Lexon LH65MDB

Lexon Mina L Mushroom Lamp User Manual

Model: LH65MDB | Brand: Lexon

INTRODUCTION

The Lexon Mina L Mushroom Lamp is a versatile and stylish portable LED table lamp designed for various indoor and outdoor settings. Featuring 9 LED color options, touch control for activation and dimming, and a rechargeable battery offering up to 24 hours of light, this lamp combines aesthetic appeal with practical functionality. Its durable aluminum construction and water-resistant design make it a perfect companion for bedrooms, living rooms, offices, and even gardens.

SETUP

1. Unboxing and Initial Charge

Upon unboxing your Lexon Mina L lamp, it is recommended to fully charge the device before its first use. The lamp

comes with a USB-C cable for charging. It can also be charged wirelessly using a compatible wireless charging pad (not included).

- Connect the provided USB-C cable to the lamp's charging port and to a suitable USB power adapter (e.g., wall charger, computer USB port).
- Alternatively, place the lamp on a compatible wireless charging pad.
- A full charge typically takes approximately 3 hours. Once fully charged, the lamp provides up to 24 hours of continuous light, depending on the brightness and color settings used.

Image: The Lexon Mina L lamp illustrating its USB-C and wireless charging capabilities, along with icons indicating 24-hour light duration and 3-hour charge time.

2. Placement

The Lexon Mina L is designed for tabletop use and can be placed in various rooms such as bedrooms, living rooms, nurseries, or even in garden settings due to its water-resistant properties. Ensure the surface is stable and flat.

OPERATING INSTRUCTIONS

1. Power On/Off and Brightness Adjustment

The Lexon Mina L lamp features intuitive touch control located at the tip of the lamp (the top dome). To operate:

- **To turn on/off:** Lightly press and hold the top surface of the lamp for approximately 1-2 seconds.
- **To adjust brightness (dimmer):** While the lamp is on, press and hold the top surface. The brightness will cycle through its levels. Release your finger when the desired brightness is achieved.

2. Changing LED Colors

The lamp offers 9 different LED color options. To cycle through the colors:

- **To change color:** Briefly tap the top surface of the lamp. Each tap will advance to the next color in the sequence.
- The color sequence typically includes various shades of white, warm white, orange, pink, red, green, blue, and purple.

MAINTENANCE

1. Cleaning

To clean your Lexon Mina L lamp, use a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the lamp's finish and electronic components.

2. Water Resistance

The Lexon Mina L lamp is water-resistant, making it suitable for outdoor use in light rain or humid conditions. However, it is not fully waterproof. Do not submerge the lamp in water or expose it to heavy downpours. Ensure the charging port is dry before connecting any cables.

**SLEEK & WATERPROOF
PERFECT COMPANION FOR ANY
OUTDOOR OCCASION**

3. Battery Care

The lamp contains a built-in Lithium Polymer battery. To prolong battery life:

- Avoid completely draining the battery frequently.
- Store the lamp in a cool, dry place if not used for extended periods.
- Charge the lamp periodically (e.g., every 3-6 months) even if not in use to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp fully using the USB-C cable or a wireless charger.
Lamp does not charge.	Charging cable/adapter faulty; Wireless charger not compatible or misaligned; Charging port dirty.	Try a different USB-C cable and power adapter. Ensure the lamp is correctly placed on a compatible wireless charger. Clean the charging port gently if visible debris is present.
Cannot change colors or dim brightness.	Incorrect touch gesture; Software glitch.	Ensure you are using a light tap for color change and a press-and-hold for dimming. If unresponsive, try turning the lamp off and on again. Some users report that pressing 3 times quickly can reset settings if the lamp becomes finicky.
Light output is weak or flickers.	Low battery; Internal component issue.	Recharge the lamp. If the issue persists after a full charge, contact customer support.

SPECIFICATIONS

Model: LH65MDB

Dimensions: 6"D x 6"W x 7"H (approx. 15.24 cm D x 15.24 cm W x 17.78 cm H)

Item Weight: 11.36 ounces (approx. 322 grams)

Material: Aluminum (Base), White (Shade)

Light Source Type: LED

Number of Light Sources: 9

Brightness: 65 Lumen

Color Temperature: 6000 Kelvin

Control Method: Touch

Power Source: Battery Powered (1 Lithium Polymer battery included)

Charging: USB-C (cable included) or Wireless Charging

Battery Life: Up to 24 hours (depending on usage)

Charge Time: Approximately 3 hours

Water Resistance Level: Water Resistant (True, but with limitations)

Average Life: 30000 Hours

Manufacturer: Lexon
