

VINGLI GAW-001

VINGLI 85in Wooden Arbor Instruction Manual

Model: GAW-001

Brand: VINGLI

INTRODUCTION

Thank you for choosing the VINGLI 85in Wooden Arbor. This manual provides detailed instructions for the safe assembly, proper use, and effective maintenance of your new arbor. Please read this manual thoroughly before assembly and retain it for future reference.

SAFETY INFORMATION

Caution:

- This product has sharp edges and may have splinters. Handle with care during assembly.
- Do not exceed the weight capacity when supporting plants or decorations.
- Keep away from direct sunlight and excessive rain to prevent premature weather damage and maintain product longevity.
- Ensure all connections are securely fastened before use.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the assembly diagram for part identification.

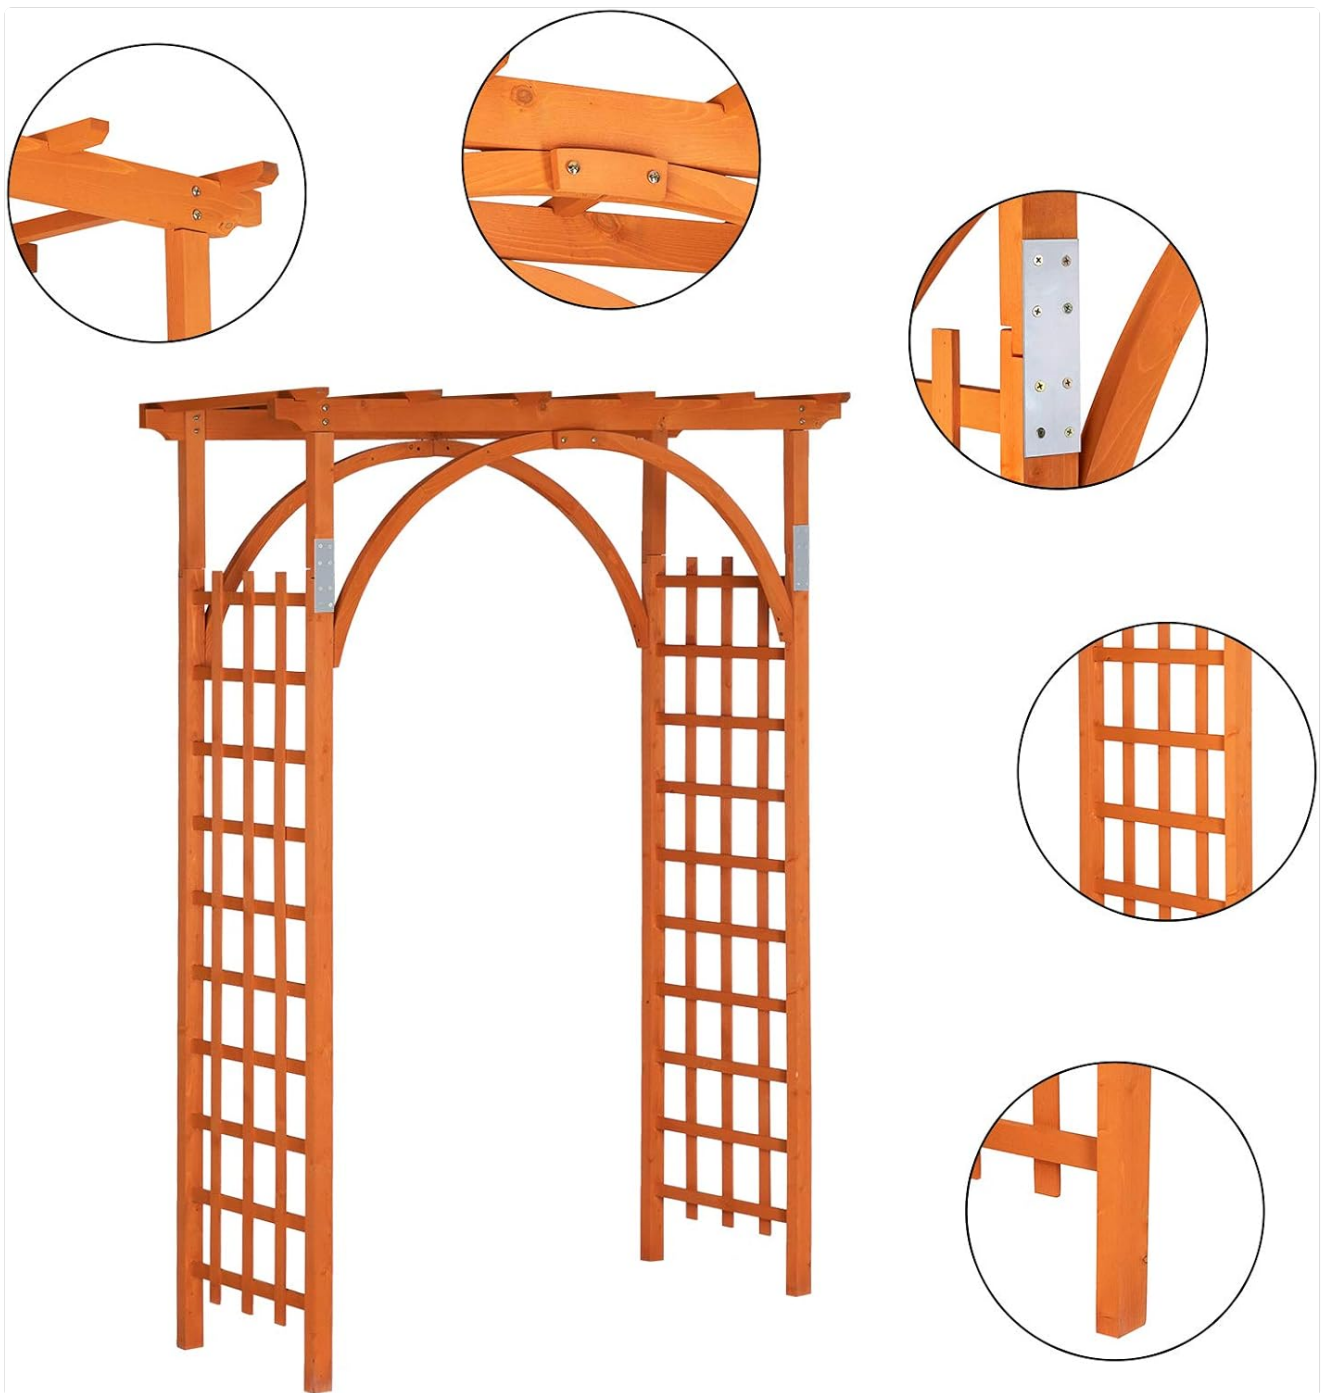

Image: Exploded view of the VINGLI Wooden Arbor components, showing individual parts and their arrangement for assembly.

Typical components include:

- Vertical support posts
- Horizontal crossbeams
- Arched top pieces
- Lattice side panels
- Connecting hardware (screws, bolts, brackets)
- Assembly tool (screwdriver, wrench)

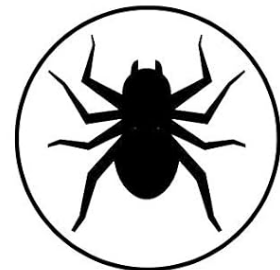

ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. While a screwdriver is included, using a power drill is highly recommended for quicker and easier assembly. Exercise caution to avoid overtightening and splitting the wood.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and identify each part using the provided diagram. Each accessory has a detailed code for easy identification.
2. **Assemble Side Panels:** Attach the lattice side panels to the vertical support posts. Ensure the orientation is correct as per the diagram. Secure with the provided screws.
3. **Connect Arched Top:** Attach the arched top pieces to the top of the vertical support posts. Use the metal brackets and screws to secure these connections.

Eco-friendly Materials

Mothproof Without Mildew

Corrosion Resistance

Water Resistance

4. **Install Horizontal Crossbeams:** Place the horizontal crossbeams across the top of the arbor, connecting the two sides. Secure them firmly with screws.
5. **Final Tightening:** Once all parts are in place, gently tighten all screws to ensure stability. Avoid overtightening.
6. **Placement:** Carefully move the assembled arbor to its desired location. For permanent outdoor placement, consider securing the base with ground stakes (not included) for added stability, especially in windy conditions.

