

GUY-TECH MPD835

GUY-TECH AC Adapter Instruction Manual for Magnavox MPD835 Portable DVD Player

1. INTRODUCTION

This instruction manual provides essential information for the safe and effective use of your GUY-TECH AC Adapter, designed as a compatible replacement power supply for the Magnavox MPD835 Portable DVD Player. Please read this manual thoroughly before use and retain it for future reference.

2. PRODUCT OVERVIEW

The GUY-TECH AC Adapter is a high-quality power supply unit engineered to provide reliable power to your Magnavox MPD835 Portable DVD Player. It features a durable design, a 5-foot cable for convenient reach, and an LED indicator to confirm power status.

Image 1: GUY-TECH AC Adapter. This image displays the main power adapter unit, featuring a standard US two-prong plug, a black power brick with ventilation slots, a coiled black cable approximately 5 feet long, and a right-angle barrel connector at the end. A small red LED indicator is visible on the power brick.

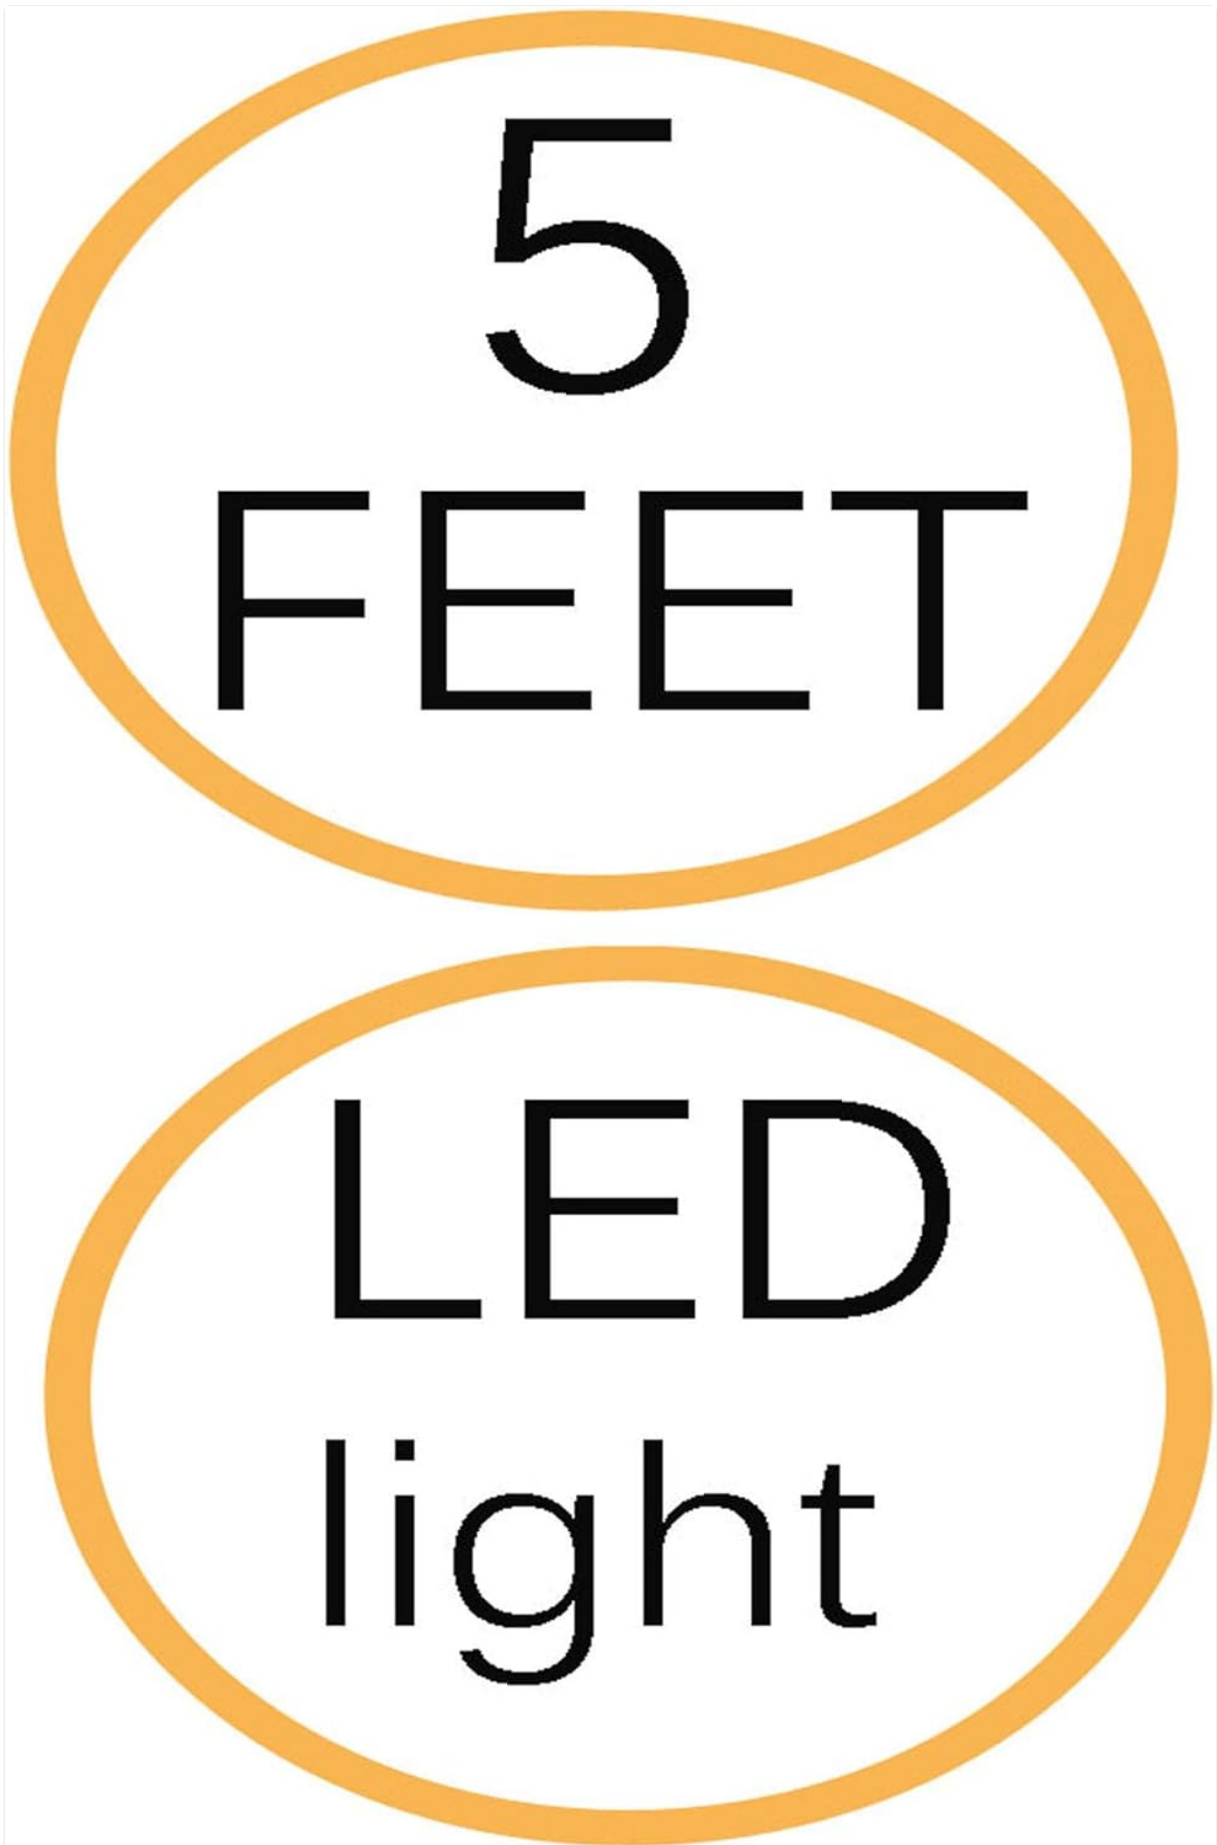

Image 2: Key Features. This image highlights two key features of the adapter: "5 FEET" indicating the cable length, and "LED light" referring to the power indicator, both enclosed in orange circular outlines.

Key Features:

- **Input Voltage:** 100V - 240V (worldwide compatibility)

- **Cable Length:** Approximately 5 feet
- **LED Indicator:** Confirms power status
- **Safety Features:** Over Voltage Output Protection, Over Current Output Protection, Short Circuit Output Protection
- **Connector Type:** Barrel connector

3. COMPATIBILITY

This AC adapter is specifically designed as a compatible replacement for the **Magnavox MPD835 Portable DVD Player**. Ensure your device model matches this specification for proper functionality.

Important: *If your model is not listed, please verify compatibility before use.*

4. SETUP INSTRUCTIONS

1. **Verify Power Requirements:** Confirm that your Magnavox MPD835 Portable DVD Player requires a DC power supply within the adapter's specifications.
