V7 Wireless Bluetooth Stereo ANC Headphones

USER MANUAL

Image: Front view of the V7 Wireless Bluetooth Stereo ANC Headphones, showcasing their sleek black design.

1. INTRODUCTION

The V7 Wireless Bluetooth Stereo ANC Headphones are designed to provide an immersive audio experience by effectively reducing ambient noise. Featuring hybrid active noise cancellation (ANC) technology and Bluetooth 5.0 connectivity, these headphones allow for clear, balanced audio and comfortable listening. This manual will guide you through the setup, operation, and maintenance of your new headphones.

2. PRODUCT FEATURES

- **Connectivity:** Wired (3.5mm) and Wireless (Bluetooth V5.0) options for versatile use.
- **Hybrid Digital ANC Technology:** Continuously monitors and reduces outside noise for enhanced focus and audio enjoyment.
- **Audio Quality:** Delivers clear, balanced audio performance across all volume levels.
- **Noise-Cancelling Microphone:** Ensures clear communication during calls.

- **Long Battery Life:** Up to 26 hours of operating time, or 23 hours with Bluetooth and ANC activated.

3. WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- V7 Wireless Bluetooth Stereo ANC Headphones
- USB-C Charging Cable
- 3.5mm Audio Cable

4. PRODUCT OVERVIEW

Familiarize yourself with the various components and controls of your headphones.

Image: Angled view of the V7 headphones, highlighting the earcups and the location of control buttons and ports on the right earcup.

The right earcup typically houses the power button, volume controls, ANC switch, and the 3.5mm audio jack. The USB-C charging port is also located on one of the earcups.

5. SETUP

5.1. Charging the Headphones

Before first use, fully charge your headphones. Connect the supplied USB-C charging cable to the charging port on the headphones and the other end to a USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status and turn off or change color when fully charged.

5.2. Powering On/Off

- **Power On:** Press and hold the Power button (usually located on the right earcup) for approximately 3 seconds until the LED indicator lights up.
- **Power Off:** Press and hold the Power button for approximately 5 seconds until the LED indicator turns off.

5.3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for about 5-7 seconds until the LED indicator flashes rapidly (e.g., blue and red alternately), indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for new devices.
4. Select "V7 ANC Headphones" (or similar name) from the list of available devices.
5. Once paired, the LED indicator will typically show a solid blue light or flash slowly.

Note: The headphones will automatically attempt to reconnect to the last paired device when powered on.

5.4. Wired Connection

To use the headphones in wired mode, connect one end of the 3.5mm audio cable to the audio jack on the headphones and the other end to your audio source's 3.5mm port. The headphones can be used in wired mode even if the battery is depleted, though ANC functionality may require power.

6. OPERATING

6.1. Basic Controls

Button/Control	Function
Power Button	Power On/Off, Play/Pause, Answer/End Call, Enter Pairing Mode
Volume Up (+)	Increase Volume, Next Track (long press)
Volume Down (-)	Decrease Volume, Previous Track (long press)
ANC Switch/Button	Toggle Active Noise Cancellation On/Off

6.2. Active Noise Cancellation (ANC)

The hybrid ANC technology actively reduces ambient noise, allowing you to focus on your audio. To activate or deactivate ANC, locate the dedicated ANC switch or button on the headphones. When ANC is active, you may notice a slight change in audio perception and a significant reduction in background sounds like engine hums or air conditioning.

6.3. Making and Receiving Calls

When connected via Bluetooth, you can use the headphones for phone calls. The integrated noise-cancelling microphone helps ensure your voice is clear to the other party.

- **Answer Call:** Press the Power button once.
- **End Call:** Press the Power button once during a call.
- **Reject Call:** Press and hold the Power button for 2 seconds.

7. MAINTENANCE

7.1. Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or spray directly onto the headphones.
- Clean the earpads gently with a slightly damp cloth if necessary, and allow them to air dry completely before use.

7.2. Storage

When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. If provided, use the carrying case to protect them from dust and scratches.

8. TROUBLESHOOTING

Problem	Possible Solution
Headphones won't power on.	Ensure the headphones are fully charged. Connect to a power source and try again.
Cannot pair with Bluetooth device.	Ensure headphones are in pairing mode (flashing LED). Turn off and on Bluetooth on your device. Move headphones closer to the device. Forget previous pairings on your device and try again.
No sound or low volume.	Check volume levels on both headphones and your connected device. Ensure headphones are properly paired or the 3.5mm cable is fully inserted. Try playing different audio sources.
ANC not working effectively.	Ensure ANC is switched on. Check if the earpads are properly sealed around your ears. ANC is most effective against low-frequency, constant noises.

9. SPECIFICATIONS

Feature	Detail
Model Name	V7 Wireless Bluetooth Stereo ANC Headphones BT 5.0 Hybrid Active Noise Cancellation Black
Model Number	9678462000
Connectivity Technology	Bluetooth, Wireless, Wired (3.5mm)
Bluetooth Version	5.0
Bluetooth Range	Up to 100 Meters (approx. 328 ft)
Noise Control	Hybrid Noise Cancellation
Frequency Range	20Hz - 20kHz
Impedance	32 Ohm

Feature	Detail
Battery Life	Up to 23 Hours (BT + ANC) / 26 Hours (BT only)
Earpiece Shape	Over-ear (Circumaural)
Material	Faux Leather
Item Weight	1 Pound
Product Dimensions	5.25 x 0.31 x 1.66 inches
Included Components	3.5mm Audio Cable, USB-C Charging Cable
