Feit Electric CAM/WM/WIFI/BAT

Feit Electric Smart Security Camera User Manual

Model: CAM/WM/WiFi/BAT

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Feit Electric Smart Security Camera (Model: CAM/WM/WiFi/BAT). This battery-powered, 1080p HD camera offers motion detection, night vision, and two-way audio, designed for outdoor use to enhance your home security.

Image: The Feit Electric Smart Security Camera, white in color, shown with its retail packaging. The camera features two antennas and a wall-mount base. The packaging highlights features like WiFi connectivity, Alexa and Google Home compatibility, and no monthly fees.

PACKAGE CONTENTS

- 1 x Feit Electric Smart Security Camera (CAM/WM/WiFi/BAT)
- Mounting Hardware (screws, anchors)
- USB Charging Cable
- User Manual (this document)

SETUP GUIDE

1. Charging the Camera

Before initial use, fully charge the camera's battery using the provided USB charging cable. Connect the cable to the camera's charging port and a standard USB power adapter (not included). The charging indicator light will show the

charging status.

2. Downloading the Feit Electric App

The Feit Electric Smart Security Camera operates via the Feit Electric mobile application. Download the app from the Apple App Store (for iOS devices) or Google Play Store (for Android devices).

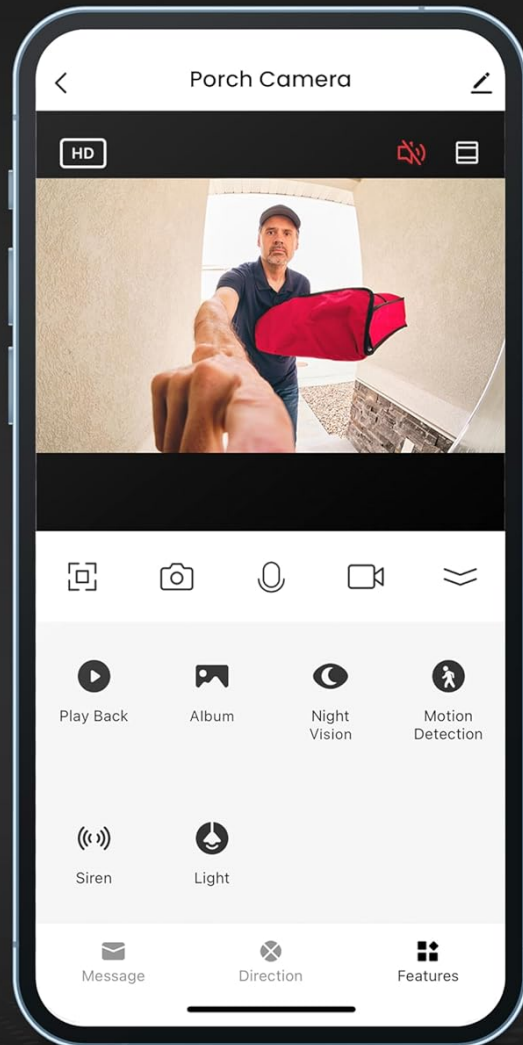

Image: A smartphone screen displaying the Feit Electric app interface, with icons for playback, album, night vision, motion detection, siren, light, message, direction, and features. Below the phone, logos for the App Store and Google Play are visible, indicating where to download the app.

3. Pairing the Camera with the App

1. Open the Feit Electric app and create an account or log in.
2. Tap the "+" icon to add a new device.
3. Select "Security Camera" from the device list.
4. Follow the on-screen instructions to connect the camera to your 2.4GHz Wi-Fi network. Ensure your smartphone is connected to the same 2.4GHz network during setup.
5. The app will guide you through scanning a QR code with the camera to complete the pairing process.

4. Mounting the Camera

Choose a suitable outdoor location for mounting the camera, ensuring it has a clear view of the area you wish to monitor and is within range of your Wi-Fi network. The camera is designed for wall mounting and is water-resistant (IP65 rated).

