Sunnydaze Decor RCM-873

Sunnydaze Santa Fe 50-Inch Wood-Burning Chiminea Fire Pit Instruction Manual

Model: RCM-873 | Brand: Sunnydaze Decor

INTRODUCTION

This manual provides essential instructions for the safe assembly, operation, and maintenance of your Sunnydaze Santa Fe 50-Inch Rustic Outdoor Wood-Burning Chiminea Fire Pit. Please read all instructions thoroughly before use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

WARNING: This product can expose you to chemicals including Benzene, which is known to the state of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

- For outdoor use only. Do not use indoors or in an enclosed area.
- Place the chiminea on a flat, non-combustible surface away from structures, overhanging branches, and other flammable materials.
- Keep children and pets away from the chiminea during use.
- Never leave a burning chiminea unattended.
- Use only seasoned firewood. Do not use gasoline, kerosene, or other accelerants.
- Have a fire extinguisher or water source readily available.
- Allow the chiminea to cool completely before moving or cleaning.

PRODUCT COMPONENTS

Your Sunnydaze Santa Fe Chiminea includes the following components:

- 1x Chiminea Body (Durable Steel with Rust Patina Finish)

- 1x Log Grate (17.75" diameter x 6 mm thick)
- All necessary hardware and tools for assembly

This diagram illustrates the chiminea's durable steel construction, its design for directing smoke upwards, and the removable log grate for optimal airflow.

