Auriol XXL Wall Clock Instruction Manual

Model: B08PZ8BTVF

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Auriol XXL Wall Clock. Designed for modern interiors, this self-adhesive wall clock allows for a customizable diameter between 90-120cm, offering a unique decorative element for any smooth surface. Please read all instructions carefully before proceeding with installation and use.

2. SAFETY INSTRUCTIONS

- Read all instructions carefully before installation and retain for future reference.
- Keep small parts, such as numbers and hands, away from children to prevent choking hazards.
- Ensure the installation surface is clean, dry, and smooth to ensure proper adhesion of the stickers.
- Do not attempt to modify the clock mechanism or any components.
- Dispose of used batteries responsibly according to local regulations.
- Avoid placing the clock in direct sunlight or near heat sources, as this may affect the adhesive or clock mechanism.

3. PACKAGE CONTENTS

Please verify that all the following components are included in your package:

- 1x Clock mechanism (precise and quiet quartz movement)
- 1x Hour hand
- 1x Minute hand
- Self-adhesive numbers and markers (e.g., 12, 3, 6, 9 and dots)
- 1x Stencil for placement
- 1x Fixing hook for clock mechanism
- 1x AA alkaline battery (may be included, please check package contents)

Image 1: All components included in the Auriol XXL Wall Clock kit. This includes the central clock mechanism, the hour and minute hands, various self-adhesive numbers and dot markers, a paper stencil for accurate placement, and a small fixing hook.

4. SETUP AND INSTALLATION

Follow these steps to correctly install your Auriol XXL Wall Clock:

1. **Choose Your Location:** Select a suitable, smooth, clean, and dry wall surface for installation. Ensure it is free from dust, grease, or moisture.
2. **Determine Diameter:** Decide on your desired clock diameter, which can be individually selected between 90cm and 120cm.
3. **Mark Placement:** Use the provided stencil to mark the exact center point on your wall where the clock mechanism will be placed. Then, use the stencil to accurately mark the positions for the numbers and markers around the center point, ensuring even spacing for your chosen diameter.
4. **Apply Numbers and Markers:** Carefully peel the protective film from the back of each self-adhesive number and marker. Align them precisely with your stencil marks and firmly press them onto the wall. Ensure good contact to prevent them from falling off.
5. **Install Battery:** Open the battery compartment on the back of the clock mechanism. Insert one AA alkaline battery, ensuring correct polarity (+ and -).
6. **Mount Clock Mechanism:** Mount the clock mechanism onto the wall using the provided fixing hook. Ensure the mechanism is level and securely attached.
7. **Attach Hands:** Gently press the hour hand onto the central shaft of the clock mechanism, followed by the minute hand. Ensure they are parallel to each other and do not touch or rub against each other or the numbers/markers.

Image 2: The Auriol XXL Wall Clock beautifully installed on a wall, demonstrating its customizable size and modern aesthetic within a home environment.

Image 3: A detailed view of the assembled Auriol XXL Wall Clock, highlighting the reflective silver finish of the numbers, markers, and hands, and the central clock mechanism.

5. OPERATING INSTRUCTIONS

Once assembled and the battery is correctly inserted, the clock will begin to operate. The precise and quiet quartz movement ensures accurate timekeeping.

- **Setting the Time:** To set the correct time, locate the small adjustment dial on the back of the clock mechanism. Gently rotate this dial clockwise until the hour and minute hands display the desired time.
- **Important:** Avoid moving the clock hands directly by hand, as this can damage the internal mechanism and affect accuracy. Always use the adjustment dial on the back.

6. MAINTENANCE

Proper maintenance will ensure the longevity and accurate performance of your Auriol XXL Wall Clock.

- **Cleaning:** Clean the clock mechanism, hands, and numbers/markers with a soft, dry, lint-free cloth. Do not use abrasive cleaners, solvents, or chemical sprays, as these can damage the finish or mechanism.
- **Battery Replacement:** Replace the AA alkaline battery annually or when the clock starts losing time or stops functioning. Always use a fresh, high-quality alkaline battery.
- **Disposal:** Dispose of used batteries and any packaging materials according to local environmental regulations.

7. TROUBLESHOOTING

If you encounter any issues with your Auriol XXL Wall Clock, please refer to the following common problems and solutions:

- **Clock is not moving or losing time:**
 - Check if the battery is inserted correctly with the correct polarity (+/-).
 - Replace the battery with a new AA alkaline battery.
 - Ensure the hour and minute hands are not touching each other or rubbing against the numbers/markers. Gently adjust them if necessary, using the adjustment dial on the back of the mechanism.
- **Numbers or markers are falling off the wall:**
 - Ensure the wall surface was thoroughly cleaned and dried before application. Dust, grease, or moisture can prevent proper adhesion.
 - If the adhesive has lost its stickiness, you may need to use a stronger, suitable adhesive (not included) to re-attach the components.

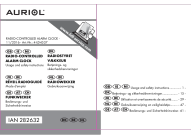

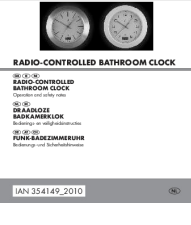

8. SPECIFICATIONS

Brand	Auriol
Model	B08PZ8BTVF
Display Type	Analogue
Power Source	Battery Powered (1x AA, not included)
Shape	Round (when assembled)
Mounting Type	Wall Mount
Operation Mode	Electrical (Quartz movement)
Adjustable Diameter	90-120cm
Movement	Precise and quiet quartz movement

9. WARRANTY AND SUPPORT

Warranty information for this product is not explicitly specified in the provided product details. For specific warranty terms, conditions, or technical support, please refer to the documentation included with your purchase or contact your retailer directly. You may also reach out to the manufacturer, Auriol, for further assistance.