1. Mark the desired drilling spots using the mounting bracket as a template.
2. Drill pilot holes and insert wall anchors if necessary.
3. Secure the mounting bracket to the wall using the provided screws.
4. Attach the camera to the mounting bracket, ensuring it is securely locked in place. The camera features an easy twist-and-lock base for secure attachment and removal for recharging.
5. Adjust the camera angle for optimal viewing.

OPERATING INSTRUCTIONS

1. Live View

Access the Feit Electric app to view live footage from your camera at any time. Select the camera from your device list to open the live stream. You can monitor your property remotely from anywhere with an internet connection.

2. Motion Detection and Alerts

The camera features adjustable motion detection. When motion is detected within the configured area, the camera will begin recording and send an alert notification to your smartphone. You can customize sensitivity and detection zones within the app.

Image: An illustration showing the Feit Electric Smart Security Camera's motion detection capabilities. It indicates a 130-degree field of view, an 8-32 foot motion detection range, and a 30-foot night vision range, with a person walking in the detection zone.

3. Two-Way Audio

Utilize the built-in microphone and speaker for two-way communication. This allows you to hear what's happening near the camera and speak through the camera from your smartphone, useful for interacting with visitors or deterring unwanted activity.
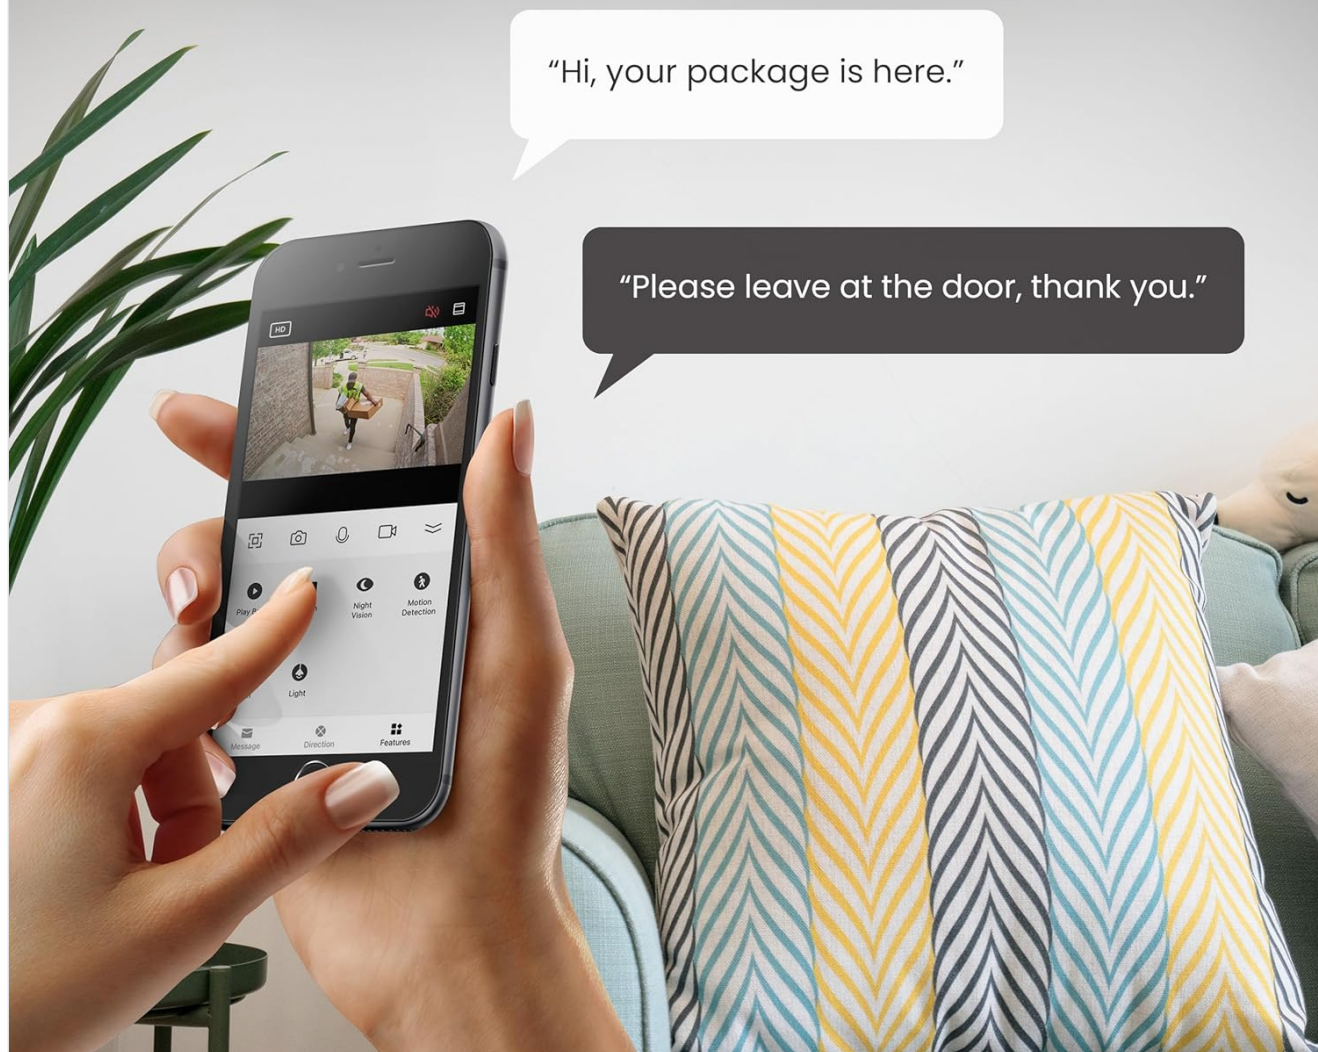

