KAWADA NBMC_10S

Kawada Nanoblock Mini Nano Chibibi NBMC_10S Instruction Manual

Model: NBMC_10S

Introduction

This manual provides essential instructions for the assembly, care, and safe use of your Kawada Nanoblock Mini Nano Chibibi NBMC_10S building block set. This set features 6 different characters from the popular Chibiku-Chin series, designed with micro-sized blocks to capture intricate details. Please read this manual thoroughly before beginning assembly.

Safety Information

- **Warning: Choking Hazard.** This product contains small parts and is not suitable for children under 3 years of age.
- Recommended age for assembly and use is 12 years and up.
- Keep all packaging materials away from children to prevent suffocation.
- Do not ingest any parts of the product.

Package Contents

The Kawada Nanoblock Mini Nano Chibibi NBMC_10S set includes:

- One (1) box containing six (6) individual Nanoblock Mini Nano Chibibi character sets.
- Each character set includes approximately 80 micro-sized building blocks.
- Individual assembly instructions for each character are provided within their respective packaging.

Setup: Assembly Instructions

Assembly is required for each Nanoblock Mini Nano Chibibi character. Follow these general guidelines:

1. **Unpack Carefully:** Open the main box and then each individual character's packaging. Be mindful of the small block sizes.
2. **Locate Instructions:** Each character set includes its own specific, detailed assembly instructions. Refer to these instructions for step-by-step guidance.
3. **Organize Blocks:** Before starting, it may be helpful to sort the micro-sized blocks by color or shape to facilitate easier assembly.
4. **Follow Diagrams:** Carefully follow the diagrams and numerical steps provided in the individual instruction sheets. Pay close attention to block orientation and placement.
5. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable model.

Operating: Display and Handling

Once assembled, your Nanoblock Mini Nano Chibibi characters are ready for display.

- **Display Surface:** Place your finished models on a flat, stable surface to prevent them from falling or becoming damaged.
- **Handling:** Handle the assembled models with care. Due to the micro-sized blocks, excessive force or dropping may cause parts to detach.
- **Environmental Conditions:** Avoid placing models in areas with extreme temperatures, high humidity, or direct sunlight for prolonged periods, as this may affect the material over time.

Maintenance

Proper care will help maintain the appearance and integrity of your Nanoblock models.

- **Cleaning:** To clean dust from your models, gently wipe them with a dry, soft cloth or use a soft brush.
- **Avoid Chemicals:** Do not use harsh cleaning agents, solvents, or abrasive materials, as these can damage the acrylic blocks and their colors.
- **Storage:** If disassembling for storage, keep all blocks in a secure container to prevent loss of small parts.

Troubleshooting

Here are solutions to common issues you might encounter:

- **Blocks Not Fitting:** Ensure the blocks are correctly oriented and aligned with the studs on other blocks. Apply gentle, even pressure.
- **Missing Pieces:** Double-check all packaging materials and the assembly area. Due to their small size, blocks can be easily overlooked.
- **Model Instability:** Verify that all connections are firm and that blocks are fully seated. Re-examine the instructions for any missed steps or incorrect placements.
