Frida Baby 107

Frida Baby 3-in-1 Baby Air Purifier Instruction Manual

MODEL: 107

Introduction

The Frida Baby 3-in-1 Air Purifier is designed to create a clean and calming environment for your little one. This versatile device combines an air purifier with a HEPA filter, a sound machine, and a nightlight, offering multiple functionalities to support better sleep and cleaner air. Its intuitive design ensures ease of use and maintenance.

Features

- **3-in-1 Functionality:** Combines an air purifier, sound machine, and nightlight in one compact unit.
- **HEPA Filter:** Effectively removes smoke, odors, dust, pollen, pet dander, mold spores, and bacteria from the air.
- **Adjustable Fan Speeds:** Features three fan speeds for customized air purification.
- **Sleepy Sounds:** Offers two white noise options to help soothe and promote sleep.
- **Color Nightlight:** Provides four nightlight color options to create a calming ambiance.
- **Auto-Off Timer:** Includes a timer function for 2, 4, or 8 hours of operation.
- **Easy-Change Filter:** Designed for simple and quick filter replacement, with filters lasting approximately 90 days.

Setup

1. **Unpack:** Carefully remove the air purifier from its packaging.

2. **Placement:** Place the unit on a flat, stable surface in the desired room. Ensure adequate space around the unit for optimal airflow.
3. **Filter Installation:** The HEPA filter comes pre-installed. To check or replace, twist the base of the unit counter-clockwise to unlock and remove the bottom cover. Ensure the filter is securely in place before reattaching the cover by twisting clockwise until it clicks.
4. **Power Connection:** Plug the power cord into a standard electrical outlet.

Power & Timer

- Press the **Power Button** (circle with vertical line) in the center to turn the unit On or Off.
- While the unit is On, press the **Power Button** repeatedly to cycle through timer settings: 2 hours, 4 hours, 8 hours, or continuous operation. Indicator lights above the power button will show the selected timer duration.

Air Purifier (Fan Speeds)

- Press the **Fan Speed Button** (swirl icon) on the left to cycle through three fan speeds: Low, Medium, and High. Corresponding indicator lights will illuminate to show the current speed.

Sound Machine

- Press the **Sound Button** (three sound waves) to toggle between the two white noise options: a crashing waves sound and a constant white noise sound.
- Use the **Volume Buttons** (+ and -) to adjust the sound level to your preference.

Soothing sounds take baby from A to ZZZs

2 white noise options

Maintenance

Regular maintenance ensures optimal performance of your Frida Baby Air Purifier.

- **Filter Replacement:** The HEPA filter should be replaced approximately every 90 days, or sooner depending on usage and air quality. Refer to the 'Setup' section for instructions on accessing and replacing the filter.
- **Cleaning:** Wipe the exterior of the unit with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.

Troubleshooting

- **Unit Not Turning On:** Ensure the power cord is securely plugged into both the unit and a working electrical outlet.
- **Poor Air Purification:** Check if the HEPA filter needs replacement. A clogged filter can reduce efficiency.
- **Unusual Noise:** Ensure the unit is placed on a stable, flat surface. Check for any obstructions around the fan or filter area.

Specifications

Specification	Detail
Brand	Frida Baby
Model Number	107
UPC	810028770584
Color	White
Product Dimensions	7.25"D x 5"W x 7.25"H
Item Weight	1 pounds
Floor Area Coverage	50.0 sq ft
Controller Type	Touch Control
