H.Koenig SMOO16

H.Koenig SMOO16 Mini Blender Instruction Manual

Model: SMOO16

INTRODUCTION

This manual provides essential information for the safe and efficient use of your H.Koenig SMOO16 Mini Blender. Please read these instructions carefully before first use and keep them for future reference.

IMPORTANT SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Do not immerse the motor base in water or other liquids.
- Keep hands and utensils out of the container while blending to reduce the risk of severe injury to persons or damage to the blender.
- Blades are sharp. Handle with care.
- Ensure the appliance is switched off and unplugged before assembling, disassembling, or cleaning.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Do not use the appliance if the cord, plug, or other parts are damaged.
- Do not operate the blender continuously for more than 1 minute. Allow it to cool down between uses.
- Do not blend hot liquids.

PRODUCT COMPONENTS

The H.Koenig SMOO16 Mini Blender consists of the following parts:

- **Motor Base:** The main unit containing the 300W motor and control button.
- **Blade Assembly:** Features 4 stainless steel blades for efficient blending.
- **Portable Bottles (x2):** 570 ml capacity, BPA-free, designed for blending and drinking.
- **Travel Lids (x2):** Secure lids for the portable bottles, ideal for on-the-go use.
- **Silicone Sleeves (x2):** Provide a comfortable grip and protection for the bottles.

SETUP AND ASSEMBLY

Follow these steps to assemble your H.Koenig SMOO16 Mini Blender:

1. Fill one of the portable bottles with your desired ingredients. Do not exceed the maximum fill line.
2. Screw the blade assembly firmly onto the open end of the filled bottle. Ensure it is tightly sealed to prevent leaks.
3. Invert the bottle so the blade assembly faces downwards, and place it onto the motor base. Align the tabs on the bottle with the slots on the base.
4. Plug the power cord into a suitable electrical outlet.

SPÜLMASCHINENFEST

Entwickelt, um Ihnen das Leben zu erleichtern: Die Trinkflaschen und Klingen aus Edelstahl sind spülmaschinenfest.

Image: A four-panel diagram illustrating the assembly and usage process: 1. Assemble the bottle with ingredients and blade. 2. Place on the motor base to blend. 3. Remove and replace blade with travel lid. 4. Take the bottle on the go.

OPERATING INSTRUCTIONS

To operate your blender:

1. Once assembled and plugged in (as per "Setup and Assembly"), press and hold the power button on the motor base to begin blending.
2. Blend until your desired consistency is achieved. The blender operates with a single speed.
3. Do not blend continuously for more than 1 minute. If blending requires more time, release the button, wait a few seconds, and then resume.
4. After blending, release the power button and unplug the appliance.
5. Carefully remove the bottle from the motor base.
6. Unscrew the blade assembly from the bottle and replace it with a travel lid if you plan to take your drink with you.

Tips for Best Results:

- Cut larger ingredients into smaller pieces before blending.

- Add liquids first, then soft ingredients, and finally harder ingredients or ice.
- For thicker mixtures, you may need to shake the bottle gently while blending (with the blade assembly securely attached) to ensure all ingredients are processed.

CLEANING AND MAINTENANCE

Proper cleaning and maintenance will ensure the longevity of your H.Koenig SMOO16 Mini Blender.

1. Always unplug the blender from the power outlet before cleaning.
2. Separate the bottle, blade assembly, and travel lid from the motor base.
3. The portable bottles, blade assembly, and travel lids are dishwasher safe. Alternatively, they can be washed by hand with warm, soapy water. Rinse thoroughly.
4. Wipe the motor base with a damp cloth. Never immerse the motor base in water or any other liquid.
5. Ensure all parts are completely dry before reassembling or storing.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Blender does not start.	Not plugged in; bottle not correctly assembled on base.	Ensure the power cord is securely plugged in. Reassemble the bottle and blade assembly onto the motor base, ensuring it is locked into place.

Problem	Possible Cause	Solution
Ingredients are not blending smoothly.	Too many ingredients; not enough liquid; ingredients are too large.	Reduce the amount of ingredients. Add more liquid. Cut ingredients into smaller pieces. Briefly pulse the blender or gently shake the bottle.
Motor smells or overheats.	Overloading the motor; continuous operation for too long.	Do not blend continuously for more than 1 minute. Reduce the load. Unplug the blender and allow it to cool down for at least 15 minutes before resuming use.

TECHNICAL SPECIFICATIONS

Model: SMOO16

Power: 300 W

Voltage: 220 V

Capacity: 570 ml (per bottle)

Blades: 4 stainless steel blades

Main Body Material: Stainless steel

Bottle Material: BPA-free plastic

Control Type: Touch

Product Dimensions (D x W x H): 11.3 x 15 x 35 cm

Item Weight: 1.36 kg

Dishwasher Safe Parts: Bottles, blade assembly, travel lids
