## WUHAO HB386590ECW

# WUHAO Replacement Battery User Manual

Model: HB386590ECW for Huawei Honor 8X

## INTRODUCTION

This manual provides essential information for the installation, operation, and maintenance of your WUHAO HB386590ECW replacement battery for the Huawei Honor 8X (models JSN-L22, JSN-L23). Please read these instructions carefully before proceeding with the battery replacement to ensure safe and optimal performance.

## SAFETY INFORMATION

Lithium-ion batteries can be hazardous if not handled correctly. Observe the following safety precautions:

- Do not disassemble, puncture, crush, heat, or burn the battery.
- Avoid exposing the battery to high temperatures or direct sunlight.
- Do not allow the battery to come into contact with water or other liquids.
- If the battery appears damaged, swollen, or leaks, discontinue use immediately and dispose of it properly.
- Keep the battery out of reach of children.
- Dispose of old batteries according to local regulations.

## For Huawei Honor 8X Li-ion Battery Replacement

Image: This battery is designed with built-in protection against over-heating, short-circuiting, over-charging, and over-discharging to ensure safety and longevity.

### PACKAGE CONTENTS

Your package should contain the following items:

- 1 x WUHAO HB386590ECW Replacement Battery
- 1 x Set of basic installation tools (as shown in product images)
- Adhesive tape for battery installation

**WUHAO** replacement battery bring life back to  
your old phone!

Image: The package includes the replacement battery and a basic set of tools to assist with the installation process.

### SETUP AND INSTALLATION

Replacing a phone battery requires careful handling and specific tools. While a basic tool kit is provided, additional specialized tools may be necessary. We highly recommend watching instructional videos before attempting the replacement.

1. **Verify Compatibility:** Ensure the replacement battery model HB386590ECW is compatible with your Huawei Honor 8X (JSN-L22, JSN-L23) or Huawei View 10 Lite.
2. **Gather Resources:** Search for "Huawei Honor 8X battery replacement" tutorials on video platforms like [YouTube](#). Watch several videos to understand the process thoroughly.
3. **Prepare Workspace:** Work in a clean, well-lit, and static-free environment.
4. **Power Off Device:** Completely power off your phone before starting the replacement.
5. **Disassembly:** Carefully follow the steps outlined in the video tutorials to open your phone and remove the old battery. This typically involves heating the back cover, using suction cups, and prying tools.
6. **Disconnect Old Battery:** Gently disconnect the old battery's ribbon cable from the motherboard.
7. **Install New Battery:** Connect the new WUHAO battery's ribbon cable securely. Ensure it is properly seated and clipped.
8. **Reassembly:** Carefully reassemble your phone, ensuring all components are correctly placed and secured.

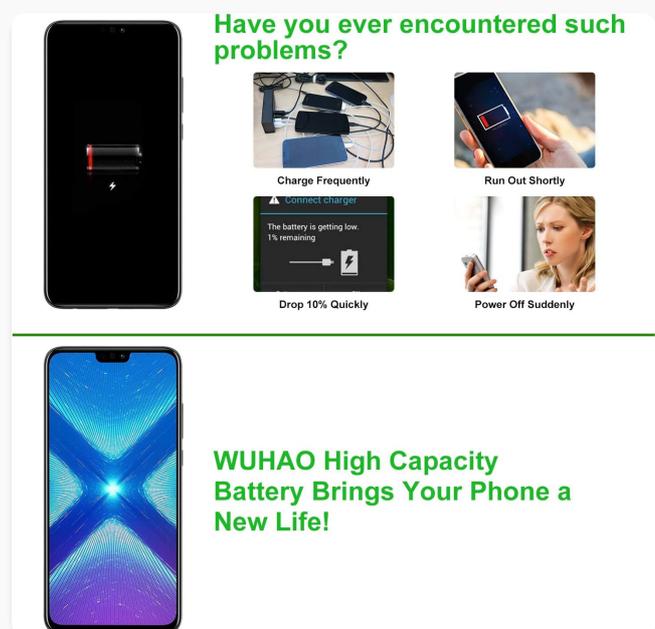

Image: The WUHAO replacement battery is designed to perfectly fit the Huawei Honor 8X. Ensure your phone model is listed among the compatible devices.

## OPERATING INSTRUCTIONS

After successful installation, follow these steps for optimal battery performance:

1. **Initial Charge:** Fully charge the new battery to 100% without interruption.
2. **First Cycles:** For the first 3 to 5 charge and discharge cycles, allow the battery to fully discharge (until the phone turns off) and then fully charge to 100%. This helps calibrate the battery and optimize its performance and longevity.
3. **Normal Use:** After the initial calibration cycles, you can charge the battery as needed.

