Zilan ZLN8945

Zilan ZLN8945 Water Filter Vacuum Cleaner Instruction Manual

Model: ZLN8945

Introduction

Thank you for choosing the Zilan ZLN8945 Water Filter Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your appliance. Please read it thoroughly before first use and keep it for future reference.

Safety Instructions

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, or injury.

- Ensure the power supply voltage matches the rating label on the vacuum cleaner.
- Do not use the vacuum cleaner if the power cord or plug is damaged.
- Keep the appliance away from water and do not immerse it in liquids.
- Do not vacuum flammable or combustible materials, hot ashes, or sharp objects.
- Supervise children and individuals with reduced physical, sensory, or mental capabilities when near the appliance.
- Unplug the vacuum cleaner from the power outlet before cleaning or performing maintenance.
- Use only manufacturer-recommended attachments and accessories.

Product Components

Familiarize yourself with the main parts of your Zilan ZLN8945 vacuum cleaner.

Figure 1: Exploded view of the Zilan ZLN8945 components. This image illustrates the main parts: the motor unit, the 8-liter water tank, the water filter system, and various cleaning attachments. It highlights the 2000W max power and the easy-to-clean water filter.

- **Motor Unit:** Contains the motor and speed control.
- **Water Tank:** 8-liter capacity for dirty water.
- **Water Filter System:** Umbrella-shaped filter for dust.
- **Flexible Hose:** Connects to the main unit and extension tubes.
- **Telescopic Plastic Tubes:** Two adjustable tubes for extended reach.
- **Floor Brush:** With 2 small wheels, suitable for carpets and hard floors.
- **Crevice Tool:** For narrow spaces.
- **Upholstery Nozzle:** For furniture and fabrics.
- **360° Swivel Wheels:** For easy maneuverability.

Figure 2: Included accessories and water tank. This image displays the standard floor brush, a crevice tool, and an upholstery nozzle. It also shows the transparent water tank being emptied, demonstrating the ease of cleaning.

Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Assemble Water Tank:** Ensure the water filter system is correctly placed inside the 8-liter water tank.
3. **Fill Water Tank:** Fill the water tank with clean water up to the indicated maximum level*Do not overfill.*
4. **Attach Water Tank:** Securely attach the filled water tank to the main motor unit.
5. **Connect Hose:** Insert the flexible hose into the suction inlet on the main unit until it clicks into place.
6. **Assemble Extension Tubes:** Connect the two telescopic plastic tubes together, then attach them to the handle end of the flexible hose.
7. **Attach Cleaning Tool:** Select the appropriate cleaning tool (e.g., floor brush) and attach it to the end of the telescopic tubes.
8. **Power Connection:** Extend the power cord and plug it into a suitable electrical outlet.

Figure 3: Assembled Zilan ZLN8945 vacuum cleaner. This image shows the vacuum cleaner fully assembled with the hose, telescopic tubes, and floor brush attached, ready for operation. The transparent water tank is visible, indicating the water filtration system.

Operating Instructions

General Operation

1. **Power On:** Press the power switch located on the main unit to turn on the vacuum cleaner.
2. **Adjust Suction Power:** Use the speed control dial on the body of the unit to adjust the suction power as needed for

different surfaces.

3. **Vacuuming:** Move the cleaning tool slowly and steadily over the surface to be cleaned.
4. **Power Off:** After use, press the power switch to turn off the vacuum cleaner and unplug it from the outlet.

Wet and Dry Cleaning

The ZLN8945 supports both wet and dry cleaning methods. Ensure the water tank is properly filled for optimal dust filtration during dry vacuuming. For wet spills, ensure the water tank is not overfilled to prevent water from exiting through the air outlet.

Air Purification / Air Blowing Options

This vacuum cleaner also offers air purification and air blowing functions. Refer to the specific instructions in the full manual for how to engage these modes. Typically, this involves connecting the hose to a different port on the unit.

Figure 4: Vacuum cleaner in operation. This image shows the Zilan ZLN8945 being used to clean a carpet, demonstrating its application in a typical home environment.

Maintenance

Regular maintenance ensures optimal performance and extends the lifespan of your vacuum cleaner. Always unplug the appliance before cleaning.

1. **Empty and Clean Water Tank:** After each use, carefully detach the water tank, empty the dirty water, and rinse it thoroughly with clean water.
2. **Clean Water Filter:** Remove the umbrella-shaped water filter and rinse it under running water. Allow it to dry completely before reassembling.
3. **Clean Accessories:** Wipe down the hose, tubes, and cleaning tools with a damp cloth.
4. **Exterior Cleaning:** Wipe the exterior of the main unit with a soft, damp cloth. Do not use abrasive cleaners or

solvents.

5. **Storage:** Store the vacuum cleaner in a dry place, away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter issues with your vacuum cleaner, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Vacuum cleaner does not turn on.	Not plugged in; power outlet fault; power switch off.	Check power cord connection; test outlet with another appliance; ensure power switch is pressed.
Low suction power.	Water tank overfilled or underfilled; clogged filter; blocked hose/attachments.	Adjust water level in tank; clean water filter; check hose and attachments for blockages.
Water leaking from air outlet.	Water tank overfilled.	Reduce water level in the tank to the recommended maximum.
Unusual noise during operation.	Foreign object in hose/brush; motor issue.	Check for and remove any obstructions; if noise persists, contact customer support.

If the problem persists after attempting these solutions, please contact Zilan customer support.

Specifications

Brand	Zilan
Model Number	ZLN8945
Color	Grey
Dimensions (L x W x H)	54 x 37 x 34 cm
