Gameplay Instructions

The game proceeds in turns, with players rolling dice and moving their tokens around the board. The primary goal is to acquire properties, develop them with Villages and Palaces, and collect rent from other players to drive them into bankruptcy.

Player Turn Sequence:

1. **Roll Dice:** Roll the two white dice and move your token clockwise the corresponding number of spaces. If you roll doubles, you take another turn after completing your current one. Three consecutive doubles send you to Jail.
2. **Land on a Space:**
 - **Unowned Property:** You may buy the property from the Bank for the price printed on that space. If you choose not to buy it, the Banker immediately auctions it to the highest bidder.
 - **Owned Property:** If another player owns the property, you must pay them rent as indicated on their Title Deed card.
 - **Uni-Mind or Arishem's Judgement:** Draw the top card from the respective pile and follow its instructions.
 - **Go:** Passing or landing on "GO" collects 200 Cosmic Energy Units from the Bank.

- **Go to Jail:** Move your token directly to the "Jail" space. Your turn ends.
 - **Free Parking:** No action is required.
3. **Golden Cosmic Die:** After moving, if you rolled the golden cosmic die, activate your chosen Eternal character's unique Super Hero ability as described on your Character card.
 4. **Develop Properties:** If you own all properties in a color group, you can buy Villages and Palaces from the Bank and place them on your properties. You must build evenly across the color group.
 5. **Trade:** You may trade properties with other players at any time.

Winning the Game:

The game ends when only one player remains with Cosmic Energy Units, and all other players have gone bankrupt. The last player standing is the winner.

Care and Maintenance

- **Storage:** Store all game components in their original box in a cool, dry place to prevent damage.
- **Cleaning:** Wipe game pieces and the board with a soft, dry cloth if necessary. Avoid using harsh chemicals or abrasive cleaners.
- **Handling:** Handle cards and money carefully to prevent bending or tearing.

Troubleshooting

Most issues during gameplay can be resolved by referring to the detailed game guide included in the box. For common questions:

- **Missing Components:** If any components are missing upon opening, please contact the manufacturer's customer support.
- **Rule Disputes:** In case of disagreements over rules, consult the official game guide for clarification. If the guide does not cover the specific scenario, players should agree on a house rule before continuing.
