INTRODUCTION

The Monopoly: Go Green Edition board game offers a unique twist on the classic property trading game, focusing on environmental sustainability. Players engage in buying, selling, and trading properties with an emphasis on eco-friendly

investments. This edition features components made from recycled and plant-based materials, promoting an understanding of sustainable practices within the game's framework.

COMPONENTS

Before starting, ensure all components are present:

- Gameboard
- 6 Plant-Based Plastic Tokens
- 18 Title Deed Cards
- 16 Community Chest Cards
- 16 Chance Cards
- 12 Wooden Greenhouses (replacing houses)
- 2 Wooden Dice
- Monopoly Money (made from 100% recycled paper)
- Game Guide

SETUP

1. Place the gameboard on a flat surface.
2. Separate the Title Deed cards, Chance cards, and Community Chest cards into their respective piles on the board.
3. Each player selects a plant-based plastic token to represent them on the board.
4. Designate one player as the Banker. The Banker is responsible for all money, Title Deeds, Greenhouses, and Utilities not yet owned by players. The Banker also handles all transactions.
5. The Banker distributes starting money to each player. Refer to the Game Guide for specific starting amounts.
6. Each player rolls both wooden dice. The player with the highest total starts the game. Play proceeds clockwise.

OPERATING (GAMEPLAY)

Gameplay in Monopoly: Go Green Edition follows the core rules of Monopoly with environmental adaptations:

- **Movement:** Roll the two wooden dice and move your token clockwise around the board the corresponding number of spaces.
- **Properties:** Land on unowned properties to buy them from the Bank. If you land on an owned property, pay rent to the owner.
- **Greening Up:** Instead of traditional houses and hotels, players build wooden greenhouses on their properties to increase rent.
- **Utilities:** The utilities are now a Wind Farm and a Solar Field. Rent is determined by the dice roll, multiplied by a factor based on how many utilities are owned.
- **Railroads:** Railroads are replaced by Bike Paths, offering a sustainable mode of transport.
- **Chance & Community Chest:** Draw cards from these piles and follow the instructions, which often include environmentally themed scenarios.
- **Bankruptcy:** If a player cannot pay their debts, they declare bankruptcy and are out of the game.
- **Winning:** The last player remaining in the game after all others have gone bankrupt is the winner.

MAINTENANCE

To ensure the longevity of your Monopoly: Go Green Edition game:

- Store all components in the original box when not in use to prevent loss or damage.
- Keep the game away from direct sunlight and moisture to preserve the integrity of the paper and wooden components.
- Clean the game board and plastic tokens with a dry, soft cloth if necessary. Avoid using harsh chemicals or abrasive materials.
- Handle cards and money with care to prevent creasing or tearing.
