

Hemudu HT06B-002

Hemudu Universal Swivel TV Stand HT06B-002 Instruction Manual

Model: HT06B-002 | Brand: Hemudu

1. IMPORTANT SAFETY INFORMATION

Please read this manual thoroughly before installation and use. Keep this manual for future reference. If you have any questions, please contact customer service.

- **Weight Capacity:** Do not exceed the maximum weight capacity of 88 lbs (40 kg). Exceeding this limit may result in serious injury or property damage.
- **TV Size:** This stand is designed for TVs between 27 and 60 inches.
- **VESA Compatibility:** Ensure your TV's VESA pattern is compatible (100x100mm to 400x400mm).
- **Surface Stability:** Always place the TV stand on a stable, level surface that can support the combined weight of the stand and your television.
- **Children:** Keep children away from the TV stand during assembly. Do not allow children to climb on the stand or TV.
- **Proper Installation:** Incorrect installation may cause damage or serious injury. Follow all instructions carefully.

2. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or defective, please contact Hemudu customer service.

HIGHT ADJUSTABLE

9 LEVEL

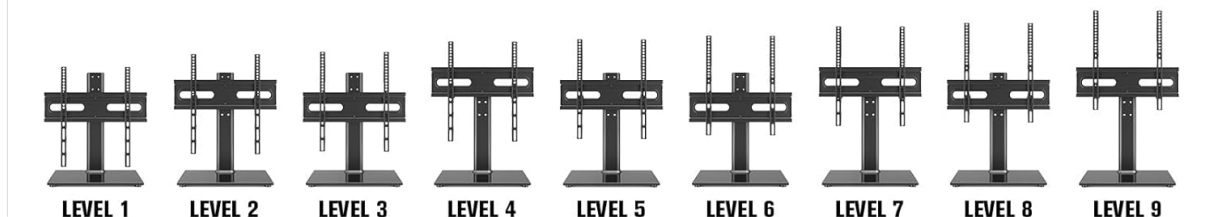

Image Description: An overhead view showing all the individual components of the TV stand, including the tempered glass base, the main support pillar, the TV mounting bracket, various screws, washers, and an Allen wrench, neatly organized for assembly.

- Heavy-duty steel elliptical panel
- 8mm tempered glass base
- TV mounting bracket (VESA compatible)
- All necessary screws, washers, and tools for assembly
- Cable management clips

3. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and can typically be completed within 15 minutes. Follow these steps carefully.

3.1 Attaching the Support Pillar to the Base

1. Carefully place the tempered glass base on a soft, clean surface to prevent scratches.
2. Align the bottom of the main support pillar with the pre-drilled holes on the tempered glass base.
3. Secure the pillar to the base using the provided screws and the Allen wrench. Ensure they are

tightened securely but do not overtighten.

3.2 Attaching the TV Mounting Bracket to the Support Pillar

1. Determine your desired TV height. The support pillar offers 9 levels of height adjustment.
2. Align the TV mounting bracket with the corresponding holes on the support pillar at your chosen height.
3. Secure the bracket to the pillar using the provided screws and washers.

3.3 Attaching the TV to the Mounting Bracket

Before attaching your TV, ensure the VESA pattern on your TV matches the bracket and that you use the correct screws and spacers provided for your specific TV model.

PLEASE NOTE: In order to avoid you can't assemble my stand, Please check the figure of this picture carefully, If you have any query please don't hesitate to contact my customer service center.

VESA PATTERN	TV AVAILABLE
VESA 400X400	SIZE H< 10.4"
VESA 400X300/300X300	SIZE H< 14.3"
VESA 400X200/200X200	SIZE H< 18.7"
VESA 200X100/100X100	SIZE H< 22.6"

Image Description: A detailed diagram illustrating various VESA mounting patterns (100x100mm to 400x400mm) and corresponding TV sizes, along with a table indicating the maximum height (SIZE H) for different VESA patterns. It also shows the necessary screws and tools included.

1. Attach the vertical TV brackets to the back of your television using the appropriate screws and spacers. Ensure the brackets are vertical and securely fastened.
2. Carefully lift your TV and hook the attached vertical brackets onto the horizontal bar of the TV mounting bracket on the stand. It is recommended to have a second person assist with this step for larger TVs.

3. Once the TV is hooked, secure it in place using the safety screws at the bottom of the vertical brackets. This prevents accidental dislodgement.

Video Description: An official product video demonstrating the assembly process of the Hemudu Universal TV Stand, including attaching the base, the main pillar, and the TV mounting brackets. It highlights the ease of installation and the secure fit of the components.

Video Description: A seller-provided video emphasizing the importance of correctly attaching the hook mount and engaging the safety lock mechanism during TV installation to ensure stability and prevent accidental detachment.

4. OPERATING INSTRUCTIONS

4.1 Swivel Function

The Hemudu TV stand features a universal swivel function, allowing you to adjust your TV's viewing angle.

- Gently rotate your TV left or right to achieve the desired viewing angle. The stand allows for a maximum swivel of 35 degrees in each direction (total 70 degrees).
- This feature is ideal for adjusting the screen to different seating positions in a room.

Image Description: An aerial view illustrating a television mounted on the Hemudu stand, demonstrating its ability to swivel up to 35 degrees to the left and right, providing flexible viewing angles.

4.2 Height Adjustment

The stand offers 9 levels of height adjustment to position your TV at the optimal viewing height.

- Height adjustments are made during the assembly process by selecting different mounting holes on the support pillar. Refer to section 3.2 for details.
- Ensure the TV is securely fastened at the chosen height before use.

Image Description: A visual representation of a TV mounted on the Hemudu stand, highlighting its 9-level height adjustment capability, allowing the user to raise or lower the screen by up to 9.4 inches.

4.3 Cable Management

Keep your cables organized and out of sight using the integrated cable management system.

- Route your TV and device cables through the cable pass-through port located on the support pillar.
- Use the provided cable clips to secure the cables neatly along the back of the pillar, reducing clutter and enhancing the aesthetic of your setup.

CABLE MANGEMENT

Image Description: A close-up image detailing the cable management features of the TV stand, showing cables neatly routed and secured along the central pillar using clips, alongside other product details like swivel mechanism, safety lock, and rubber non-slip feet.

5. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry cloth to clean the stand. For the tempered glass base, a glass cleaner can be used. Avoid abrasive cleaners or solvents that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.
- **Avoid Overloading:** Do not place items on the stand that exceed its weight capacity.

6. TROUBLESHOOTING

- **TV is not level:** Ensure the stand is on a flat surface. Check that the TV mounting brackets are installed evenly on the back of the TV and securely attached to the pillar. The stand includes a leveling feature in its feet for minor adjustments.
- **Stand feels unstable:** Verify that all screws are tightened according to the assembly instructions. Ensure the total weight of your TV and any accessories does not exceed the 88 lbs (40 kg) weight

limit.

- **Cables are messy:** Utilize the integrated cable management clips and routing options on the support pillar to organize and conceal cables.
