Spigen ACS02619

Spigen Tough Armor Mag Case for iPhone 12 Pro Max Instruction Manual

PRODUCT OVERVIEW

The Spigen Tough Armor Mag case is engineered to provide robust protection and enhanced functionality for your iPhone 12 Pro Max. This case features a dual-layer design combining TPU and polycarbonate for superior shock absorption, along with integrated magnets for seamless compatibility with MagSafe accessories. It is designed to offer a precise fit, tactile button response, and elevated bezels for screen and camera protection.

INSTALLATION GUIDE

1. Compatibility Check

Ensure your device is an iPhone 12 Pro Max (6.7-inch model). This case is specifically designed for this model and is not compatible with iPhone 12, iPhone 12 Pro (6.1-inch), or iPhone 12 mini (5.4-inch).

Compatibility. Please check the model of the iPhone 12.

2. Case Installation

1. Gently align your iPhone 12 Pro Max with the case, ensuring the camera module and ports are correctly positioned.
2. Insert the phone into the case, starting with one side and then pressing the other side firmly until the phone is fully seated within the case.
3. Verify that all edges of the phone are securely covered by the case and that the buttons align correctly. The case features tactile buttons for solid feedback and an easy press.

USAGE INSTRUCTIONS

MagSafe Functionality

The Spigen Tough Armor Mag case is designed with embedded magnets to ensure full compatibility with MagSafe accessories. This allows for a strong, firm hold with MagSafe chargers, wallets, and other magnetic accessories.

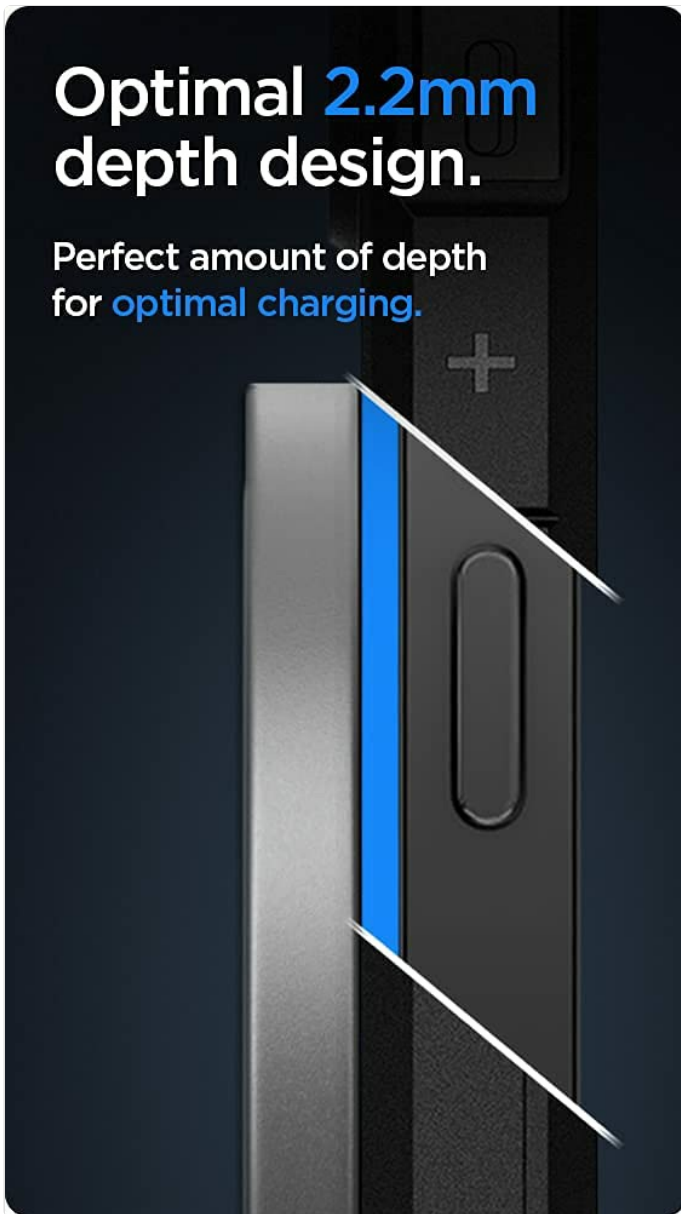

MagSafe compatible

Protection Features

- **Air Cushion Technology:** The case incorporates Spigen's Air Cushion Technology in its corners to provide advanced shock absorption, protecting your device from drops and impacts.
- **Raised Bezels:** Strategically raised lips around the screen and camera module offer additional protection against surface scratches when the phone is placed face down or on its back.

CARE AND MAINTENANCE

To maintain the appearance and integrity of your Spigen Tough Armor Mag case, follow these simple care instructions:

- Clean the case regularly with a soft, damp cloth.
- For stubborn dirt, use a small amount of mild soap or a non-abrasive cleaner. Avoid harsh chemicals or abrasive materials, as these can damage the case's finish.
- Ensure the case is completely dry before reattaching it to your iPhone.

TROUBLESHOOTING

Case Fit Issues

If the case does not fit correctly, double-check that you have an iPhone 12 Pro Max. This case is precisely molded for this specific model. Incorrect model usage will result in a poor fit.

MagSafe Accessory Not Sticking

Ensure the MagSafe accessory is genuinely MagSafe compatible. The case's integrated magnets are designed for optimal performance with official MagSafe products. Check for any debris between the case and the accessory that might interfere with the magnetic connection.
