2. **Assemble the Spinner:** Attach the spinner to the designated spot on the game board. Ensure it spins freely.
3. **Place the Bank:** Designate one player as the Banker. The Banker organizes the game money by denomination and places it in a central location accessible to all players.
4. **Prepare Cards:**
 - Shuffle the Career Cards and place them face down in their designated space on the board.
 - Shuffle the Action Cards and place them face down in their designated space.

4. HOW TO PLAY

The game proceeds in turns, with players spinning the wheel to move their car and make life-altering decisions. The objective is to be the wealthiest player at the end of the game.

4.1 Game Flow

1. **Player Turns:** The youngest player typically goes first, and play proceeds clockwise.
2. **Spin the Wheel:** On your turn, spin the spinner. The number you land on indicates how many spaces you move your car.
3. **Move Your Car:** Move your car along the path the indicated number of spaces. You must always follow the arrows on the board.
4. **Land on a Space:** Follow the instructions on the space you land on. These can include:
 - **Career Choice:** Choose to go to college or start a career immediately. This impacts your starting salary and potential future earnings.
 - **Pay Day:** Collect your salary from the bank.
 - **Action Spaces:** Draw an Action Card and follow its instructions (e.g., pay money, collect money, move spaces).
 - **Life Event Spaces:** These spaces often involve significant decisions like getting married (add a peg), having children (add more pegs), or buying a house.
 - **Investments:** Some spaces allow you to invest in a number. If any player spins that number, you collect money.
 - **Pay Taxes/Bills:** Pay money to the bank for various expenses.
5. **End of Turn:** Once you have completed the action for the space you landed on, your turn ends, and play passes to the next player.

4.2 Game End

The game concludes when all players have reached the "Retirement" space. Once all players have retired, they count their total wealth, which includes:

- All cash on hand.
- The value of any House Cards owned.
- Any bonuses from Action Cards or other game elements.

The player with the highest total wealth is the winner!

5. MAINTENANCE

Proper care ensures the longevity of your board game:

- **Storage:** Store all game components in their original box in a cool, dry place away from direct sunlight.
- **Cleaning:** Wipe the game board and plastic components with a soft, dry cloth if needed. Avoid using harsh chemicals or abrasive cleaners.
- **Handling:** Handle cards and money carefully to prevent bending or tearing.
