4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes about 20 minutes. A screwdriver is recommended, and all necessary tools are included in the accessory kit.

1. **Step 1: Unpack and Identify Parts**

Carefully unpack all components and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent damage. Refer to the parts list to ensure all pieces are present.

2. **Step 2: Attach Leg Frames to Tabletop**

Align the pre-drilled holes on the tabletop with the corresponding holes on the top of the leg frames. Secure the leg frames to the tabletop using the provided screws. Do not fully tighten screws until all components are loosely assembled.

3. **Step 3: Install Crossbar(s)**

Connect the crossbar(s) between the leg frames at the designated points. This provides additional stability. Insert the screws and tighten them partially.

4. **Step 4: Fully Tighten All Screws**

Once all components are in place, gradually tighten all screws using the provided Allen wrench or a screwdriver. Ensure the table is stable and level as you tighten.

5. **Step 5: Attach and Adjust Leg Pads**

Screw the adjustable leg pads into the bottom of each leg. Adjust them as needed to ensure the table is stable and does not wobble on uneven surfaces. These pads also protect your floor from scratches.

5. OPERATING INSTRUCTIONS

The Tribesigns Console Table is designed for versatile use in various indoor settings.

- **Placement:** This table is ideal for use behind a couch as a sofa table, in an entryway or hallway as a console table, or as a bar height table in a living room or home pub area.
- **Weight Capacity:** The table has a maximum weight recommendation of 200 pounds. Distribute weight evenly across the tabletop to ensure stability and prevent damage.

- **Stability:** Utilize the adjustable leg pads to ensure the table is level and stable on any floor surface. This is crucial for safety and preventing wobbling.

6. MAINTENANCE

Proper care will help maintain the appearance and longevity of your Tribesigns Console Table.

- **Cleaning:** Wipe with a dry cloth. For stubborn marks, a slightly damp cloth followed immediately by a dry cloth can be used. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Clean up spills immediately to prevent staining, especially on the rustic brown tabletop.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

- **Environment:** Avoid placing the table in direct sunlight or near heat sources, as this can cause warping or discoloration over time.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Table wobbles after assembly.	Uneven floor surface; screws not fully tightened; adjustable feet not properly set.	Adjust the leg pads until the table is stable. Ensure all screws are fully tightened.
Parts are missing from the package.	Packaging error.	Contact Tribesigns customer support with your purchase details for replacement parts.
Screws do not align with holes.	Incorrect orientation of parts; manufacturing defect.	Double-check the orientation of the parts according to the assembly diagram. If still misaligned, contact customer support.
Tabletop appears scratched or damaged.	Damage during shipping or assembly.	If damaged upon arrival, contact customer support immediately. During assembly, ensure you work on a soft surface.
