Yaheetech Recliner Chair with Sleeping Function Instruction Manual

Model: YA-00100193

1. INTRODUCTION

Thank you for choosing the Yaheetech Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions carefully before use and retain them for future reference.

This recliner chair is designed for personal relaxation in various settings such as living rooms, bedrooms, or home cinema areas. It features an adjustable reclining mechanism and is upholstered in durable faux leather.

Image 1.1: The Yaheetech Recliner Chair in its standard upright position.

2. SAFETY INFORMATION

- Ensure all components are securely fastened before use.
- Do not allow children to play on or around the recliner unsupervised.
- Keep hands and feet clear of the reclining mechanism during adjustment to prevent injury.
- Do not exceed the maximum weight recommendation of 120 kg (264 lbs).
- Avoid standing on the recliner or using it as a step stool.
- Place the recliner on a flat, stable surface.

3. PACKAGE CONTENTS

Before assembly, verify that all parts are present. If any parts are missing or damaged, please contact

customer support.

- Seat Base with Armrests
- Backrest
- Four (4) Chair Feet
- Assembly Hardware (screws, washers, etc.)

4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward and typically requires two steps. No special tools are usually needed beyond what may be provided.

1. **Attach the Feet:** Screw the four chair feet onto the designated points on the underside of the seat base. Ensure they are tightened securely.
2. **Attach the Backrest:** Align the backrest with the metal brackets on the seat base. Slide the backrest down until it clicks securely into place. Ensure both sides are fully engaged.

Montage Rapide en 2 Étapes

01. Vissez les quatre pieds sur la partie inférieure du fauteuil.

02. Placez le dossier et fixez-le au siège.

Image 4.1: Visual guide for the two-step assembly process. Step 1 shows attaching the feet to the base. Step 2 shows sliding the backrest onto the seat.

5. OPERATING INSTRUCTIONS

The Yaheetech Recliner Chair offers three primary relaxation modes, allowing you to adjust your seating position for optimal comfort.

- **Upright Position (Approx. 90°):** For sitting upright, reading, or working. The footrest is fully retracted.
- **Relaxed Position (Approx. 120°):** To recline, gently push back on the backrest. The footrest will extend, allowing you to elevate your legs. This position is ideal for watching TV or light relaxation.
- **Sleeping/Napping Position (Approx. 160°):** Continue to push back on the backrest to achieve a deeper recline, suitable for napping or extended relaxation. The footrest will be fully extended.

To return to an upright position, lean forward and apply gentle pressure to the footrest with your legs. The footrest will retract, and the backrest will return to its upright position.

