Zienstar MT134 Gray

Zienstar HXSJ Aluminium Folding Tablet Stand User Manual

Model: MT134 Gray

Brand: Zienstar

Product Overview

The Zienstar HXSJ Aluminium Folding Tablet Stand is a versatile and portable accessory designed to securely hold your tablet, iPad, or mobile phone. Constructed from durable aluminum, it offers adjustable height and angle settings to provide optimal viewing experiences for devices ranging from 4 to 15.6 inches. Its foldable design ensures easy portability, making it ideal for travel and various environments.

Package Contents

- 1 x Zienstar HXSJ Aluminium Folding Tablet Stand (Model: MT134 Gray)
- 1 x User Manual (this document)

Setup and Assembly

The Zienstar tablet stand comes pre-assembled and requires no complex setup. Follow these steps to prepare it for use:

1. **Unfolding the Stand:** Gently unfold the stand from its compact, folded position. The two main arms and the base will articulate.

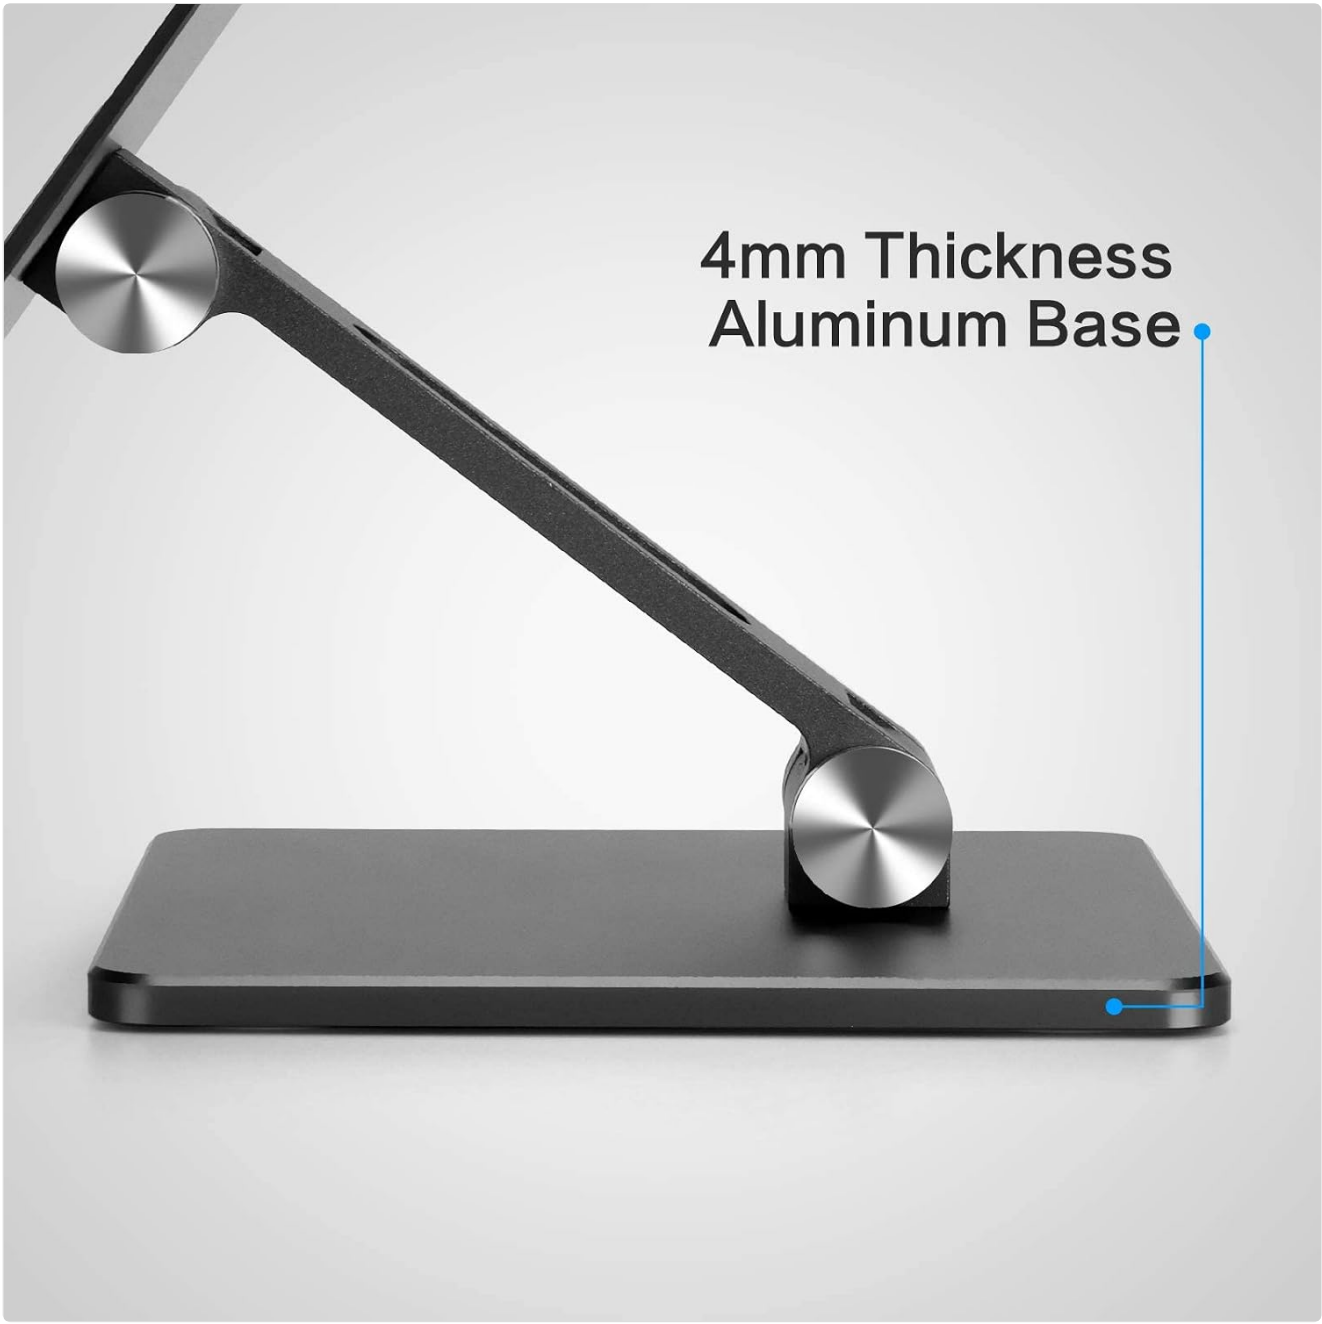

Figure 2: Illustration of the stand's folding mechanism, demonstrating its compact storage and easy deployment.

2. **Positioning the Base:** Place the sturdy aluminum base on a flat, stable surface. Ensure the anti-slip pads on the bottom of the base are in full contact with the surface to prevent movement.
3. **Adjusting Initial Angle:** Adjust the primary arm to your desired initial viewing angle. The stand features a dual-shaft mechanism allowing for significant angle adjustments.

Figure 3: Dimensional diagram of the Zienstar tablet stand, indicating its compact size and robust base for stability.

Operating Instructions

This stand is designed for ease of use and offers flexible adjustments to suit your needs.

1. **Placing Your Device:** Carefully place your tablet, iPad, or mobile phone onto the cradle of the stand. The cradle is designed to accommodate devices from 4 to 15.6 inches.
2. **Adjusting Viewing Angle:** The stand allows for a 180-degree angle adjustment. Gently push or pull the upper arm to achieve your preferred viewing angle. The robust hinges will hold the position securely.

Figure 4: Demonstrates the wide range of angle adjustments possible with the stand, allowing for optimal viewing from various positions.

