## ErGear EGESD3-1

# ErGear Electric Stand Up Desk Frame Instruction Manual

Model: EGESD3-1

## INTRODUCTION

The ErGear Electric Stand Up Desk Frame is designed to enhance your workspace by providing ergonomic comfort and height flexibility. This frame allows for seamless transitions between sitting and standing positions, promoting better posture and increased productivity throughout your workday. Its robust construction ensures stability and long-lasting performance.

## SAFETY INFORMATION

**Caution:** This electric standing desk frame can support up to 120KG (approximately 264 lbs). Ensure stable placement on a level surface. Avoid contact with moving parts during operation to prevent injury. Always keep children and pets away from the desk while it is in motion. Do not overload the desk beyond its stated weight capacity.

## WHAT'S IN THE Box

Your ErGear Electric Stand Up Desk Frame package includes:

- Electric Stand Up Desk Frame components
- Installation Accessories (screws, tools, etc.)
- Detailed Instructions Manual

## SETUP AND ASSEMBLY

Assembly of your ErGear Electric Stand Up Desk Frame is designed to be hassle-free. Follow the detailed instructions and use the labeled hardware provided in the package.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list in the included manual.
2. **Assemble Frame:** Connect the crossbars and legs according to the diagrams. The crossbars are adjustable from 35.4 inches to 53.1 inches in length, with a fixed width of 16.2 inches.
3. **Attach Desktop:** This frame is compatible with desktops ranging from 39.4 to 63.3 inches in length and 24 to 30 inches in depth. Secure your chosen desktop to the frame using the provided hardware.

4. **Connect Control Panel:** Attach the intuitive control panel to the underside of your desktop.

5. **Power Connection:** Plug the desk frame into a suitable power outlet.

# SUITABLE TABLES SIZE

Length of 39.4" to 63" and a width of 24" to 30"

Image: Diagram illustrating suitable desktop sizes for the ErGear frame, ranging from 39.4" to 63" in length and 24" to 30" in width.

## OPERATING INSTRUCTIONS

The ErGear Electric Stand Up Desk Frame features an easy-to-use control panel for height adjustments and memory presets.

- **Height Adjustment:** Use the up (^) and down (v) arrows on the control panel to smoothly adjust the desk height from 28.3 inches to 46.5 inches.
- **Memory Presets:** The control panel includes 4 memory presets (buttons 1, 2, 3, 4). To save a preferred height, adjust the desk to the desired level, then press and hold one of the preset buttons until the display flashes or beeps, indicating the height is saved.
- **Quiet Operation:** The desk operates at a quiet 55 dB, ensuring minimal disturbance in your workspace.
- **Anti-Collision Technology:** The desk is equipped with anti-collision technology to prevent damage. If the desk encounters an obstacle during movement, it will automatically stop and slightly reverse.

# 3 CUSTOM HEIGHT SETTINGS

adjust height from 28.3" ~ 46.5"

## MAINTENANCE

To ensure the longevity and optimal performance of your ErGear Electric Stand Up Desk Frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **Check Connections:** Periodically inspect all screws and connections to ensure they are secure. Tighten if necessary.

- **Cable Management:** Keep power cords and other cables tidy and away from moving parts to prevent entanglement or damage.

## TROUBLESHOOTING

If you encounter any issues with your ErGear Electric Stand Up Desk Frame, please refer to the following common troubleshooting steps:

- **Desk Not Moving:**

- Ensure the power cord is securely plugged into both the desk and the wall outlet.
- Check if any cables are pinched or tangled.
- If the control panel displays an error code, consult the detailed manual for specific instructions.

- **Uneven Movement:**

- Verify that the desk is placed on a flat, level surface.
- Ensure the weight on the desktop is evenly distributed and does not exceed the maximum capacity.

- **Noise During Operation:**

- A slight motor hum is normal (under 55 dB). If the noise is excessive or unusual, check for loose components or obstructions.

For persistent issues or problems not covered here, please contact our U.S.-based product support team.

## SPECIFICATIONS

Feature	Detail
Brand	ErGear
Model Number	EGESD3-1
Height Adjustment Range	28.3" to 46.5"
Crossbar Length Adjustment	35.4" to 53.1"
