vidaXL 323814

vidaXL Modern Floating Wall Shelf Installation and User Manual

Model: 323814

1. INTRODUCTION

Thank you for choosing the vidaXL Modern Floating Wall Shelf. This manual provides essential information for the safe and correct assembly, installation, and use of your new wall shelf. Please read these instructions carefully before beginning installation and retain them for future reference.

This floating wall shelf, crafted from high-quality honeycomb MDF and featuring an invisible metal frame, is designed to offer a stylish and space-saving solution for displaying books, awards, collectibles, and other decorative items. Its minimalist design integrates seamlessly into various home decors.

2. SAFETY INFORMATION

California Proposition 65 Warning: This product may expose you to chemicals known to the State of California to cause cancer and reproductive harm. For more information, visit www.P65Warnings.ca.gov.

- Ensure the wall is suitable for mounting and can support the shelf's weight plus the weight of items placed on it.
- Use appropriate tools and safety gear during installation.
- Do not exceed the maximum weight limit of 22 pounds (10 kg).
- Keep small parts and hardware away from children to prevent choking hazards.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact vidaXL customer support.

- 1x Floating Wall Shelf (Honeycomb MDF)

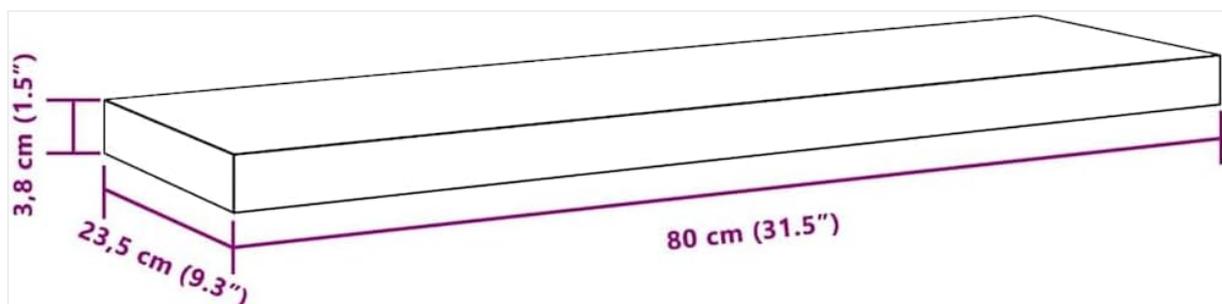

- 1x Metal Mounting Bracket (Rod)
- Necessary Mounting Hardware (screws, wall plugs - quantity may vary based on wall type)

4. SPECIFICATIONS

Model Name	Wall Shelf Floating Shelf Display Shelf for Book Wall Mounted White vidaXL
Model Number	323814
Dimensions (L x W x H)	31.5" x 9.3" x 1.5" (80 cm x 23.5 cm x 3.8 cm)
Material	Honeycomb MDF, Metal Frame
Color	White
Weight Limit	22 Pounds (10 kg)
Assembly Required	Yes
Installation Type	Wall-mounted (Invisible Mounting System)

5. SETUP AND INSTALLATION

The vidaXL Floating Wall Shelf features an invisible mounting system for a clean, seamless look. Careful installation is crucial for stability and appearance.

Tools Required (Not Included):

- Drill
- Drill bits appropriate for your wall type and screw size
- Level
- Pencil
- Measuring tape
- Hammer (for wall plugs)

Installation Steps:

1. **Choose Location:** Select a suitable wall location. Ensure there are no hidden electrical wires or pipes behind the drilling points.
2. **Mark Drilling Points:** Hold the metal mounting bracket against the wall at the desired height. Use a level to ensure it is perfectly horizontal. Mark the positions for the screw holes with a pencil.
3. **Drill Holes:** Drill holes at the marked positions. The size of the drill bit should match the wall plugs provided or chosen for your wall type.
4. **Insert Wall Plugs:** Insert the wall plugs into the drilled holes. Tap gently with a hammer if necessary until they are flush with the wall surface.
5. **Attach Bracket:** Align the metal mounting bracket with the wall plugs and secure it firmly to the wall using the provided screws. Ensure the bracket is tightly fastened and stable.
6. **Mount Shelf:** Carefully slide the floating shelf onto the installed metal bracket. The shelf has a hollow channel designed to fit over the bracket's arms. Apply even pressure and gently push the shelf until it is fully seated against the wall and securely engaged with the bracket.

Space-Saving Wall Storage

Ideal for displaying your photos, ornaments and various small items

Image 5.2: Internal channel of the shelf for the bracket.

Important: Ensure the shelf is level and fully engaged with the bracket to prevent wobbling or detachment. If the shelf feels loose, re-check the bracket's attachment to the wall and the shelf's engagement with the bracket.

6. OPERATING AND USAGE

Once installed, your vidaXL Floating Wall Shelf is ready for use.

- **Display Items:** Use the shelf to display lightweight decorative items, small books, photos, or collectibles.
- **Weight Distribution:** Distribute the weight evenly across the shelf surface. Avoid placing heavy items concentrated in one area.
- **Maximum Load:** Do not exceed the maximum weight capacity of 22 pounds (10 kg). Overloading can compromise the shelf's stability and cause damage to the shelf or wall.
- **Environmental Conditions:** Avoid placing the shelf in areas with extreme humidity or direct sunlight, which can affect the MDF material over time.

Image 6.1: Example of items displayed on the shelf.

7. MAINTENANCE

To maintain the appearance and longevity of your floating wall shelf, follow these simple care instructions:

- **Cleaning:** Wipe the surface with a dry, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish of the MDF.
- **Regular Checks:** Periodically check the mounting screws and the shelf's connection to the bracket to ensure they remain secure. Tighten screws if necessary.

8. TROUBLESHOOTING

If you encounter any issues with your floating wall shelf, refer to the following common problems and solutions:

- **Shelf is not level:**
 - Ensure the mounting bracket was installed perfectly horizontally using a level. If not, remove the

bracket, adjust the drilling points, and re-install.

- Verify that the shelf is fully pushed onto the bracket and seated correctly.

- **Shelf feels wobbly or loose:**

- Check if the screws securing the metal bracket to the wall are tight. Tighten them if loose.
- Ensure the wall plugs are appropriate for your wall material and are securely seated.
- Confirm that the shelf is fully engaged with the bracket. Sometimes, the fit can be tight; ensure it is pushed all the way back until it meets the wall.

- **Shelf cannot hold weight:**

- Verify that the total weight of items on the shelf does not exceed 22 pounds (10 kg).
- Ensure the wall material is strong enough to support the shelf and its contents. Drywall may require specific anchors (not always included) for adequate support.

9. WARRANTY AND SUPPORT

vidaXL products are designed for quality and durability. For specific warranty information, please refer to the purchase documentation or contact your retailer. If you have any questions, require assistance with assembly, or need to report missing/damaged parts, please contact vidaXL customer support through their official website or the retailer where the product was purchased.
