing during play.

OPERATING INSTRUCTIONS

The Hot Wheels Altitude Crash Set is designed for dynamic multi-vehicle action.

Loading Vehicles

- Place Hot Wheels vehicles onto the designated starting points on the track. The set is designed to

accommodate multiple vehicles simultaneously.

- For optimal performance, use standard 1:64 scale Hot Wheels vehicles.

Launching and Crashing

- Activate the booster to propel vehicles up the tower and through the loops.
- Observe as vehicles race, perform jumps, and engage in spectacular crashes at the designated crash zones.
- Experiment with adding more vehicles to increase the intensity of the crashes.

MAINTENANCE AND CARE

To ensure the longevity of your Hot Wheels Altitude Crash Set:

- Keep the track clean and free of dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the set to extreme temperatures or direct sunlight for prolonged periods.
- Store the set in a dry place when not in use. The set can be partially disassembled for more compact storage.
- Regularly check track connections for looseness and re-secure if necessary.

This product does not require batteries.

TROUBLESHOOTING

Vehicles not launching or moving slowly:

- Ensure the booster mechanism is properly engaged and free of obstructions.
- Check that the track pieces are securely connected and aligned.
- Verify that the vehicles used are standard Hot Wheels 1:64 scale and are not damaged.

Vehicles derailing frequently:

- Confirm all track connections are tight and flush.
- Check for any foreign objects on the track surface.
- Ensure the track is placed on a flat, stable surface.

Excessive noise during operation:

- Some operational noise from the booster is normal.
- If noise is unusually loud, check for any loose parts or obstructions within the booster mechanism.

SPECIFICATIONS

Feature	Detail
Model Name	Hot Wheels Coffret Altitude Crash
Recommended Age	3 years and up
Number of Pieces	6 (track components)
Included Components	Track with loop, 5 Hot Wheels vehicles
Material	Plastic
Power Source	Non-powered
