E-YOOSO Z88 60% Mechanical Gaming Keyboard User Manual

Model: Z88

INTRODUCTION

Thank you for choosing the E-YOOSO Z88 60% Mechanical Gaming Keyboard. This compact 81-key keyboard features Outemu blue mechanical switches, offering a responsive and tactile typing experience. It includes customizable rainbow LED backlighting and anti-ghosting technology for optimal gaming performance. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your keyboard.

SETUP

The E-YOOSO Z88 keyboard is designed for simple plug-and-play operation, requiring no additional drivers for basic functionality.

1. **Connect the USB Cable:** Locate the detachable USB Type-C cable included in the package. Connect the Type-C end to the port on the keyboard and the standard USB-A end to an available USB port on your computer.
2. **System Recognition:** Your operating system (Windows, Mac OS X, etc.) should automatically detect and install the necessary drivers. This process typically takes a few seconds.
3. **Ready for Use:** Once recognized, the keyboard is ready for immediate use.

OPERATING INSTRUCTIONS

Key Functions

The E-YOOSO Z88 features an 81-key US layout with various function shortcuts accessible via the **FN** key.

- **FN + F1-F12:** Access multimedia controls and system shortcuts. These include calculator, email, web browser, volume control (up, down, mute), and media playback controls (play/pause, stop, previous/next track).
- **N-Key Rollover:** All 81 mechanical keys are conflict-free, ensuring that every keystroke is registered accurately, even when multiple keys are pressed simultaneously. This is particularly beneficial for fast-paced gaming.
- **Windows Key Lock:** For an uninterrupted gaming experience, the keyboard provides a function to lock the Windows key, preventing accidental presses that could minimize your game.

Backlight Modes

The keyboard features rainbow LED backlighting with multiple modes and adjustable settings.

- **FN + PgDn:** Cycle through 9 different backlight modes. Each mode offers a unique lighting effect.
- **Brightness Adjustment:** Adjust the intensity of the backlight to your preference.
- **Breathing Effect:** Activate or deactivate the breathing light effect.
- **On/Off:** Toggle the backlight on or off.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your E-YOOSO Z88 keyboard.

- **Cleaning Keycaps:** Use the included keycap puller to carefully remove keycaps for thorough cleaning. This allows you to remove dust, crumbs, and debris that may accumulate beneath the keys. Clean keycaps with a soft, damp cloth and mild soap if necessary, ensuring they are completely dry before reattaching.
- **Surface Cleaning:** Wipe the keyboard surface with a soft, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Spill Resistance:** The keyboard features a splash-proof design. In case of accidental spills, immediately disconnect the keyboard from your computer and allow it to dry completely before reconnecting.

TROUBLESHOOTING

If you encounter issues with your E-YOOSO Z88 keyboard, refer to the following common solutions:

- **Keyboard Not Responding:**

- Ensure the USB cable is securely connected to both the keyboard and the computer.
- Try connecting the keyboard to a different USB port on your computer.
- Test the keyboard on another computer to determine if the issue is with the keyboard or the computer's port.

- **Keys Not Registering:**

- Check for any debris or obstructions under the affected keycaps. Remove keycaps using the puller and clean if necessary.
- Ensure the keyboard is not in a locked state (e.g., Windows key lock).

- **Backlight Not Working or Incorrect:**

- Press **FN + PgDn** to cycle through backlight modes or turn the backlight on.
- Adjust backlight brightness settings.
- **Intermittent Connection:**
 - Ensure the detachable USB cable is fully inserted.
 - If possible, try using a different USB Type-C cable to rule out a faulty cable.

If these steps do not resolve the issue, please refer to the Warranty and Support section for further assistance.
