1. SETUP

1.1. Unboxing and Initial Setup

Your Moto G Power (2021) package includes the following items:

- Moto G Power (2021) Smartphone
- 10W Rapid Charger
- USB Cable
- Guides
- SIM tool

Figure 2: Right side view of the Moto G Power (2021), showing the power button with integrated fingerprint sensor and volume rocker.

1.2. SIM Card Insertion

Locate the SIM tray on the left side of the device. Insert the provided SIM tool into the small hole next to the tray to eject it. Place your Nano-SIM card into the tray with the gold contacts facing down. If you wish to expand storage, insert a microSD card into the designated slot on the same tray. Carefully push the tray back into the phone until it clicks into place.

1.3. Powering On

Press and hold the Power button (located on the right side of the phone) until the Motorola logo appears. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account sign-in.

2. OPERATING YOUR DEVICE

2.1. Display and Navigation

The Moto G Power (2021) features a 6.6-inch Max Vision HD+ display (1600x720 pixels, 267ppi). Navigation is primarily touch-based. Swipe down from the top of the screen to access quick settings and notifications. Swipe up from the bottom to open the app drawer.

2.2. Fingerprint Sensor and Face Unlock

For secure and convenient unlocking, the device features a side-mounted fingerprint sensor integrated into the Power button. To set up, navigate to **Settings > Security > Fingerprint** and follow the instructions. Additionally, Face Unlock is available. Set this up via **Settings > Security > Face Unlock**

2.3. Audio

The device features a single downward-firing speaker located at the bottom. For private listening, a 3.5mm headphone jack is located at the top of the phone.

2.4. Official Product Overview Video

Video 1: Official overview of the Moto G Power (2021) by Motorola, highlighting key features and design elements.

3. CAMERA FEATURES

3.1. Rear Camera System

The Moto G Power (2021) is equipped with a 48 MP triple camera system, allowing for versatile photography in various lighting conditions. The main lens is a 48 MP shooter, complemented by a macro lens for detailed close-ups and a depth sensor for enhanced portrait shots.

