LSC Video Doorbell

LSC Video Doorbell User Manual

Model: Video Doorbell

Introduction

Thank you for choosing the LSC Video Doorbell. This device provides a wireless solution for monitoring your entrance with HD resolution video. It connects to your home Wi-Fi network and allows you to receive notifications and view live video on your mobile device. Please read this manual carefully before installation and use to ensure proper operation and safety.

Image: Front view of the LSC Video Doorbell, showing the camera lens at the top and the doorbell button at the bottom. The device is black and has a sleek, vertical design.

Package Contents

- LSC Video Doorbell Unit
- Mounting Screws and Wall Plugs
- User Manual
- *(Note: Specific accessories may vary. Please check your product packaging.)*

Image: Packaging box for the LSC Smart Doorbell. The box features an image of the doorbell unit on the left and a smartphone screen displaying a live video feed from the doorbell on the right. Text on the box indicates "WIFI 2.4GHZ" and "1080p HD".

Setup

1. Preparation

1. Ensure your Wi-Fi network is 2.4GHz. The doorbell does not support 5GHz Wi-Fi.
2. Download the official LSC Smart Connect app from your mobile device's app store (iOS or Android).
3. Ensure your mobile device is connected to the 2.4GHz Wi-Fi network you intend to use for the doorbell.

2. Device Pairing

1. Power on the LSC Video Doorbell.
2. Open the LSC Smart Connect app and create an account or log in.
3. Tap the "+" icon to add a new device.
4. Select "Video Doorbell" from the list of devices.
5. Follow the on-screen instructions in the app to connect the doorbell to your Wi-Fi network. This typically involves scanning a QR code displayed on your phone with the doorbell's camera or entering Wi-Fi credentials manually.
6. Once connected, the doorbell's indicator light will change, and the app will confirm successful pairing.

3. Installation (Wall Mounting)

- Choose a suitable location near your entrance, ensuring good Wi-Fi signal strength.
- Mark the drilling points on the wall using the mounting bracket as a template.
- Drill holes and insert wall plugs if necessary.
- Secure the mounting bracket to the wall using the provided screws.
- Attach the LSC Video Doorbell unit to the mounting bracket, ensuring it clicks securely into place.

Important Note: This doorbell is designed for mobile notification only. It does not include an internal chime unit. All doorbell rings will be sent as notifications to your paired mobile device(s).

Operating Instructions

Receiving Notifications

- When a visitor presses the doorbell button, your paired mobile device will receive a push notification.
- Tap the notification to open the LSC Smart Connect app and view the live video feed.

Live View and Two-Way Audio

- From the app, you can initiate a live view of your entrance at any time.
- Use the microphone icon in the app to speak to the visitor, and the speaker icon to hear their response.

Motion Detection

- The doorbell features motion detection. You can enable or disable this feature in the app settings.
- When motion is detected, you will receive a notification on your mobile device.

Recording and Playback

- The doorbell can record video clips when the button is pressed or motion is detected (if enabled).
- Recorded videos are stored in the cloud or on a local SD card (if supported and installed).
- Access and playback recorded videos through the LSC Smart Connect app.

Maintenance

- **Cleaning:** Wipe the doorbell's exterior with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Firmware Updates:** Periodically check the LSC Smart Connect app for available firmware updates for your doorbell. Keeping the firmware updated ensures optimal performance and security.
- **Wi-Fi Connection:** Ensure your Wi-Fi router is functioning correctly and provides a stable signal to the doorbell.

Troubleshooting

Problem	Possible Cause	Solution
No notifications on phone when doorbell is pressed.	App notifications disabled. Poor Wi-Fi connection. Doorbell offline.	Check app notification settings and phone's system notification settings. Verify Wi-Fi signal strength at the doorbell location. Check doorbell's power and status indicator. Restart if necessary.
Cannot connect doorbell to Wi-Fi.	Incorrect Wi-Fi password. Connecting to 5GHz Wi-Fi. Too far from router.	Double-check Wi-Fi password. Ensure you are connecting to a 2.4GHz Wi-Fi network. Move router closer or use a Wi-Fi extender.
Video quality is poor or choppy.	Weak Wi-Fi signal. Network congestion.	Improve Wi-Fi signal strength. Reduce other network activity.

Specifications

Feature	Detail
Model	LSC Video Doorbell
ASIN	B08P7SVWMM
Material	Plastic
Connectivity	Wireless (Wi-Fi 2.4GHz)
Special Features	HD Resolution
Mounting Type	Wall Mount
Item Weight	380 g
Dimensions (Packaging)	18.7 x 15.3 x 4.7 cm

Warranty and Support

For warranty information and technical support, please refer to the documentation included with your purchase or visit the official LSC website. You can also contact LSC customer service through the contact details provided on their website or within the LSC Smart Connect app.
Note: Warranty terms and conditions may vary by region. Please retain your proof of purchase.
