Legami NIL0001

Legami Unicorn Night Light NIL0001 Instruction Manual

Model: NIL0001

1. INTRODUCTION

The Legami Unicorn Night Light (Model NIL0001) is designed to provide a comforting, multi-color glow for children's rooms. This battery-operated night light features a gradual color-changing sequence through four distinct colors, offering approximately 20 hours of illumination. Its compact and charming design makes it an ideal companion for bedtime.

2. SAFETY INFORMATION

- This product is intended for indoor use only.
- Keep the night light out of reach of very young children to prevent choking hazards from small parts or batteries.
- Do not mix old and new batteries, or different types of batteries.
- Ensure batteries are inserted with correct polarity (+/-). Incorrect insertion can cause damage or leakage.
- Remove exhausted batteries promptly.
- Dispose of used batteries according to local regulations.
- Do not immerse the night light in water or expose it to excessive moisture.
- Do not attempt to open or modify the product, as this will void the warranty and may cause damage.

3. PACKAGE CONTENTS

Please verify that all items are present in the package:

- 1 x Legami Unicorn Night Light (Model NIL0001)
- 3 x LR44 Batteries (may be pre-installed)

4. SETUP: BATTERY INSTALLATION

The night light operates with 3 LR44 batteries. These are typically included and may be pre-installed. If batteries are not pre-installed or need replacement, follow these steps:

1. Locate the battery compartment on the base of the night light.
2. Using a small Phillips head screwdriver (not included), carefully open the battery compartment cover.
3. Insert 3 new LR44 batteries, ensuring that the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.

4. Replace the battery compartment cover and secure it with the screw. Do not overtighten.

5. OPERATION

The Legami Unicorn Night Light features a simple touch-activated switch.

- **To Turn On:** Gently press the base or body of the unicorn. The light will illuminate and begin its gradual color-changing sequence.
- **Color Changing:** The night light automatically cycles through 4 different colors (green, blue, pink, purple) with a smooth transition.
- **To Turn Off:** Press the base or body of the unicorn again. The light will turn off.

6. MAINTENANCE

To ensure the longevity and proper functioning of your night light:

- Clean the night light with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the surface.
- If the night light will not be used for an extended period, remove the batteries to prevent leakage.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Batteries are depleted or incorrectly installed.	Check battery polarity. Replace batteries with new LR44 batteries. Ensure the battery compartment is securely closed.

Problem	Possible Cause	Solution
Light is dim or flickers.	Batteries are low.	Replace all three LR44 batteries with new ones.
Light does not change colors.	This product is designed for automatic color cycling. If it's stuck on one color, try turning it off and on again. If the issue persists, replace batteries.	Turn the unit off and then on again. If the problem continues, replace the batteries.