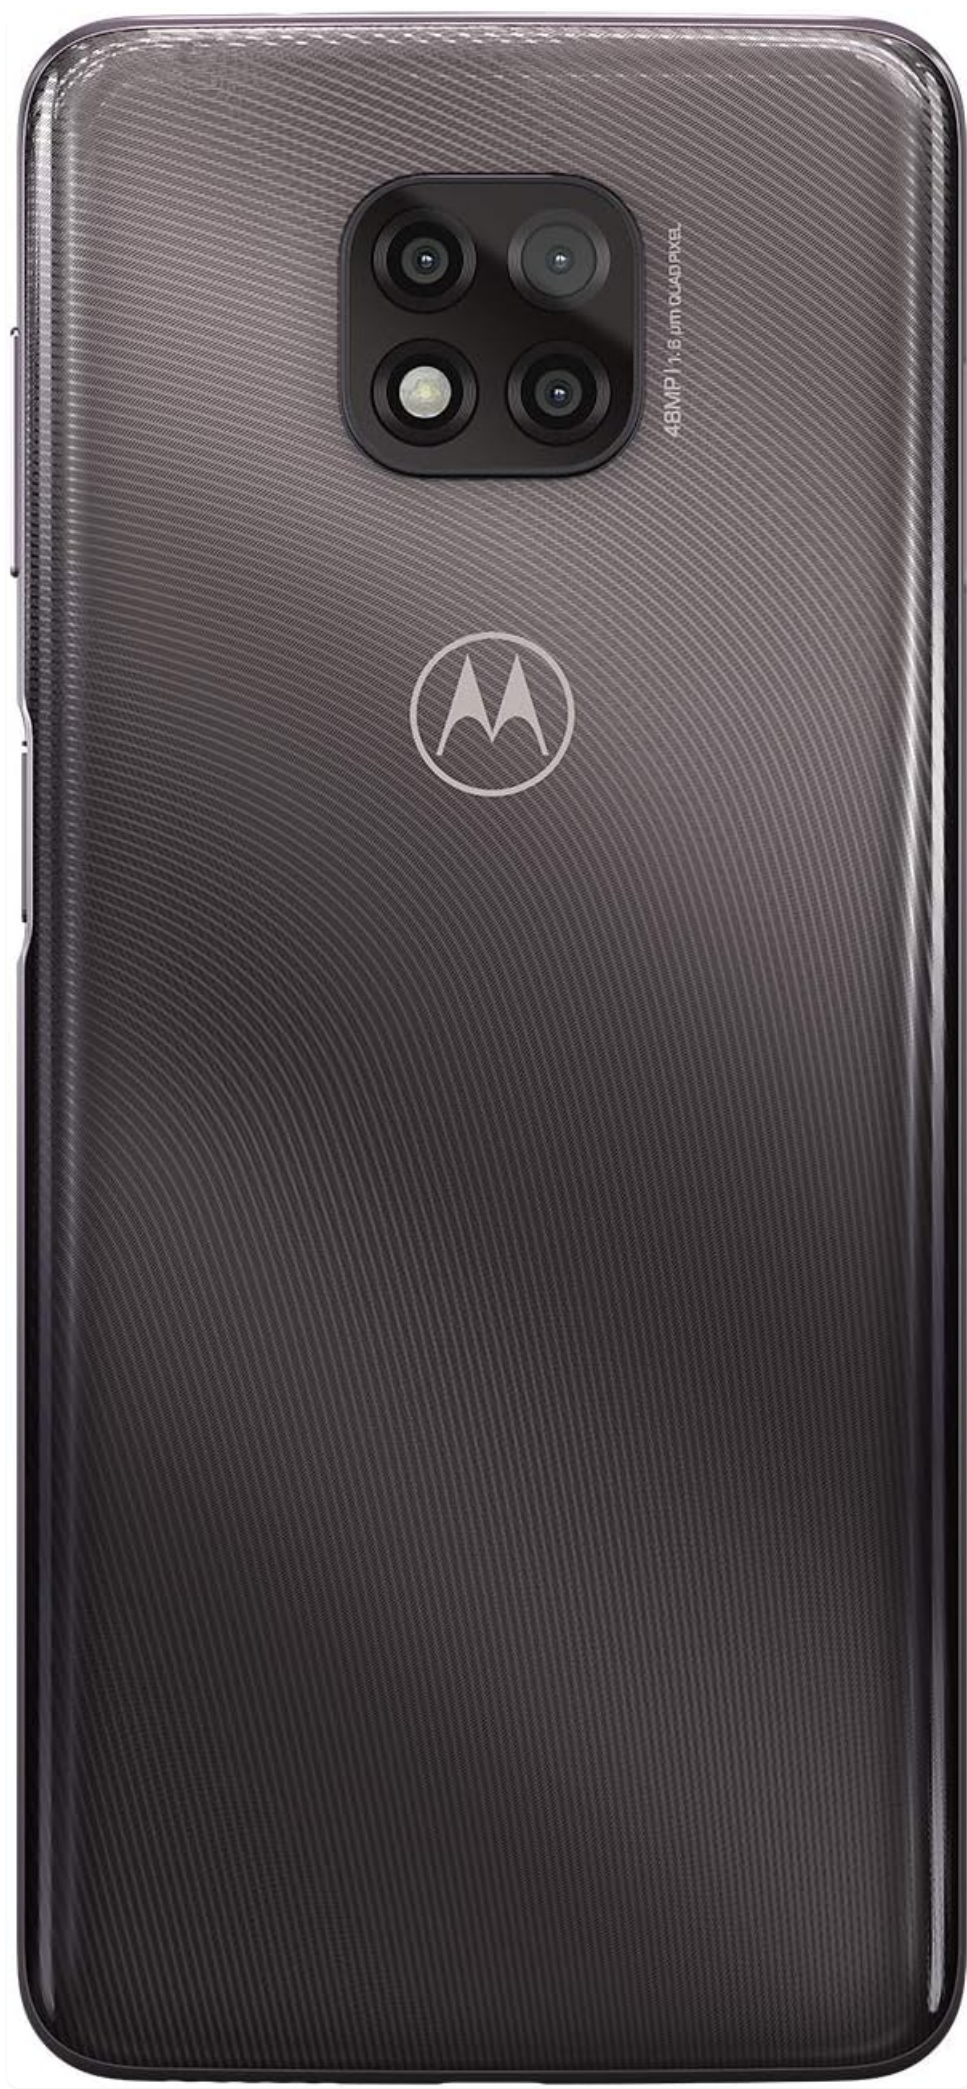

Figure 5: Back view of the Moto G Power (2021), showcasing the triple camera module and Motorola logo.

3.2. Front Camera

An 8 MP front-facing camera is available for selfies and video calls.

3.3. Camera Modes

The camera application offers various modes including:

- **Portrait:** For artistic blurred backgrounds.
- **Night Vision:** Enhances photos in low-light conditions.
- **Macro:** For extreme close-up photography.
- **Pro Mode:** Provides manual control over camera settings.
- **Slow Motion:** Records videos in slow motion.
- **Timelapse:** Records videos that play back faster.

4. BATTERY LIFE AND CHARGING

The Moto G Power (2021) is powered by a 5000 mAh battery, designed to provide up to three days of battery life on a single charge under typical usage. The device supports 10W rapid charging via the USB-C port located at the bottom.

4.1. Charging Guidelines

- Use only the provided 10W rapid charger and USB cable for optimal charging performance.
- Avoid exposing the device to extreme temperatures during charging.
- A full charge from 0% may take approximately 3-4 hours.

5. SPECIFICATIONS

Feature	Specification
Brand	Motorola
Model Name	Moto G Power (2021)
Model Number	XT2117
Operating System	Android 10.0
Display Size	6.6 Inches

Rear Camera	48 MP Triple Camera System
Front Camera	8 MP
Battery Capacity	5000 mAh
Charging	10W Rapid Charging (USB-C)
Water Protection	Water-repellent design

6. MAINTENANCE

6.1. Cleaning Your Device

To clean your Moto G Power, use a soft, lint-free cloth. Avoid abrasive materials or harsh chemicals. For stubborn smudges, slightly dampen the cloth with water. Do not spray cleaners directly onto the device.

6.2. Software Updates

Motorola periodically releases software updates to improve performance and add new features. To check for updates, go to **Settings > System > System updates**

7. TROUBLESHOOTING

7.1. Common Issues

- **Device not turning on:** Ensure the battery is charged. Press and hold the Power button for at least 10-15 seconds.
- **Apps freezing/crashing:** Close the app and reopen it. If the issue persists, restart the device.
- **Poor battery life:** Adjust screen brightness, close unused apps, and disable unnecessary features like Wi-Fi or Bluetooth when not in use.
- **Connectivity issues:** Toggle Wi-Fi or Bluetooth off and on. Restart your router if connecting to Wi-Fi.

7.2. Factory Reset

If you experience persistent issues, a factory reset may be necessary. This will erase all data on your device. Back up important information before proceeding. Go to **Settings > System > Reset options > Erase all data (factory reset)**
