Beyblade F0567

Beyblade Burst Surge Speedstorm Vex Lucius L6 Spinning Top Instruction Manual

Model: F0567

1. Product Overview

The Beyblade Burst Surge Speedstorm Vex Lucius L6 is an official Hasbro competitive battling top designed for high-speed head-to-head battles. This defense-type spinning top is engineered to utilize the Power Vortex feature within a Speedstorm Beystadium (sold separately), which enhances speed. The starter pack includes one Vex Lucius L6 D86 TSP10 top and one right-spin launcher. Key features include fused attack power and a right-spin Storm Chip component.

4. Assembly Instructions

Your Beyblade Burst top consists of several interchangeable parts. Follow these steps to assemble your Vex Lucius L6 top:

1. **Storm Chip (Lucius L6):** This is the core of your top. Ensure it is securely in place.
2. **Energy Layer (Vex):** Attach the Vex Energy Layer to the Storm Chip. It should click into place.
3. **Forge Disc (D86):** Place the D86 Forge Disc onto the assembled Energy Layer and Storm Chip.
4. **Performance Tip (Mobius-SP TSP10):** Finally, attach the Mobius-SP TSP10 Performance Tip to the bottom of the Forge Disc. It should lock securely.

5. Operating Instructions

To launch your Beyblade Burst top, attach it to the right-spin launcher. Insert the ripcord into the launcher. Hold the launcher firmly and pull the ripcord with a swift motion to send your top spinning into the Beystadium. The Vex Lucius L6 is a defense-type top, designed to withstand attacks and outlast opponents in the arena.

For optimal performance, use an official Beyblade Burst Speedstorm Beystadium (sold separately). The Speedstorm Beystadium features a "Power Vortex" energy zone designed to give tops an ultimate speed boost.

You can also compete in digital battles by scanning the code on your Beyblade Burst Speedstorm top's Energy Layer using the Beyblade Burst app. This allows you to unleash your top in virtual battles and mix and match components digitally.

6. Maintenance

To ensure the longevity of your Beyblade Burst top and launcher, keep them clean and free from dust and debris. Store them in a cool, dry place away from direct sunlight. Avoid disassembling the top unnecessarily, as this may loosen components over time. Do not use harsh chemicals or abrasive materials for cleaning.