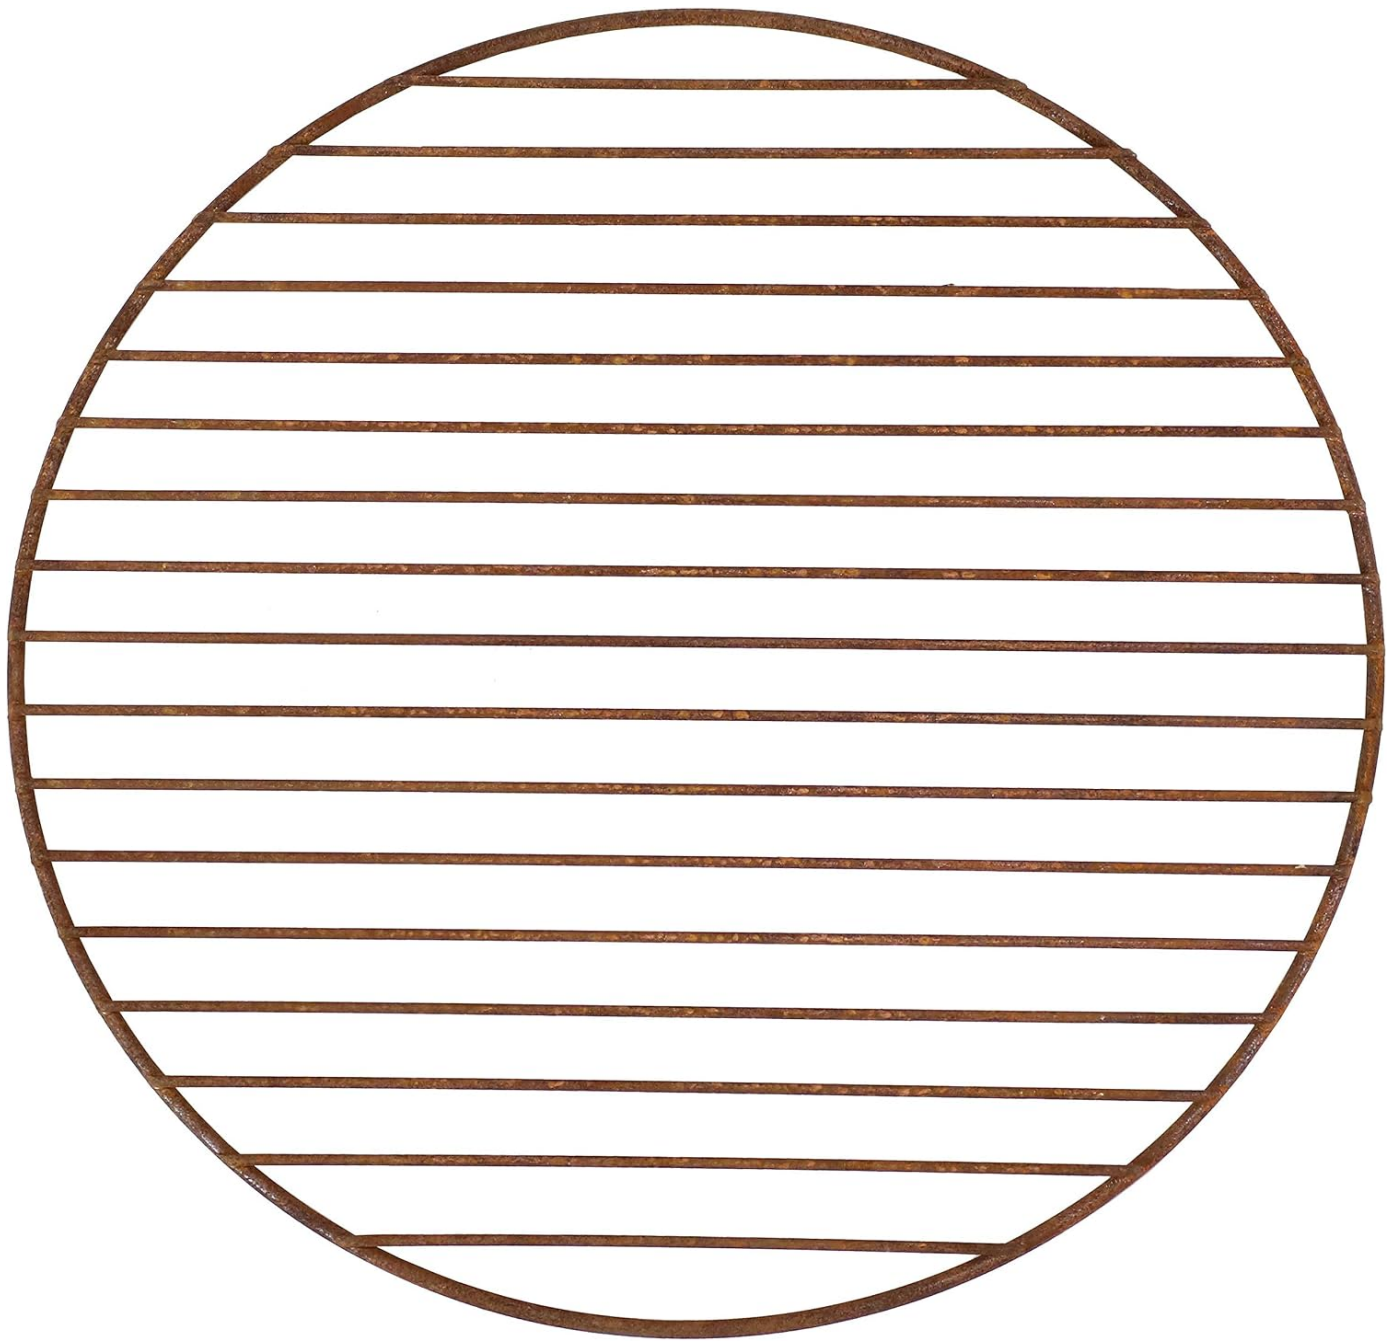

Image: Chiminea Dimensions

A technical drawing providing precise measurements for the chiminea's overall height (50 inches), base diameter (19.75 inches), top diameter (12.5 inches), and fire opening (26.75 inches H x 11.25 inches W).

ASSEMBLY INSTRUCTIONS

Assembly of the Sunnydaze Santa Fe Chiminea is straightforward. All required components, hardware, and tools are included in the box.

1. Unpack all components and verify against the parts list.
2. Follow the step-by-step instructions provided in the included assembly guide to connect the chiminea sections.
3. Ensure all bolts and fasteners are securely tightened.
4. Place the log grate inside the chiminea's firebox.

OPERATING INSTRUCTIONS

To enjoy a safe and pleasant fire in your chiminea:

1. **Placement:** Ensure the chiminea is on a stable, non-combustible surface, away from anything that can catch fire.
2. **Fuel:** Place seasoned firewood on the log grate inside the chiminea. Do not overfill.
3. **Ignition:** Use a long lighter or match to ignite the kindling.
4. **Airflow:** The chiminea's design naturally promotes good airflow, directing smoke upwards through the chimney.
5. **Adding Wood:** Carefully add more wood as needed, using appropriate fire tools.
6. **Extinguishing:** Allow the fire to burn down naturally. Do not use water to extinguish the fire, as this can damage the metal and create steam hazards.

A full view of the Sunnydaze Santa Fe 50-inch chiminea with a wood fire burning, showcasing its rustic patina finish and providing warmth.

- 1 Durable steel with rust patina appearance
- 2 Chiminea design directs smoke upward
- 3 Removable, raised log grate promotes optimal air flow

***Rust color is created using an oxidized iron finish, color may continue to change over time.**

MAINTENANCE AND CARE

- **Cleaning:** Once the chiminea is completely cool, remove ash and debris from the firebox. Use a stiff brush to clean any soot buildup.
- **Rust Patina:** The authentic rust patina finish is designed to change over time when exposed to water and oxygen. This is a natural process and contributes to its antique look. To limit further color change, keep the product covered when not in use.
- **Storage:** Store the chiminea in a dry, covered area during prolonged periods of non-use or inclement weather to prolong its lifespan.

A detailed view of the authentic rust patina finish, highlighting its unique texture and color variations that develop naturally over time.

TROUBLESHOOTING

- **Excessive Smoke:** Ensure you are using dry, seasoned firewood. Wet or green wood produces more smoke. Also, check for proper airflow; avoid overfilling the firebox.
- **Difficulty Lighting:** Use adequate kindling (small, dry pieces of wood or fire starters) to establish a strong base fire before adding larger logs. Ensure there is sufficient air circulation.
- **Unstable Chiminea:** Verify that the chiminea is placed on a completely flat and level surface. Re-tighten all assembly hardware if wobbling occurs.

SPECIFICATIONS

Brand	Sunnydaze Decor
Model Number	RCM-873
Material	Alloy Steel
Product Dimensions	19.75"D x 19.75"W x 50"H
Item Weight	32.4 Pounds