USAGE

The VINGLI Wooden Arbor is a versatile structure designed for various outdoor applications.

- **Plant Support:** The squared lattice side panels are ideal for accommodating and supporting climbing plants and vegetables such as roses, ivy, clematis, or cucumbers. Guide young plants gently through the lattice as they grow.

- **Decorative Entrance:** Use the arbor as a distinctive entrance to a garden, backyard, or greenhouse. Its bow-shaped header adds grace and prominence.
- **Event Decor:** The arbor can serve as a beautiful backdrop for outdoor events like weddings, anniversaries, or garden parties. Decorate with flowers, fabric, or lights to create a festive environment.

MAINTENANCE

Proper maintenance will extend the life and beauty of your wooden arbor.

- **Cleaning:** Clean the arbor periodically with a soft cloth and mild soap solution. Rinse thoroughly and allow to air dry. Avoid harsh chemicals or abrasive cleaners.
- **Wood Protection:** The arbor is made from solid wood with moisture-resistant properties. To further enhance its longevity and protect against weather damage, consider applying a wood sealant or stain annually, especially if exposed to harsh outdoor elements.

Image: Icons illustrating key features: eco-friendly materials, mothproof properties, corrosion resistance, and water resistance.

- **Inspection:** Regularly inspect all joints and hardware for tightness. Tighten any loose screws to maintain structural integrity. Check for any signs of wear, splinters, or damage and address them promptly.

TROUBLESHOOTING

- **Arbor feels wobbly after assembly:** Ensure all screws are fully tightened. If the ground is uneven, consider placing shims under the posts or securing the arbor with ground stakes.
- **Difficulty aligning parts:** Double-check the orientation of each piece against the assembly diagram. Sometimes, rotating a piece can resolve alignment issues. Do not force parts together.
- **Wood splitting during assembly:** This can occur if screws are overtightened or if a power drill is used at too high a speed. If minor splitting occurs, it may not affect structural integrity. For significant splits, contact customer support.

SPECIFICATIONS

Brand	VINGLI
Model Number	GAW-001

Material	Wood
Color	Teak
Product Dimensions (W x H)	63 inches x 85 inches
Item Weight	33 pounds (15 Kilograms)
Assembly Required	Yes
