3. SETUP GUIDE

3.1 Initial Power On and Charging

1. **Remove Protective Film:** Carefully peel off any protective film from the tablet screen.
2. **First Charge:** If the tablet does not power on immediately, connect the provided USB Type-C charging cable and adapter to the tablet and a power outlet. Charge for at least 30 minutes before attempting to power on again.
3. **Power On:** Press and hold the power button (located on the side) for approximately 5 seconds until the HAOVM logo appears.

3.2 Language and Network Setup

1. **Select Language:** Follow the on-screen prompts to select your preferred language.
2. **Connect to Wi-Fi:** Choose your Wi-Fi network from the list and enter the password if required.
3. **Google Account:** Sign in with your Google account or create a new one to access the Google Play Store and other services.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Tap:** Touch the screen once to select an item, launch an app, or activate a button.
- **Tap and Hold:** Press and hold an item to access contextual menus or move items on the home screen.
- **Swipe:** Slide your finger across the screen to navigate between home screens, scroll through lists, or open notification panels.
- **Pinch-to-Zoom:** Use two fingers to pinch in or out to zoom on images or web pages.

4.2 Power and Volume Controls

- **Power Button:** Press once to put the tablet to sleep or wake it up. Press and hold to access power options (Power off, Restart).
- **Volume Buttons:** Press to adjust the audio volume up or down.

4.3 Camera Usage

The tablet features a 5MP front camera and a 13MP rear camera.

1. Open the "Camera" application from the home screen or app drawer.
2. Tap the screen to focus.
3. Tap the shutter button to take a photo or start/stop video recording.

5. MAINTENANCE

- **Screen Care:** Use a soft, lint-free cloth to clean the screen. Avoid harsh chemicals.
- **Battery Life:** To prolong battery life, avoid extreme temperatures and fully discharging the battery frequently.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.

- **Storage Management:** Periodically clear unnecessary files and uninstall unused apps to free up storage space.

6. TROUBLESHOOTING

6.1 Common Issues and Solutions

- **Tablet Not Turning On:** Ensure the tablet is charged. Connect to the charger for at least 30 minutes. If still unresponsive, perform a hard reset by pressing and holding the power button for 10-15 seconds.
- **Wi-Fi Connectivity Issues:** Check if Wi-Fi is enabled in settings. Restart your router and the tablet. Forget the network and reconnect.
- **Apps Crashing/Freezing:** Close and restart the app. Clear the app's cache and data in Settings > Apps. Ensure the tablet's software is up to date.
- **Slow Performance:** Close background apps. Clear cache. Restart the tablet. Consider a factory reset if the issue persists (back up your data first).

6.2 Factory Reset

A factory reset will erase all data from your tablet and restore it to its original factory settings.**Back up all important data before proceeding.**

1. Go to Settings > System > Reset options.
2. Select "Erase all data (factory reset)".
3. Confirm your choice and enter your PIN/password if prompted.
4. The tablet will restart and begin the reset process.
