

M cage 2-Shelves Rolling Stand

M cage 2-Shelves Rolling Stand for Bird Flight Cages

Model: 2-Shelves Rolling Stand

Brand: M cage

INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and maintenance of your M cage 2-Shelves Rolling Stand. Please read these instructions carefully before use to ensure proper setup and safe operation.

KEY FEATURES

- Designed to hold two bird cages, each up to 30 inches in length, 18 inches in width, and 18 inches in height.
- Equipped with heavy-duty rolling wheels for easy mobility.
- Finished with bird-safe, non-toxic paint for the safety of your pets.

SETUP AND ASSEMBLY

The M cage 2-Shelves Rolling Stand requires assembly. Please ensure all components are present before beginning.

Components Overview:

- Metal frame sections (vertical posts, horizontal supports)
- Two wire mesh shelves
- Four heavy-duty rolling wheels
- Assembly hardware (screws, nuts, or clips, typically included)

Assembly Steps:

1. Unpack all components and verify against the parts list (if provided in packaging).
2. Attach the rolling wheels to the bottom of the vertical support posts. Ensure they are securely fastened.
3. Connect the vertical posts using the horizontal support bars to form the base frame.
4. Install the lower wire mesh shelf onto the designated supports, ensuring it locks into place.
5. Install the upper wire mesh shelf onto the designated supports, ensuring it locks into place.
6. Double-check all connections to ensure the stand is stable and secure before placing any items on it.

OPERATION AND USAGE

This rolling stand is designed for convenient placement and mobility of bird flight cages.

- **Placing Cages:** Carefully lift and place your bird flight cage(s) onto the top shelf. Ensure the cage base fits securely within the shelf's perimeter. The stand is designed to hold two cages of specified dimensions.
- **Mobility:** To move the stand, gently push or pull it using the frame. The heavy-duty rolling wheels allow for smooth movement across various floor surfaces.
- **Stability:** For stationary use, ensure the stand is placed on a level surface. If the wheels have locking mechanisms, engage them to prevent unintended movement.
- **Storage:** The lower shelf provides additional space for storing bird supplies, food, or other accessories.

CARE AND MAINTENANCE

- **Cleaning:** Wipe down the metal frame and shelves regularly with a damp cloth and mild, non-toxic cleaner. Avoid abrasive cleaners that could damage the paint finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten any loose fasteners to maintain stability.
- **Wheel Care:** Keep the wheels free of debris (e.g., pet hair, dust) to ensure smooth rolling. Lubricate wheel axles if necessary.
- **Paint Integrity:** The stand is coated with bird-safe, non-toxic paint. If any significant chipping or damage occurs, consider touch-up paint that is certified safe for pets.

TROUBLESHOOTING

- **Stand is Wobbly:** Ensure all assembly screws and connections are fully tightened. Verify the stand is on a flat, level surface.
- **Wheels Not Rolling Smoothly:** Check for debris (hair, lint) caught in the wheel axles. Clean as necessary. Ensure wheels are properly attached and not damaged.
- **Difficulty Moving Stand:** If the stand is heavily loaded, reduce the weight. Ensure wheel locks (if present) are disengaged.

SPECIFICATIONS

Feature	Detail
Brand	Mcage
Model	2-Shelves Rolling Stand
Material	Metal
Color	White
Finish Type	Painted (Bird-Safe, Non-Toxic)
Base Type	Leg with Rolling Wheels
Assembly Required	Yes
Capacity	Holds two bird cages (e.g., 30" x 18" x 18"H)
