

Riobel PX6

Riobel PX6 Paradox 24-inch Towel Bar Instruction Manual

Model: PX6

1. INTRODUCTION AND OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your Riobel PX6 Paradox 24-inch Towel Bar. Please read all instructions carefully before beginning installation to ensure proper function and longevity of the product.

The Riobel PX6 Paradox towel bar is designed to complement contemporary bathroom aesthetics, offering both functionality and a sophisticated design. It is constructed from durable zinc material.

2. SAFETY INFORMATION

Always observe basic safety precautions during installation and use. Failure to do so may result in injury or damage to the product or property.

- Ensure all power tools are used according to their manufacturer's instructions.
- Wear appropriate personal protective equipment, such as safety glasses, during drilling and installation.
- Verify the wall material can support the weight of the towel bar and towels.
- Avoid drilling into electrical wires or plumbing pipes within the wall. Use a stud finder and wall scanner if unsure.
- Keep small parts out of reach of children.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning installation. If any parts are missing or damaged, contact Riobel customer support.

- Riobel PX6 Paradox 24-inch Towel Bar assembly (1)
- Mounting brackets (2)
- Mounting screws and wall anchors (quantity as required)
- Hex key (for set screws) (1)

4. TOOLS REQUIRED FOR INSTALLATION

The following tools are typically required for installing the towel bar:

- Pencil
- Measuring Tape
- Level
- Drill with appropriate drill bit for wall anchors
- Phillips Head Screwdriver
- Stud Finder (recommended)

5. INSTALLATION INSTRUCTIONS

Follow these steps to properly install your Riobel PX6 Paradox 24-inch Towel Bar:

1. **Determine Location:** Choose a suitable location on the wall, ensuring it is level and at a convenient height. Use a measuring tape and pencil to mark the desired center-to-center distance of 24 inches for the mounting brackets.
2. **Prepare Mounting Brackets:** Separate the mounting brackets from the towel bar assembly by loosening the set screws with the provided hex key.
3. **Mark Drill Holes:** Hold one mounting bracket against the wall at your first marked location. Use a level to ensure it is straight. Mark the positions for the drill holes through the bracket. Repeat for the second bracket, ensuring the 24-inch center-to-center distance is maintained and both brackets are level with each other.
4. **Drill Holes:** Using an appropriate drill bit for your wall type and anchors, carefully drill holes at the marked locations. If drilling into drywall, insert the wall anchors until they are flush with the wall surface. If drilling into a wood stud, anchors may not be necessary, but ensure screws are securely fastened.
5. **Attach Mounting Brackets:** Securely fasten the mounting brackets to the wall using the provided screws. Ensure they are firmly attached and level.
6. **Mount Towel Bar:** Align the towel bar assembly with the installed mounting brackets. Slide the towel bar onto the brackets.

7. **Secure Towel Bar:** Tighten the set screws on the underside of the towel bar assembly using the hex key. Ensure the towel bar is firmly attached to the brackets and does not wobble. Do not overtighten.
8. **Final Check:** Gently pull on the towel bar to confirm it is securely mounted to the wall.

6. OPERATING INSTRUCTIONS

The Riobel PX6 Paradox Towel Bar is designed for hanging towels and other lightweight bathroom textiles. Simply drape your towels over the bars. Avoid hanging excessively heavy items that could exceed the structural integrity of the wall mounting or the product itself.

7. MAINTENANCE

To maintain the finish and appearance of your Riobel PX6 Paradox Towel Bar, follow these cleaning guidelines:

- Clean regularly with a soft, damp cloth.
- For more thorough cleaning, use a mild soap and water solution. Rinse thoroughly with clean water and dry immediately with a soft cloth to prevent water spots.
- **Do not** use abrasive cleaners, harsh chemicals, ammonia-based products, or scouring pads, as these can damage the finish.
- Periodically check the mounting screws for tightness and re-tighten if necessary to ensure stability.

8. TROUBLESHOOTING

If you encounter any issues with your towel bar, refer to the following common solutions:

- **Towel Bar Feels Loose:**
 - Check if the set screws on the underside of the towel bar are tight. Tighten them with the hex key.
 - Verify that the mounting screws securing the brackets to the wall are tight. If they are loose, carefully re-tighten them. If wall anchors are failing, consider using larger anchors or relocating the bar to a stud.
- **Finish Damage:**
 - Ensure only mild, non-abrasive cleaners are used. Harsh chemicals can cause irreversible damage.
 - Avoid direct impact with hard objects that could chip or scratch the finish.

9. SPECIFICATIONS

Feature	Detail
Brand	Riobel
Model	PX6 Paradox
Overall Width	25-3/8 inches (64.45 cm)
Center to Center	24 inches (60.96 cm)