2. **Connect to Device:** Insert the barrel connector end of the GUY-TECH AC Adapter firmly into the DC input port of your Magnavox MPD835 Portable DVD Player.
3. **Connect to Power Outlet:** Plug the AC adapter's two-prong plug into a standard 100V-240V AC wall outlet.
4. **Power Confirmation:** Observe the LED indicator on the adapter. A lit LED indicates that the adapter is receiving power and is ready to supply power to your device.

5. OPERATING INSTRUCTIONS

Once connected as described in the Setup section, the GUY-TECH AC Adapter will continuously supply power to your Magnavox MPD835 Portable DVD Player. The LED indicator on the adapter will remain lit when power is being supplied.

To power off your device, either disconnect the adapter from the wall outlet or turn off the DVD player using its own power controls.

6. MAINTENANCE AND CARE

- Keep the adapter in a dry environment, away from moisture and extreme temperatures.
- Avoid bending or kinking the cable excessively to prevent internal damage.
- Do not attempt to open or repair the adapter yourself. Refer to qualified personnel for service.
- Clean the adapter's exterior with a soft, dry cloth. Do not use liquid cleaners.
- Unplug the adapter from the wall outlet when not in use for extended periods.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Adapter LED is off, device not powering on.	No power from outlet; loose connection; faulty adapter.	Check wall outlet with another device; ensure all connections are secure; try a different outlet. If problem persists, the adapter may be faulty.
Device powers on but shuts off intermittently.	Loose connection; power fluctuation; adapter overheating.	Ensure connections are tight. Use in a well-ventilated area. If overheating, disconnect and allow to cool.
Adapter feels unusually hot.	Overload; poor ventilation; internal fault.	Ensure the adapter is not covered. Disconnect immediately if excessively hot. Do not use if it continues to overheat.