## Useful Reminder:

1. Please check for phone model to ensure that the replacement battery match yours.
2. You can find some instruction videos on YouTube or find a technician for help if you don't know how to replace your battery.
3. At the first beginning, the battery will drain quickly, this issue is caused due to the li-ion of a new battery is unstable, it will become normal after long-term use.
4. If you are unable to turn your phone on after installed, please reinstall the ribbon cable, check its connector and clip it hard. Next, charge your phone for 20 minutes or longer. Then try to turn on your phone once again.
5. If your phone keeps rebooting and blinking phone logo or can't hold a charge. Maybe the ribbon cable does not connect well. Please reinstall the ribbon cable, check its connector and clip it hard.
6. Please remember that its full performance and longevity is only achieved after 3 to 5 complete charge and discharge cycles.

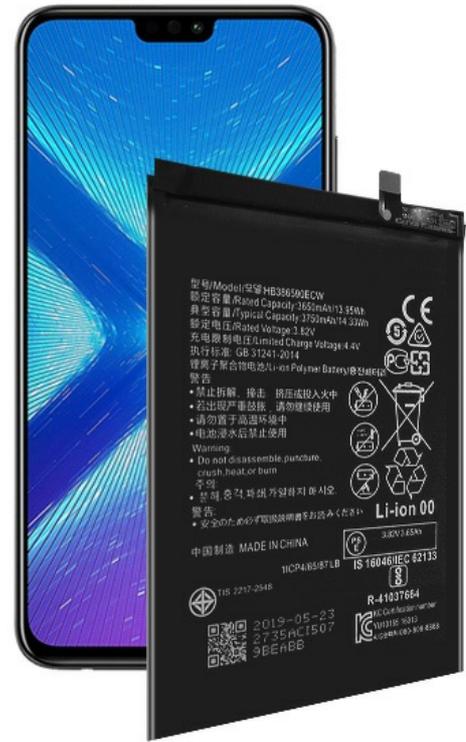

Image: The replacement battery offers a high capacity of 3650 mAh, providing reliable power for your device.

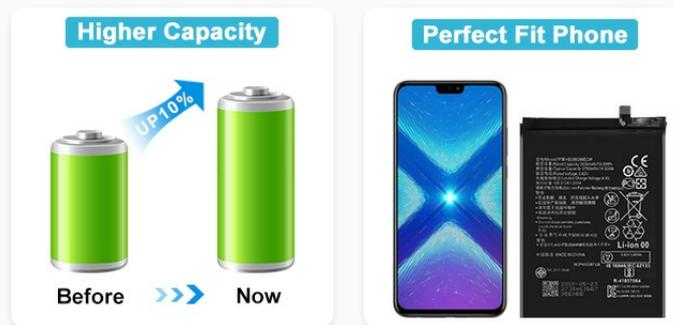

Image: This replacement battery offers a higher capacity compared to older, degraded batteries, and is designed to be equivalent to the original battery's specifications.

## MAINTENANCE

To prolong the life of your battery:

- Avoid extreme temperatures (very hot or very cold).
- Do not leave the battery fully discharged for extended periods.
- Store the phone with a charge level between 50% and 80% if not used for a long time.
- Use a quality charger and cable.

## TROUBLESHOOTING

If you encounter issues after battery replacement, consider the following:

- **Phone not turning on or rebooting:**  
Reinstall the ribbon cable. Ensure the connector is firmly clipped. Charge your phone for at least 20 minutes, then try turning it on.

- **Battery drains quickly initially:**

This is normal for a new Li-ion battery as it stabilizes. Performance will normalize after 3 to 5 complete charge and discharge cycles.

- **Tools not suitable:**

The provided tools are basic. You may need to acquire additional specialized tools for certain disassembly steps.

- **Battery not charging:**

Check the charging port for debris. Try a different charger and cable. Ensure the battery connector is properly seated.

## Compatible Model:

- Huawei Honor 8X
- Huawei Honor 8X JSN-L22
- Huawei Honor 8X JSN-L23
- Huawei View 10 Lite
- Huawei JSN-L11 L21 L22 L23 L42 JSN-AL00 TL00

Image: This battery is designed to resolve common issues such as frequent charging, rapid discharge, sudden percentage drops, and unexpected power-offs.

# Brand New 0 Cycle

At the first beginning, the battery will drain quickly, this issue is caused due to the li-ion of a new battery is unstable, it will become normal after long-term use.

