› Logitech Folio Touch Keyboard Case with Trackpad for iPad Air (4th & 5th Gen) - iK1094BKA Instruction Manual

Logitech iK1094BKA

Logitech Folio Touch Keyboard Case with Trackpad

MODEL: iK1094BKA - INSTRUCTION MANUAL

Introduction

The Logitech Folio Touch is a versatile keyboard case designed for the iPad Air (5th Generation 2022 and 4th Generation 2020). It integrates a high-precision trackpad and a full-size, backlit Japanese layout keyboard, enhancing your iPad Air's functionality for various tasks. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal use of your device.

Setup

1. **Attaching Your iPad Air:** Align your iPad Air with the case and gently press it into place. Ensure the Smart Connector on the iPad aligns with the corresponding pins on the case. The magnetic connection will secure the iPad.
2. **Smart Connector Connection:** The Folio Touch keyboard case connects instantly to your iPad Air via the Smart Connector. No Bluetooth pairing or separate charging is required for the keyboard, as it draws power directly from the iPad.

Smart Connectorで接続しiPad Airから給電される為、キーボードの充電の必要が無く、またペアリングの作業も必要ありません

Operating Instructions

Usage Modes

The adjustable kickstand and foldable keyboard allow for four distinct usage modes:

- **Typing Mode:** Position the iPad upright with the keyboard extended for comfortable typing.
- **Viewing Mode:** Fold the keyboard back and adjust the kickstand to an optimal angle for watching videos or presentations.
- **Sketching Mode:** Lower the iPad to a comfortable angle for drawing or writing with Apple Pencil or Logitech Crayon.
- **Reading Mode:** Fold the keyboard completely behind the iPad for a tablet-like experience, ideal for reading e-books or browsing.

**キーボード部分を後ろにも折りたためるので、
角度調整のできるキックスタンドと組み合わせて
どのような用途でも最適な角度に調整できます**

Keyboard Functions

- **Typing:** The full-size, well-spaced Japanese layout keys provide a comfortable and accurate typing experience, similar to a laptop. The scissor-mechanism keys offer a satisfying tactile response.
- **Backlit Keys:** The keyboard features 16 levels of backlighting that automatically adjust to ambient light. You can also manually adjust the brightness using dedicated shortcut keys. This ensures visibility in various lighting conditions, including dim environments.
- **iPadOS Shortcut Keys:** A dedicated row of shortcut keys allows for quick access to iPadOS functions such as Home, screen brightness adjustment, on-screen keyboard toggle, search, media controls (play/pause, previous/next track), volume control (mute, up/down), and iPad lock.

Note: The actual product features a Japanese key layout.

Trackpad Functions

The high-precision trackpad supports familiar multi-touch gestures, allowing for fluid and intuitive navigation of your iPad Air. This enables precise control for tasks like editing documents, highlighting spreadsheet cells, copying text, and editing emails.

- **Gestures:** Utilize gestures such as swipe, tap, pinch, and scroll for efficient interaction with iPadOS.
- **Precision:** The trackpad offers enhanced precision for applications like Notes, Pages, Numbers, and Keynote.

高精度のトラックパッドを搭載、ノートPCのようにiPad Airを快適に使用できます ※トラックパッドジェスチャ対応

Maintenance

- **Cleaning:** Use a soft, damp cloth to clean the exterior of the case. Avoid harsh chemicals or abrasive materials.
- **Keyboard Care:** Gently brush away any dust or debris from between the keys. Do not spray cleaning solutions directly onto the keyboard.
- **Storage:** When not in use, keep the case closed to protect both the iPad and the keyboard. Store in a dry environment away from extreme temperatures.
- **Pencil Holder:** The case includes a dedicated space for Apple Pencil (2nd Gen) or Logitech Crayon, allowing for convenient storage and charging of the Apple Pencil without removing the case.

Troubleshooting

- **Keyboard Not Responding:** Ensure your iPad Air is correctly seated in the case and the Smart Connector pins are clean and making full contact. Remove and reattach the iPad to reset the connection.
- **Trackpad Not Working:** Verify that your iPadOS version is 13.4 or later. Check iPad settings to ensure trackpad support is enabled.
- **Backlight Issues:** Ensure your iPadOS version is 13.6 or later for full backlight functionality. Try adjusting the brightness manually using the dedicated keys.
- **iPad Not Fitting:** Confirm your iPad model is compatible (iPad Air 4th Gen or 5th Gen). The case is specifically designed for these models.

Specifications

Feature	Detail
Compatible Devices	iPad Air 10.9-inch (5th Gen 2022 Model, 4th Gen 2020 Model)