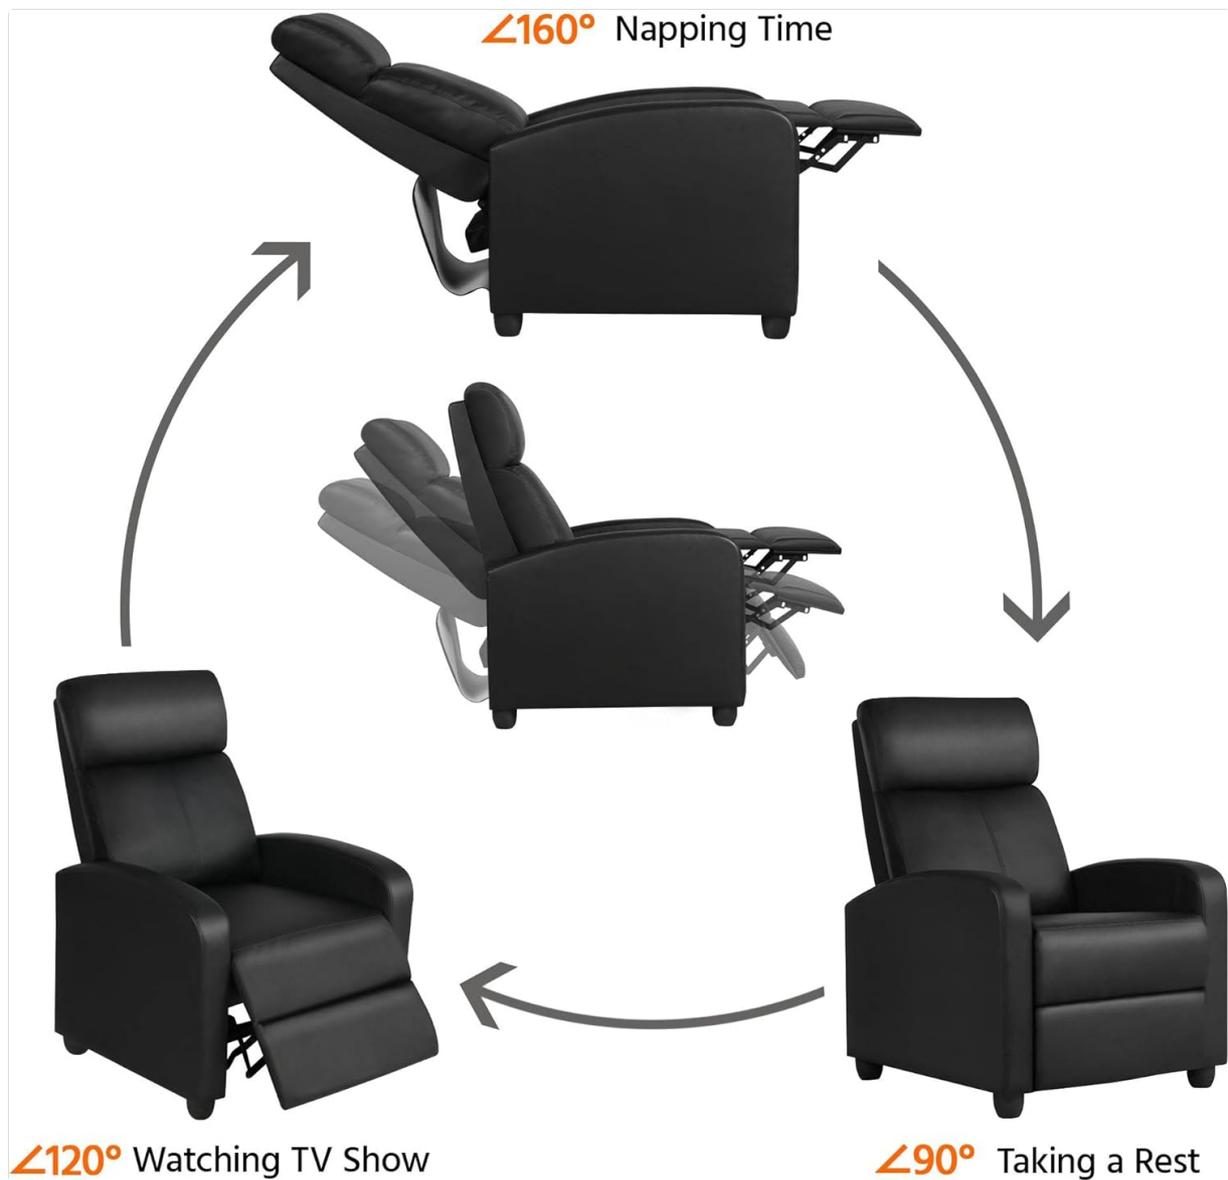

Image 5.2: A visual representation of transitioning between the upright, relaxed, and napping positions.

6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your recliner chair.

- **Cleaning:** The faux leather upholstery is water-resistant and easy to clean. For spills or dirt, wipe immediately with a damp cloth and a mild detergent. Avoid abrasive cleaners or harsh chemicals.
- **Dusting:** Regularly dust the surface with a soft, dry cloth.
- **Mechanism:** Periodically check all bolts and screws to ensure they remain tight. Lubricate moving parts of the reclining mechanism if squeaking occurs, using a silicone-based lubricant.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading and material degradation.

Image 6.1: Features of the faux leather upholstery, highlighting its waterproof, air-permeable, and soft characteristics.

7. TROUBLESHOOTING

- **Chair does not recline smoothly:** Check for any obstructions around the reclining mechanism. Ensure all assembly bolts are tightened. If squeaking, apply lubricant to moving parts.
- **Chair feels unstable:** Verify that all four feet are securely attached and that the chair is on a level surface. Re-tighten any loose connections.
- **Footrest does not retract:** Ensure you are applying sufficient forward pressure while leaning forward. Check for any foreign objects obstructing the footrest mechanism.

8. SPECIFICATIONS

Attribute	Detail
Brand	Yaheetech
Model Number	YA-00100193
Color	Black

Material	Faux Leather (PU and PVC), Foam, Rayon Fiber
Frame Material	Polychlorure de vinyle (PVC)