3. **Adjusting Height:** In addition to angle, the stand also allows for height adjustment. Manipulate the lower arm to raise or lower your device to an ergonomic height.

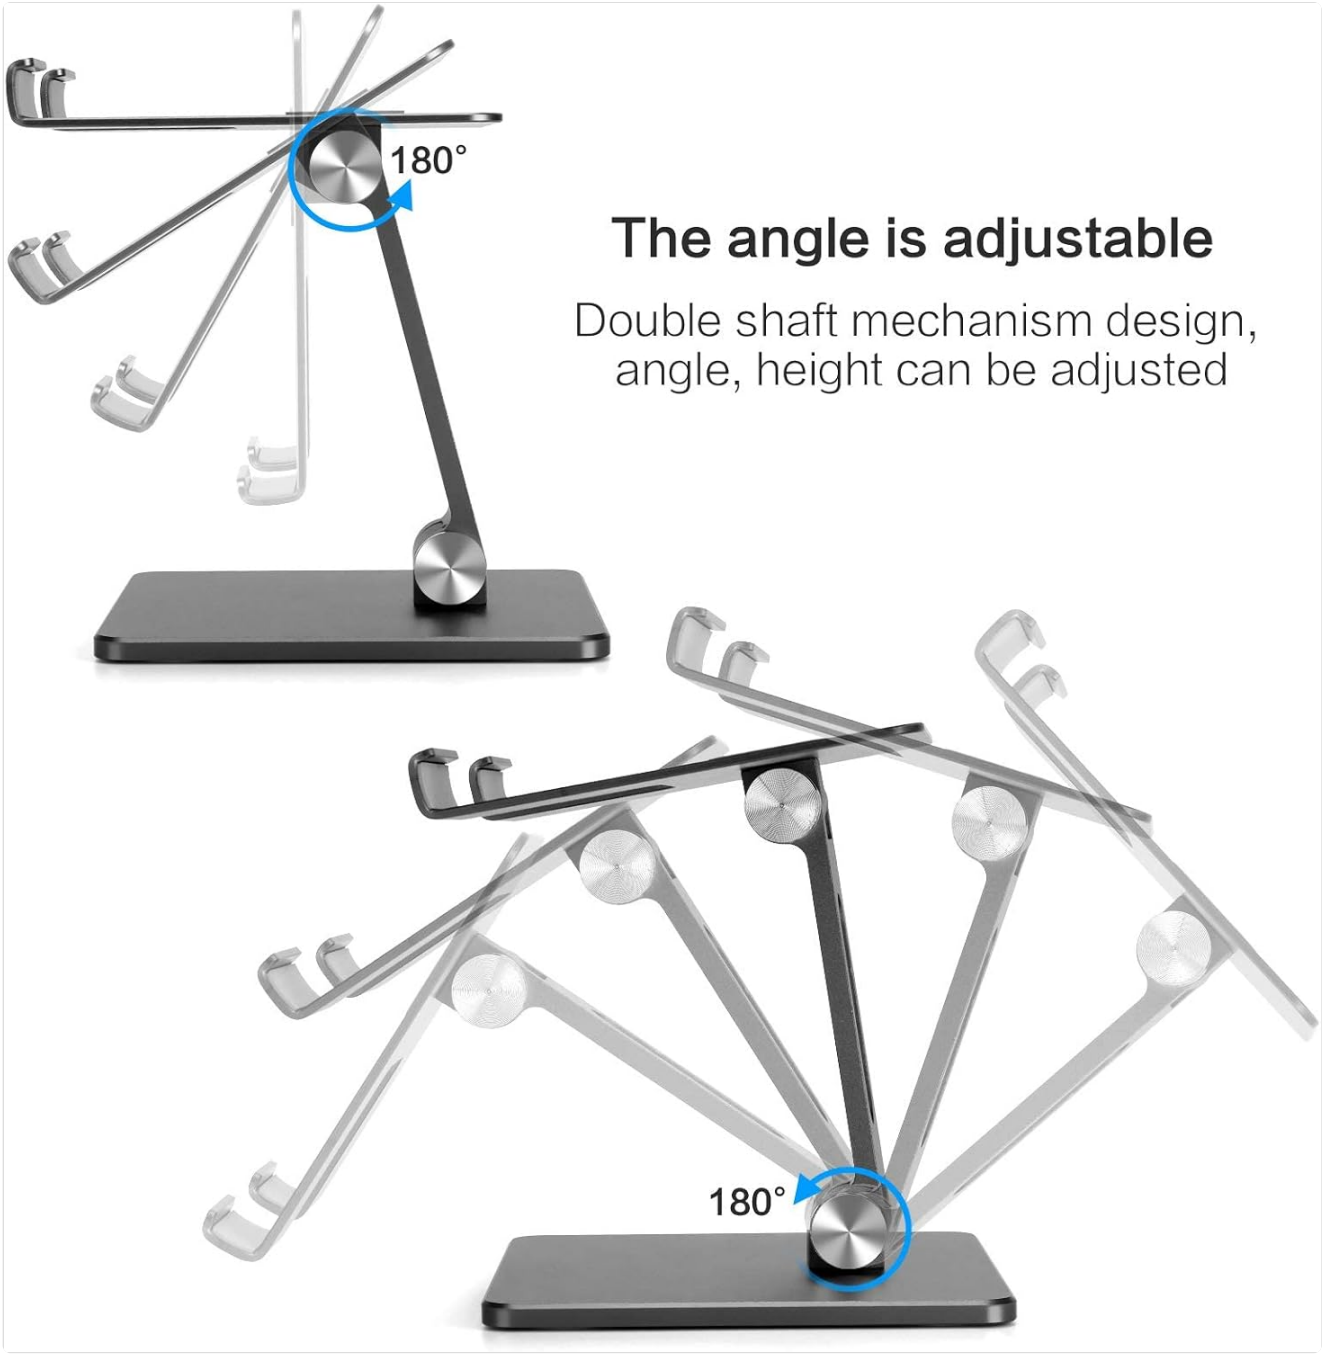

Figure 5: Illustrates the stand's ability to adjust through a full 180-degree range, providing maximum flexibility for different viewing needs.

4. **Ensuring Stability:** The stand features anti-slip pads on both the base and the device cradle to prevent slipping and protect your device from scratches. Ensure your device is seated firmly.

Figure 6: Detailed view of the anti-skid pads located on the stand's base and device contact points, designed to enhance stability and protect devices.

5. **Enjoying Your Device:** Once adjusted, the stand provides a stable platform for hands-free viewing, video calls, typing, or reading.

Maintenance and Care

To ensure the longevity and optimal performance of your Zienstar tablet stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth. Avoid using abrasive cleaners or solvents, as they may damage the aluminum finish or the anti-slip pads.
- **Storage:** When not in use, fold the stand into its compact form for easy storage. Store it in a dry place away from extreme temperatures.
- **Inspection:** Periodically check the hinges and joints for any looseness. While designed for durability, gentle handling during adjustments will prolong its lifespan.
- **Pad Care:** Ensure the anti-slip pads on the base and cradle remain clean and free of debris to maintain their grip.

Troubleshooting

If you encounter any issues with your Zienstar tablet stand, refer to the following common solutions:

- **Stand feels unstable:**
  - Ensure the stand is placed on a completely flat and stable surface.
  - Verify that all four anti-slip pads on the base are making full contact with the surface.
  - Check that your device is centered and securely placed in the cradle.
- **Difficulty adjusting angle/height:**
  - The hinges are designed to be firm to hold heavy devices. Apply steady, gentle pressure when adjusting.
  - Ensure no foreign objects are obstructing the hinge mechanism.
- **Device slipping from cradle:**
  - Ensure the anti-slip pads on the cradle are clean and free of dust or oils.
  - Verify your device's size is within the compatible range (4-15.6 inches).