Image: A hand holding a smartphone displaying the Feit Electric app, showing a live view from the camera. Speech bubbles indicate two-way audio communication, with phrases like "Hi, your package is here." and "Please leave at the door, thank you."

4. Night Vision

The integrated IR sensor provides clear visibility in low-light conditions and complete darkness, with a night vision range of up to 30 feet. The camera automatically switches to night vision mode when ambient light is insufficient.

5. Video Recording and Storage

Recorded events triggered by motion detection can be stored on a MicroSD card (up to 128GB, not included). You can access and download recorded videos wirelessly through the Feit Electric app. No monthly fees or subscriptions are required for local storage.

6. App Features and Integration

The Feit Electric app allows for comprehensive management of your camera and other Feit Electric smart devices. Features include:

- **Remote Access:** Control and monitor your camera from anywhere.
- **Grouping:** Combine multiple cameras for a unified view of your property.

- **Scheduling:** Set schedules for camera operation, such as turning on/off motion detection.
- **Voice Control:** Compatible with Amazon Alexa and Google Assistant for voice commands when connected through the Feit app.
- **Device Sharing:** Share camera access with family members.

Image: A smartphone screen displaying the Feit Electric app with multiple camera feeds, illustrating the ability to combine cameras for a whole home view. Feeds are labeled 'Nursery', 'Living Room', 'Doorbell', and 'Backyard'.

