4. Safety Information

WARNING: Risk of electric shock. Disconnect power at the fuse box or circuit breaker before installation or servicing. Consult a qualified electrician if you are unsure about the installation process. Ensure all electrical connections are made in accordance with local codes and ordinances. This fixture is intended for indoor use only.

Do not attempt to modify the fixture. Use only as directed in this manual. Keep away from water and moisture. Do not look directly into the LED light source for extended periods.

5. Installation

This fixture is designed for wall-mounted installation. All necessary mounting hardware is included in the package. Professional installation is recommended for safety and optimal performance.

- Preparation:** Turn off power at the main circuit breaker. Clear the installation area.
- Mounting Bracket:** Attach the mounting bracket to the junction box using the provided screws.
- Wiring:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire nuts. Ensure connections are secure.
- Secure Fixture:** Carefully align the fixture with the mounting bracket and secure it with the provided screws.
- Restore Power:** Turn the power back on at the circuit breaker.

Refer to the detailed diagram in the included instruction manual for specific steps and visual guidance.

6. Operation

The Artika Swirl Vanity Light Fixture is operated via a standard wall switch. If connected to a compatible LED dimmer switch (not included), the brightness can be adjusted to your preference. Ensure the dimmer switch is specifically designed for LED lighting to prevent flickering or damage.

7. Maintenance

To clean the fixture, ensure the power is off. Use a soft, dry cloth to wipe down the surfaces. Avoid using abrasive cleaners, solvents, or any cleaning products containing alcohol, as these can damage the finish or LED components. The integrated LEDs are designed for a long lifespan and do not require replacement.

8. Troubleshooting

- **Light does not turn on:**

- Check the circuit breaker to ensure power is supplied to the fixture.
- Verify all wire connections are secure.
- Ensure the wall switch is in the 'ON' position.

- **Light flickers or dims improperly:**

- Confirm that the dimmer switch (if used) is compatible with LED lighting.
- Ensure the dimmer switch is correctly installed and wired.

- **Reduced light output:**

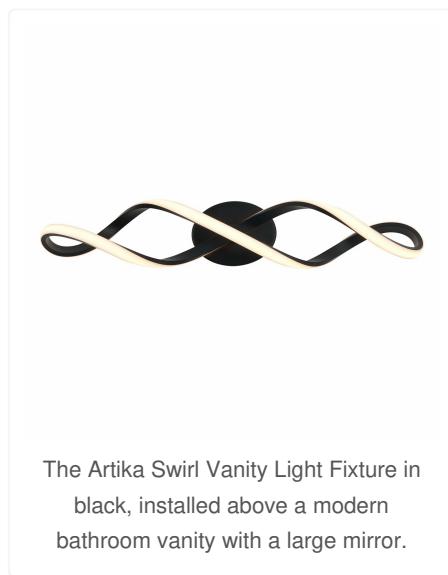

- Clean the fixture surfaces to remove any dust or debris.

If issues persist after performing these checks, contact Artika customer support for assistance.

9. Warranty and Support

This Artika product comes with a **3-year limited warranty**. For warranty claims or technical support, please refer to the contact information provided in your product packaging or visit the official Artika website.
