VASAGLE RVT015B01

VASAGLE RVT015B01 Dressing Table with Stool and Dimmable LED Mirror Instruction Manual

Model: RVT015B01

1. INTRODUCTION

Thank you for choosing the VASAGLE RVT015B01 Dressing Table. This manual provides essential information for the safe assembly, operation, and maintenance of your new dressing table. Please read these instructions carefully before assembly and retain them for future reference.

2. SAFETY INFORMATION

- **Anti-Tipping Device:** For safety, always attach the product to the wall using the provided anti-tipping device. This prevents accidental tipping, especially important in households with children.
- **Stool Weight Limit:** The maximum static load capacity of the stool is 150 kg (330 lbs). Do not exceed this limit to prevent damage or injury.
- **Children Safety:** Children are prohibited from climbing on the product or playing with it. Ensure the product is stable and secured to prevent accidents.
- **Power Adapter:** The LED bulbs may require a specific power adapter (e.g., US/China to France adapter) depending on your region. Ensure you use the correct adapter for safe operation.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Dressing Table
- 1 x Stool
- 1 x Anti-Tipping Device
- 1 x Assembly Kit (including numbered parts and screws)
- 1 x Instruction Manual
- 10 x LED Bulbs (plus 1 spare bulb)

4. SETUP AND ASSEMBLY

Assembly of the VASAGLE RVT015B01 dressing table is designed to be straightforward. Follow the step-by-step instructions provided in the included manual. All parts are numbered for easy identification.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the parts list and diagrams in the assembly manual to identify each component.
3. **Assemble Frame:** Begin by assembling the main frame of the dressing table according to the instructions.
4. **Install Drawers:** Insert the drawers into their designated slots. Note that the three lower drawers feature fabric sides with a hard bottom insert.
5. **Attach Mirror and Lights:** Secure the mirror to the table. Install the 10 LED bulbs around the mirror. Ensure all connections are firm.
6. **Assemble Stool:** Follow the instructions to assemble the stool.
7. **Secure to Wall:** Crucially, use the provided anti-tipping device to secure the dressing table to a sturdy wall.

5. OPERATING INSTRUCTIONS

5.1 LED Mirror Lights

The dressing table features 10 LED bulbs around the mirror, designed to provide adjustable illumination for your grooming needs.

- **Power On/Off:** Connect the LED light string to a suitable power outlet using the appropriate adapter. Press the power button on the light control to turn the lights on or off.
- **Adjust Brightness:** The LED lights are continuously dimmable. Use the dimmer control (usually a touch sensor or rotary knob) to adjust the light intensity to your preference.

Image 5.2: The dressing table with its LED lights providing ample illumination, integrated into a bedroom environment.

6. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Regularly dust the table and mirror with a dry, soft cloth.
- **Drawer Care:** The fabric drawers can be spot cleaned with a mild detergent if necessary. Ensure they are completely dry before placing items inside.
- **Tighten Fasteners:** Periodically check and tighten all screws and fasteners to ensure the stability of the dressing table and stool.

7. TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure the power adapter is correctly plugged into a functional outlet and securely connected to the light string.
 - Verify that the correct power adapter for your region is being used (e.g., a US/China to France adapter)

might be required).

- Check if any individual bulbs are loose or damaged. Replace with the spare bulb if necessary.
- **LED Lights Remain Slightly Phosphorescent When Off:** This is a known characteristic for some LED bulbs and typically does not indicate a malfunction. If it is disruptive, ensure the power switch is fully off or unplug the unit.
- **Drawers Do Not Slide Smoothly:**
 - Ensure the drawer runners are clean and free of obstructions.
 - Verify that the drawers are correctly assembled and inserted into their tracks.
 - Confirm that the items stored in the fabric drawers do not exceed their capacity or cause them to bulge, which could impede movement.
- **Drawer Handles Are Loose:** Tighten the screws securing the drawer handles. If the screws do not tighten properly, ensure they are the correct size and type for the handles and drawer material.
