LKPower AC Power Cord

LKPower AC Power Cord User Manual

Compatible with EBL 906 Smart Charger for AA, AAA, C, D, 9V Rechargeable Batteries

Introduction

This manual provides essential information for the safe and effective use of your LKPower AC Power Cord. This power cord is designed to supply AC power to compatible devices, specifically the EBL 906 Smart Charger, enabling it to charge various rechargeable batteries including AA, AAA, C, D, and 9V types. Please read these instructions carefully before use.

Product Overview

Image 1: LKPower AC Power Cord. This image displays the power cord with its standard two-prong plug on one end and the connector for the charger on the other.

The LKPower AC Power Cord is a replacement or spare power supply for your EBL 906 Smart Charger. It converts standard AC wall power into the necessary DC power for your charger. It features a durable design and is tested for reliable performance.

Setup

1. **Unpack the Power Cord:** Carefully remove the LKPower AC Power Cord from its packaging. Inspect the cord for any visible damage. Do not use if damaged.
2. **Locate the Charger's Power Input:** Identify the power input port on your EBL 906 Smart Charger. This port is typically located on the back or side of the charger.
3. **Connect to Charger:** Insert the connector end of the LKPower AC Power Cord firmly into the power input port of the EBL 906 Smart Charger. Ensure a snug fit.
4. **Connect to Power Outlet:** Plug the two-prong end of the AC Power Cord into a standard AC 100-240V wall outlet.

Ensure the outlet is easily accessible.

5. **Verify Power:** Once connected, your EBL 906 Smart Charger should power on, indicated by its display or LED indicators. Refer to your EBL 906 Smart Charger's manual for specific power-on indications.

Operating Instructions

The LKPower AC Power Cord functions as a power supply for your EBL 906 Smart Charger. Its operation is straightforward:

- Once properly connected to both the EBL 906 Smart Charger and a wall outlet, the power cord continuously supplies power to the charger.
- The power cord is designed for continuous use within its specified voltage range (AC 100-240V).
- Always ensure the power cord is not kinked, pinched, or placed under heavy objects during operation to prevent damage.

Maintenance

Proper maintenance ensures the longevity and safe operation of your LKPower AC Power Cord:

- **Cleaning:** Disconnect the power cord from both the wall outlet and the charger before cleaning. Wipe the cord and connectors with a dry, soft cloth. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the power cord in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tightly winding the cord to prevent internal wire damage.
- **Inspection:** Periodically inspect the power cord for any signs of wear, cuts, fraying, or bent prongs. If any damage is observed, discontinue use immediately and replace the cord.
- **Handling:** Always grasp the plug when disconnecting from the wall outlet; do not pull on the cord itself.

Troubleshooting

If you encounter issues with your LKPower AC Power Cord, consider the following:

Problem	Possible Cause	Solution
Charger not powering on	• Power cord not fully plugged into outlet or charger. • Outlet is not active. • Power cord is damaged.	• Ensure both ends of the power cord are securely connected. • Test the outlet with another device. • Inspect the power cord for damage; replace if necessary.
Power cord feels warm	• Normal operation (slight warmth). • Overload or internal damage (excessive heat).	• Slight warmth is normal. • If excessively hot, disconnect immediately. Ensure the charger is compatible and not drawing too much power. Replace if issue persists.

Specifications

- **Input:** AC 100-240V, 50/60Hz (Worldwide AC Input)
- **Protection:** Over Voltage Protection, Over Heat Protection
- **Connector Gender:** Male-to-Male
- **Plug Format:** Type A (US standard)
- **UL Listed:** No
- **Total Power Outlets:** 1 (for connecting to the charger)
- **Compatibility:** Specifically designed for EBL 906 Smart Charger

Warranty and Support

For warranty information and customer support, please refer to the documentation provided with your original purchase or contact LKPower customer service directly. Keep your purchase receipt as proof of purchase.
Online Support: For additional assistance, you may visit the LKPower official website or the retailer's support page where the product was purchased.

Safety Information

- Do not expose the power cord to water or excessive moisture.
- Do not disassemble or modify the power cord.
- Keep out of reach of children.
- Use only with compatible devices as specified.
- Ensure proper ventilation around the charger and power cord during use.
