SETUP

Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged. The charging case provides power to the earbuds and also serves as a protective storage unit.

1. Place the earbuds into their respective slots in the charging case.
2. Connect the USB-C charging cable to the charging port on the case and plug the other end into a USB power source.
3. LED indicators on the case and earbuds will illuminate to show charging status. A full charge typically takes about 1.5 hours for the case.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Earbud Tips:** Remove and clean the earbud tips periodically to prevent wax buildup, which can affect sound quality.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust, damage, and to keep them charged.
- **Avoid Moisture:** While the earbuds may have some water resistance (IPX5), avoid prolonged exposure to water or high humidity. Do not submerge them.