Image: A smartphone screen showing the scheduling interface within the Feit Electric app, demonstrating how users can set specific times for device actions, such as turning on/off.
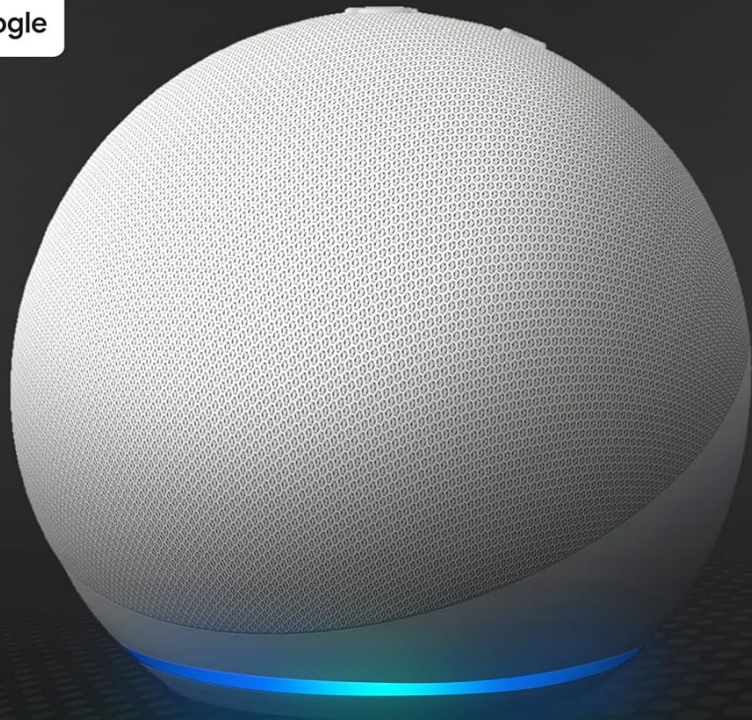

Image: A smart speaker (resembling an Amazon Echo Dot or Google Nest Mini) with the Feit Electric logo and text indicating compatibility with Alexa and Hey Google, illustrating the voice control feature for the camera.

MAINTENANCE

1. Battery Recharging

The camera is powered by a detachable battery pack. When the battery level is low, remove the camera from its mount using the twist-and-lock base and recharge it using the USB cable. Ensure the camera is fully charged for optimal performance and battery life.

2. Cleaning the Camera

Periodically clean the camera lens and body with a soft, damp cloth to remove dust, dirt, or smudges that may affect video clarity. Do not use harsh chemicals or abrasive cleaners.

3. Environmental Considerations

The camera has an IP65 rating, meaning it is protected against dust ingress and low-pressure water jets from any direction. While designed for outdoor use, avoid submerging the camera in water or exposing it to extreme weather conditions beyond

its rated capabilities.

Image: A Feit Electric Smart Security Camera mounted on an outdoor wall, with simulated rain falling, illustrating its water-resistant design suitable for various weather conditions.

TROUBLESHOOTING

- **Camera Offline:** Ensure the camera is charged and within range of your 2.4GHz Wi-Fi network. Restart your Wi-Fi router and the camera. Check if the Wi-Fi signal strength is adequate in the camera's location.
- **Motion Alerts Not Received:** Verify that motion detection is enabled in the app settings and that app notifications are allowed on your smartphone. Adjust motion sensitivity if necessary.
- **Short Battery Life:** Frequent motion detection, live view streaming, and two-way audio usage can drain the battery faster. Ensure the camera is fully charged. Consider reducing motion detection sensitivity or frequency if alerts are excessive.
- **Poor Video Quality:** Check your Wi-Fi signal strength. Ensure the camera lens is clean and free from obstructions. If using a MicroSD card, ensure it is functioning correctly.
- **Pairing Issues:** Confirm your Wi-Fi network is 2.4GHz. Ensure your phone is connected to the same 2.4GHz network during setup. Reset the camera to factory settings (refer to app instructions for reset procedure) and try pairing again.

SPECIFICATIONS

Feature	Detail
Model Number	CAM/WM/WIFI/BAT
Video Resolution	1080p HD
Connectivity	2.4GHz Wi-Fi
Power Source	Battery Powered (Lithium Ion, 9600 mAh)
Indoor/Outdoor Usage	Outdoor
Motion Detection	Yes (Motion Sensor)
Night Vision Range	Up to 30 feet
Two-Way Audio	Yes
Storage	MicroSD card (up to 128GB, not included)
Field of View	130 Degrees
Weather Resistance	IP65
Dimensions (L x W x H)	7.2 x 2.7 x 9.1 inches
Item Weight	1.1 pounds
Compatible Devices	Android, iOS (Feit App)
Voice Control Compatibility	Amazon Alexa, Google Assistant
