3. PRODUCT OVERVIEW

The SPIRIT OF GAMER PRO-M8 Light Edition is a wired gaming mouse designed for precision and responsiveness. It features 7 buttons, adjustable DPI settings, and dynamic LED backlighting.

Image: Top-down view of the SPIRIT OF GAMER PRO-M8 Light Edition Gaming Mouse, illuminated with blue LED lighting. The DPI button and scroll wheel are visible.

Button Layout:

1. **Left Click Button:** Standard primary click function.
2. **Right Click Button:** Standard secondary click function.
3. **Scroll Wheel:** For scrolling and middle-click function.
4. **DPI Adjustment Button:** Cycles through DPI settings.
5. **Forward Button:** Navigates forward in web browsers or applications.
6. **Backward Button:** Navigates backward in web browsers or applications.
7. **Rapid Fire Button:** Executes multiple clicks with a single press.

4. SETUP

The SPIRIT OF GAMER PRO-M8 Light Edition Gaming Mouse is a plug-and-play device, requiring no additional drivers for basic functionality.

1. Unpack the gaming mouse from its packaging.
2. Connect the USB connector of the mouse to an available USB port on your computer.
3. The operating system will automatically detect and install the necessary drivers.
4. The mouse is now ready for use.

5. OPERATING INSTRUCTIONS

5.1. DPI Adjustment

The DPI (Dots Per Inch) button allows you to instantly change the mouse's sensitivity. Press the **DPI Adjustment Button** (Button 4) located below the scroll wheel to cycle through the available DPI settings:

- 800 DPI
- 1600 DPI
- 2500 DPI
- 3500 DPI

Each DPI setting may be indicated by a change in the LED color or a specific pattern, allowing for quick visual confirmation of the current sensitivity level.

5.2. LED Backlighting

The PRO-M8 Light Edition features dynamic LED backlighting that cycles through 4 distinct colors: blue, purple, green, and red. The lighting is automatic and provides visual feedback for the mouse's operational status.

5.3. Programmable Buttons

The mouse is equipped with 7 buttons, including a dedicated **Rapid Fire Button**. While basic functions are plug-and-play, advanced customization for programmable buttons may require specific software provided by the manufacturer. Refer to the official SPIRIT OF GAMER website for any available software downloads or configuration tools.

6. MAINTENANCE

To ensure the longevity and optimal performance of your gaming mouse, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Sensor:** Keep the optical sensor on the underside of the mouse clean and free from dust or debris.
- **Cable:** Avoid sharp bends or excessive pulling on the braided cable to prevent damage.
- **Storage:** Store the mouse in a dry environment, away from extreme temperatures and direct sunlight.

7. TROUBLESHOOTING

If you encounter issues with your SPIRIT OF GAMER PRO-M8 Light Edition Gaming Mouse, refer to the following common solutions:

- **Mouse Not Responding:**
 - Ensure the USB cable is securely connected to a working USB port on your computer.
 - Try connecting the mouse to a different USB port.
 - Restart your computer.
- **Cursor Movement Issues:**
 - Clean the optical sensor on the underside of the mouse.
 - Ensure you are using the mouse on a suitable surface (e.g., a mouse pad). Avoid highly reflective or transparent surfaces.
 - Adjust the DPI setting using the DPI button to see if it resolves the issue.
- **LED Lights Not Working:**
 - Verify the mouse is properly connected to your computer.
 - The LED lighting is automatic; if the mouse is powered, the LEDs should be active. If not, try connecting to another USB port or computer.
