## Prominence Home 51636-01

# Prominence Home Kailani 52-Inch LED Ceiling Fan User Manual

Model: 51636-01

## INTRODUCTION

Thank you for purchasing the Prominence Home Kailani 52-inch LED Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read all instructions carefully before beginning installation and retain this manual for future reference.

The Kailani ceiling fan features a 52-inch blade span, an integrated dimmable LED light, and a reversible motor for year-round comfort. It includes pull chains for convenient control of fan speed and light. The dual-finish blades offer versatile aesthetic options.

## SAFETY INFORMATION

**WARNING:** To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

1. Read all instructions and safety information before installing your fan and save these instructions.
2. All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
3. Before installation, disconnect power by turning off the circuit breakers at the main fuse box.
4. Ensure the installation site allows the fan blades to rotate without obstruction.
5. The fan must be mounted with a minimum of 7 feet (2.1 meters) clearance from the floor to the trailing edge of the blades.
6. Do not operate the fan with damaged blades.
7. Do not insert objects into the path of the fan blades while the fan is operating.

This product is designed to be code compliant. For more details on compliance, refer to the specifications section.

# Code Compliant

Our products are designed with **YOU** in mind.

Our products have been safety tested to ensure the ceiling fan you are installing in your home or business will not present a safety hazard.

Image: Certifications indicating compliance with Intertek, DOE, and CA CEPA/CARB/CEC regulations.

## PACKAGE CONTENTS

Verify that all components listed below are included in your package:

- Motor Housing Assembly
- Fan Blades (4)
- Blade Irons
- Light Kit Assembly with Integrated LED Board
- Frosted Glass Globe
- Downrod (6-inch standard)
- Canopy
- Mounting Bracket
- Hardware Pack (screws, washers, wire nuts)

- Pull Chains (2)
- Owner's Manual

## SETUP AND INSTALLATION

### 1. Mounting Options

The Kailani fan supports dual mounting options: standard downrod mount and angled ceiling mount. An angle bracket for ceilings greater than 17 degrees is sold separately.

## 4. Room Size and Placement

For optimal performance, ensure the fan size is appropriate for your room dimensions. This 52-inch fan is suitable for large rooms.

# Know Your Room Size

Use the guide below for best location of your ceiling fan

## Small Room

Less than 8 ft x 10 ft  
Fan Size Up to 32-in

## Medium Room

Up to 12 ft x 14 ft  
Fan Size 32-in to 48-in

## THIS FAN

## Large Room

Up to 12 ft x 18 ft  
Fan Size 48-in to 58-in

## OPERATING INSTRUCTIONS

### 1. Fan Speed Control

Use the pull chain designated for fan speed to cycle through the available speed settings (High, Medium, Low, Off).

### 2. Light Control

Use the pull chain designated for the light to turn the integrated LED light On or Off. The LED light is dimmable; refer to the separate remote control instructions if using a compatible universal remote (sold separately).

### 3. Reversible Motor Function

The fan features a reversible motor for seasonal use. A slide switch on the motor housing controls the direction of blade rotation.

- **Summer Mode:** Set the switch to circulate air downwards, creating a cooling effect.
- **Winter Mode:** Set the switch to circulate air upwards, helping to distribute warm air evenly throughout the room.

Image: Illustration showing the reversible motor function. In winter, warm air is circulated upwards. In summer, cool air is pushed downwards.

## MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Balance:** Check blade screws for tightness annually. Loose blades can cause wobbling and noise.
- **Light Kit:** The integrated LED light board is designed for long life and typically does not require replacement.

## TROUBLESHOOTING

---

If you experience issues with your fan, consult the following common solutions:

| Problem             | Possible Cause                                                               | Solution                                                                                                                                |
|---------------------|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Fan does not start  | No power to the fan; Loose wire connections; Motor switch in wrong position. | Check circuit breaker; Verify all wire connections are secure; Ensure motor reverse switch is fully engaged.                            |
| Fan wobbles         | Loose blade screws; Unbalanced blades; Loose mounting bracket.               | Tighten all blade screws; Use a balancing kit (not included) if necessary; Ensure mounting bracket is securely fastened to the ceiling. |
| Light does not work | Loose wire connection in light kit; Faulty LED board.                        | Check light kit wiring connections; Contact customer support if LED board is suspected to be faulty.                                    |
| Noisy operation     | Loose screws; Motor hum; Blades hitting an obstruction.                      | Check and tighten all screws; Ensure no parts are rubbing; Verify blades are clear of obstructions.                                     |