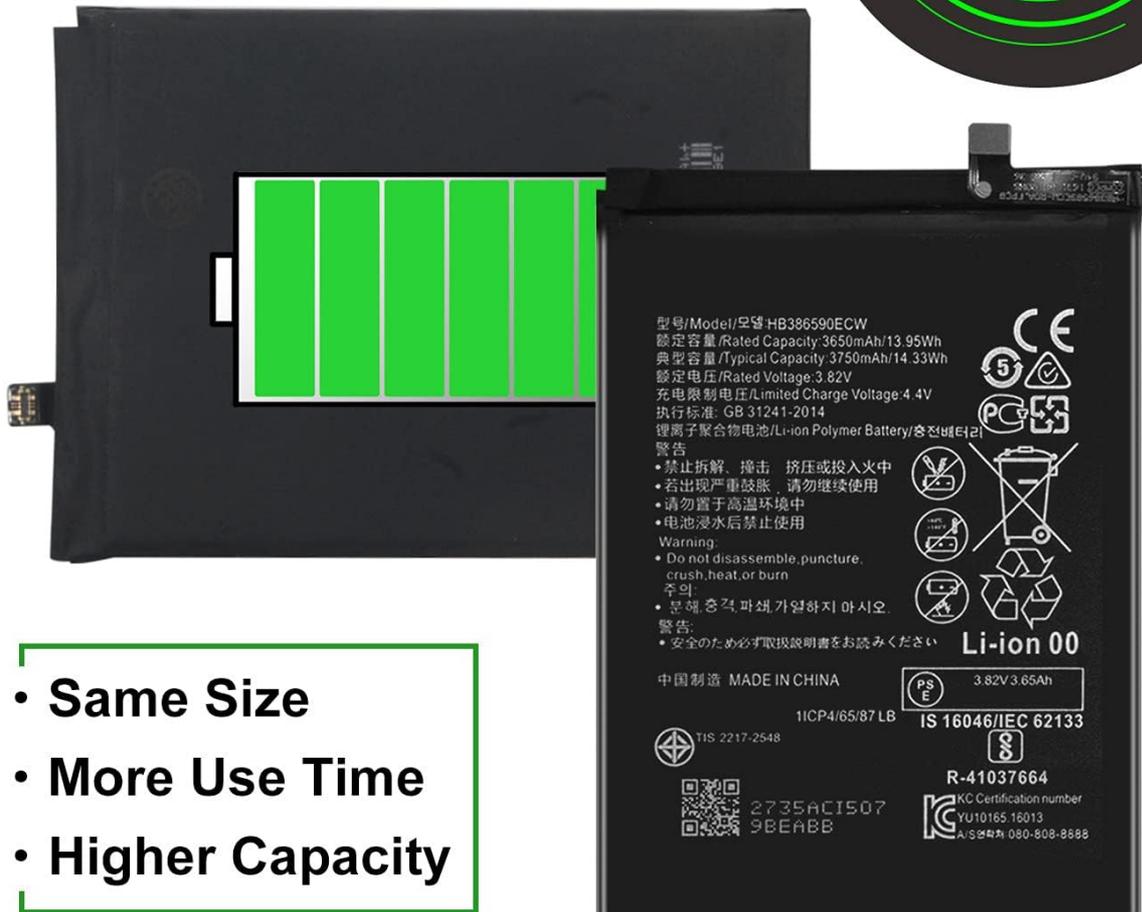

Please remember that its full performance and longevity is only achieved after 3 to 5 complete charge and discharge cycles.

Image: A new battery may initially drain quickly due to instability. Full performance and longevity are achieved after 3 to 5 complete charge and discharge cycles.

# Upgrade High Capacity

3650  
mAh

- Same Size
- More Use Time
- Higher Capacity

Image: Important reminders for checking phone model, seeking professional help, understanding initial battery behavior, and ensuring proper cable connection.

## SPECIFICATIONS

Feature	Detail
Model Number	HB386590ECW
Compatible Devices	Huawei Honor 8X (JSN-L22, JSN-L23), Huawei View 10 Lite
Rated Capacity	3650mAh / 13.95Wh
Typical Capacity	3750mAh / 14.33Wh
Rated Voltage	3.82V
Limited Charge Voltage	4.4V
Battery Type	Lithium Ion Polymer Battery

Protection Features	Over-Charging, Over-Discharging, Over-Heating, Short-Circuiting Protection
Item Weight	2.89 ounces
Package Dimensions	5.16 x 3.27 x 0.67 inches

## High Quality IC Chip

Built in smart IC chip to prevent over-charging, over-discharging, over-heating, over-circuit, over-current and other safety features.

*Image: The battery incorporates a high-quality IC chip for advanced protection against various electrical issues.*

### WARRANTY AND SUPPORT

WUHAO products come with a commitment to quality and customer satisfaction. All items are thoroughly tested before shipping.

- **Quality Assurance:** This battery has undergone strict quality control standards and professional machine testing three times before shipping to ensure reliability.
- **After-sales Service:** For any questions or concerns regarding your purchase, whether pre-sales or after-sales, please contact WUHAO customer service.

For assistance, please refer to the seller contact information on the platform where you purchased this product.
