The camera is capable of producing excellent results in good lighting conditions. For optimal photo quality, ensure adequate lighting and stable positioning. The device also supports 4K video recording at 30 frames per second.

3.3. Battery Life and Charging

The device is equipped with a 4000mAh battery, providing up to 2 days of battery life under typical usage conditions. To charge your device, connect the provided USB cable to the USB-C port at the bottom of the phone and plug the charger into a power outlet.

Note: This model does not support wireless charging.

3.4. Storage and Performance

With 128GB of internal storage, you have ample space for applications, photos, videos, and other files. The device features a Qualcomm Snapdragon 678 processor and 4GB RAM, ensuring fast performance for daily tasks and app usage.

3.5. Operating System and Connectivity

The Moto G Stylus 2021 runs on Android 10.0, offering access to the latest features and applications from the Google Play Store. Connectivity options include Wi-Fi and cellular networks. The device is unlocked and compatible with major US carriers. It also supports Wi-Fi Hotspot functionality.

3.6. Water Resistance

The device features a water-resistant design, providing protection against splashes and spills. It is not designed to be submerged in water.

4. MAINTENANCE

4.1. Device Care

- Keep your device dry. Moisture can damage electronic components.
- Avoid extreme temperatures. Do not expose your device to very hot or cold environments.
- Clean the screen and body with a soft, lint-free cloth. Avoid harsh chemicals.
- Protect the screen. The device uses hardened tempered glass, not Gorilla Glass. A glass screen protector is highly recommended to prevent scratches and cracks.

5. TROUBLESHOOTING

5.1. Common Issues and Solutions

- **Device Not Responding:** Press and hold the Power button for approximately 10-15 seconds to force a restart.
- **Battery Draining Quickly:** Check background app usage, reduce screen brightness, or enable battery saver mode.
- **SIM Card Activation Issues:** If you experience difficulty activating your SIM card, contact your wireless carrier for assistance. Ensure the SIM card is correctly inserted.
- **Casting to TV:** This device requires a Chromecast device to cast content to a television. Miracast is not supported.
- **Network Connectivity Problems:** Ensure Wi-Fi or mobile data is enabled. Try restarting your device.

or resetting network settings.
