ADESSO Xtream S5

Adesso Xtream S5 USB Sound Bar Speaker Instruction Manual

Model: Xtream S5

INTRODUCTION

This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your Adesso Xtream S5 USB Sound Bar Speaker. The Xtream S5 is designed to deliver clear stereo sound for your computer, featuring a simple USB plug-and-play connection.

1. SETUP INSTRUCTIONS

The Adesso Xtream S5 is designed for easy plug-and-play installation. No additional drivers or software are typically required.

1. **Unpack the Speaker:** Carefully remove the Xtream S5 sound bar from its packaging. Ensure all components are present (1 x USB Sound Bar Speaker).

2. **Connect to your Computer:** Locate an available USB port on your desktop or laptop computer. Insert the USB cable from the Xtream S5 sound bar into the USB port.

3. **Automatic Recognition:** Your computer should automatically detect the new audio device. This process may take a few moments.

4. **Set as Default Audio Device (if necessary):** In some operating systems, you may need to manually select the "Adesso Xtream S5" or a similar name as your default audio output device in your sound settings.

2. OPERATING INSTRUCTIONS

Once connected, the Xtream S5 is ready for use.

- **Power On/Off:** The speaker is powered via the USB connection. It will turn on automatically when connected to a powered USB port and turn off when disconnected or the computer is shut down.

- **Volume Control:** Adjust the volume directly from your computer's operating system sound settings. The Xtream S5 does not feature an independent physical volume control.

- **Audio Playback:** Play any audio content from your computer, such as music, videos, or games. The sound will be output through the Xtream S5 sound bar.

3. MAINTENANCE

To ensure the longevity and optimal performance of your Xtream S5 sound bar, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the sound bar. Do not use liquid cleaners, aerosols, or solvents, as these may damage the finish or internal components.
- **Placement:** Place the sound bar on a stable, flat surface. Avoid placing it in direct sunlight, near heat sources, or in areas with high humidity.
- **Cable Care:** Avoid bending or crimping the USB cable excessively. Do not pull the cable to disconnect the speaker; always grasp the USB connector.
- **Storage:** If storing the speaker for an extended period, disconnect it from the computer and store it in a cool, dry place, preferably in its original packaging.

4. TROUBLESHOOTING

If you encounter issues with your Adesso Xtream S5, refer to the following common problems and solutions:

Problem	Solution
No Sound Output	• Ensure the USB cable is securely connected to both the speaker and your computer. • Check your computer's volume settings to ensure the volume is not muted or set too low. • Verify that the Adesso Xtream S5 is selected as the default audio output device in your computer's sound settings. • Try connecting the speaker to a different USB port on your computer. • Restart your computer.
Distorted or Low Quality Sound	• Ensure the volume is not set too high, which can cause distortion. Adjust the computer's volume. • Check for interference from other electronic devices. • Ensure the audio source (e.g., music file, video) is of good quality.
Speaker Not Recognized by Computer	• Try connecting to a different USB port. • Restart your computer. • Check your computer's Device Manager (Windows) or System Information (macOS) to see if the device is listed.

5. SPECIFICATIONS

Key technical specifications for the Adesso Xtream S5 USB Sound Bar Speaker:

Model Name: Xtream S5

Speaker Type: Soundbar

Power Source: USB

Input Voltage: 5 Volts

Speaker Maximum Output Power: 10 Watts (5W x 2)

Impedance: 4 Ohms

Frequency Response: 18000 Hz
