

One For All URC4911

One For All URC4911 LG TV Replacement Remote Control User Manual

Model: URC4911

INTRODUCTION

The One For All URC4911 is a dedicated replacement remote control designed to work seamlessly with all LG televisions. This remote offers full functionality, mirroring the features of your original LG remote, and includes a learning feature for personalized customization. This manual provides detailed instructions to help you set up, operate, and maintain your URC4911 remote control.

Image: Front view of the One For All URC4911 remote control, showcasing its button layout.

SETUP

The URC4911 remote control is designed for immediate use with LG televisions without requiring any complex setup procedures. Simply insert the batteries, and the remote is ready to operate your LG TV.

Inserting Batteries

1. Locate the battery compartment on the back of the remote control.
2. Slide open the battery compartment cover.

3. Insert two (2) AAA batteries, ensuring correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

Once batteries are inserted, the remote is ready to control your LG TV. No programming or code entry is required.

OPERATING THE REMOTE CONTROL

The URC4911 remote control is designed to replicate the functionality of your original LG TV remote. It supports all common LG functions across various LG TV types, including LCD, LED, and Plasma models.

Key Functions

- **Power Button:** Turns the TV on or off.
- **Number Buttons (0-9):** For direct channel selection.
- **Volume Up/Down:** Adjusts the TV volume.
- **Channel Up/Down:** Changes TV channels.
- **Menu:** Accesses the TV's main menu.
- **Guide:** Displays the electronic program guide.
- **App Buttons (e.g., Netflix, Prime Video):** Provides direct access to popular streaming applications.
- **Navigation (Arrow) Buttons & OK:** For navigating menus and confirming selections.
- **Back/Exit:** Returns to the previous screen or exits a menu.
- **Source:** Selects input sources (HDMI, AV, etc.).
- **Special LG Functions:** Supports functions like Energy Saving, Netcast, AD (Audio Description), and 3D (if applicable to your TV model).

Image: Detailed front view of the URC4911 remote control, highlighting the various function buttons.

Learning Feature

The URC4911 includes a learning feature, allowing you to copy functions from another remote control directly onto your One For All remote. This enables full customization and ensures compatibility with any

unique functions not pre-programmed.

For detailed instructions on using the learning feature, please refer to the comprehensive guide available on the [One For All support website](#) or the included quick start guide.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your remote control.

Cleaning

- Wipe the remote control with a soft, dry cloth.
- Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the remote's surface or internal components.

Battery Replacement

- Replace batteries when the remote's response becomes sluggish or stops working.
- Always replace both AAA batteries at the same time with new ones.
- Dispose of used batteries responsibly according to local regulations.

Button Care

If buttons become stiff or unresponsive, gently wriggle the affected button to free it. For persistent issues, a small amount of plastic lubricant (e.g., GT85) can be applied to the button mechanisms. This should be done sparingly and carefully, ideally once a year, to prevent sticking.

TROUBLESHOOTING

If you encounter issues with your URC4911 remote control, refer to the following troubleshooting steps:

- **Remote not responding:**
 - Ensure the batteries are correctly inserted and not depleted. Replace them if necessary.
 - Check for any obstructions between the remote control and the TV's infrared receiver.
 - Ensure you are within the effective range and pointing the remote directly at the TV.
- **Specific buttons not working:**
 - If a button feels stuck or unresponsive, refer to the "Button Care" section under Maintenance.
 - If you used the learning feature, try re-learning the specific function.
- **Learning feature not working:**
 - Ensure the original remote's batteries are fresh and it is functioning correctly.
 - Position the two remotes head-to-head, approximately 1-2 inches apart, during the learning process.
 - Press and hold the buttons firmly and for the correct duration as per the learning instructions.

SPECIFICATIONS

Model Number	URC4911
--------------	---------

Brand	One For All
Compatible Devices	LG Televisions (LCD, LED, Plasma)
Max Number of Supported Devices	1 (LG TV)
Batteries Required	2 x AAA batteries
Product Dimensions	7.68 x 1.73 x 0.98 inches (19.5 x 4.4 x 2.5 cm)
Item Weight	5.3 ounces (150 grams)
Special Feature	Universal (for LG TVs), Learning Function
