## SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully to assemble your VASAGLE computer desk. It is recommended to have a second person assist with assembly for easier handling of larger components.

1. **Prepare the Workspace:** Clear an open area and lay down a blanket or cardboard to protect the desk components and your floor from scratches.
2. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the main desk legs. Do not fully tighten yet, as you may need to adjust them later.
3. **Assemble the Main Frame:** Connect the main desk legs using the horizontal crossbars. Secure them with the provided screws, but do not fully tighten until the frame is complete.
4. **Install X-Bars:** Attach the X-shaped stability bars to the rear of the main frame. These provide additional structural integrity. Secure with screws.
5. **Attach Desktop:** Carefully place the desktop panel onto the assembled frame. Align the pre-drilled holes and secure the desktop to the frame using the appropriate screws. Now, fully tighten all screws on the main frame.
6. **Assemble Monitor Stand:** Attach the support brackets to the monitor stand panel. Then, secure the monitor stand assembly to the main desktop using the designated screws.
7. **Install Fabric Storage Bag:** Determine your preferred side (left or right) for the storage bag. Attach the bag to the side of the desk frame using the provided hooks or fasteners.
8. **Final Adjustments:** Place the desk in its desired location. Adjust the leveling feet to ensure the desk is stable and does not wobble.

## MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the desk to prevent buildup.
- **Stability Check:** Periodically check all screws and bolts to ensure they are tight. Retighten if any looseness is detected.
- **Fabric Bag Care:** The fabric storage bag can be spot cleaned with a mild detergent and water. Allow it to air dry completely.
- **Avoid Excessive Moisture:** Do not expose the desk to excessive moisture or direct sunlight for prolonged periods, as this may cause warping or discoloration.

## Desk Wobbles After Assembly

- Adjust the leveling feet on the bottom of the desk legs. Turn them clockwise or counter-clockwise until all four feet make firm contact with the floor and the desk is stable.
- Verify that the X-bars at the back are securely attached and tightened.
